EMPLOYER SCHEDULE – Engineering Internship

Hiring an Engineering Internship Student for September 2024 (12 month term)

The University of Regina's Engineering Internship Program allows employers to hire students on a **direct offer basis**. Please take note of the dates below so you do not miss out on getting an Intern!

Advertising Positions

Employers can begin posting Internship opportunities any time after **April 1, 2024**. Employers can now set up their own postings in our new Career Connect database or you can send your job posting to coop.office@uregina.ca and we will set up your position(s) for you. We are happy to collect resumes and send them to you, or we can direct students to apply through your website.

Interviewing Candidates

Employers can begin interviewing students anytime after your posting has closed at your discretion. The Co-op Office prefers to set up interviews for you; however, we understand that it may be your preference to set up your own interviews. We're okay with you setting up interviews, as long as you keep us informed.

Once offered a position, students will have 24 hours to make their decision.

Available Students:

The University of Regina Engineering Internship program has students from the following disciplines:

- Electronic Systems Engineering
- Environmental Systems Engineering
- Industrial Systems Engineering
- Petroleum/Energy Systems Engineering
- Software Systems Engineering
