

Space Allocation Committee

Meeting Minutes

June 21 - 2010

In Attendance:

Dave Button – Vice President – Administration
David Gauthier – Vice President - Research
Lynn Wells – Acting Vice President - Academic
Nelson Wagner - Associate Vice-President (Facilities Management)
Neil Paskewitz – Director – Planning, Design & Construction

Meeting Agenda:

- A. Facilities Update
- B. Review updates/requests received from University Leadership Team

Notes:

- New/updated items are highlighted in **bold**.
- To view an Annex referenced in earlier updates, refer to the Space Allocation Committee Meeting Minutes provided for that date.

A. Facilities Update

1. High Level Overview of Space Allocation:

- 1.1 Proposed (quarterly) presentation to ULT, and possibly faculty administrators to allow direct feedback and updates 1 month following SAC meeting to plan for next quarterly meeting.
- 1.2 First meeting to brief ULT on Operations Forecast and current space planning activities.
- 1.3 SAC Response: These items on hold pending decision from UET on management of administrative items in ULT.

June 21, 2010 - This item closed until this discussion resumes.

2. Campus Master Plan:

2.1 Public consultations, stakeholder meetings are complete. Vision and Principles have been established for Campus Master Plan. Working Committee is presently finalizing concept plan development and confirming opportunities and constraints based on utilities and transportation infrastructure. Preferred scenario to be presented to Advisory Committee on July 14th, UET on July 6th, and the Board of Governors, Finance and Facilities on July 19th. Draft plan to be presented at Advisory Committee on August 31, and UET at the September 21 meeting. Final plan to be presented to Board of Governors December 7th.

3. College Avenue Campus Redevelopment Strategy:

3.1 Draft Redevelopment plan to be presented to UET June 24th. Board Package with options and recommendation to be prepared by July 7, for presentation at the July 19 Finance and Facilities Board. Sponsor has been changed to Dave Button. Project Manager has been changed to Neil Paskewitz.

4. Planning, Design & Construction Organization Update

4.1 Reorganization is complete.

4.2 Alex Buehler reclassified to Manager – Planning and Design. All space requests to be routed to Alex.

4.3 The Campus Planner position (vacated by Ray Gosselin in December 2009) has been filled by Darcy Strinholm (formerly of SEPW Architects). Mike Baril has been promoted from Senior Draftsperson to Campus Planner. Lisa Gerspacher has been promoted from Draftsperson to Architectural Designer. A second Architectural Designer position has been created (budget balanced through deletion of the Manager, Mechanical and Electrical Design/Projects) and has been filled by Wayne Nahnybida (formerly of Stantec Architecture). Melody Aspinall has been promoted from Draftsperson to Senior Draftsperson. Her former position will not be back-filled. Overall re-org has resulted in net reduction of one head-count within PDC Department.

June 21, 2010 – This item closed.

5. Fitup of RIC Second Floor Space

5.1 September 17, 2009 update: Development of this space on hold.

January 18, 2010 Update: Gary Boire has requested discussion of allocation/use of this space. – This item parked until next meeting.

June 21, 2010 – To provide temporary use of this area, and to accommodate class scheduling during the renovation of the Education Auditorium, this will be fit-up into two classrooms of capacity 48 and 52 seats. Fit-up to be complete September, 2010. This item to be closed.

6. PC Labs – Space Opportunity

6.1 September 17, 2009 Update: Low utilization of PC Labs has been reported and there seems to be consensus that the amount of this space can be reduced and re-allocated. It is evident that this type of space is in less demand due to prevalence of laptops. FM is proposing that the following rooms be made available for other space requirements:

6.1.1 ED440.1 (880 SF)

6.1.2 ED541 (1021 SF)

6.2 Review of utilization of remaining labs to be performed by FM in Fall Term.

September 17, 2009 SAC Response: Conversion of ED440.1 and ED541 approved.

January 18, 2010 Update: Space has been allocated and renovations are in planning and design phase. This item to be closed.

June 21, 2010 update – Note that ED440.1 has been changed to ED440. This item to be closed.

7. Data Centre Options

7.1 September 17, 2009 Update: Related to Knowledge Infrastructure Program, locations are being reviewed for location of the new Data Centre. Short list of options:

7.1.1 Classroom 5th Floor – will need to relocate Science storage.

7.1.2 Language Institute Basement

January 18, 2010 Update: Classroom 5th Floor selected as location for Data Centre. FM working with Science on consolidation and relocation of stored material. There is an area in the crawlspace in Language Institute which was previously used by Café de Lys for storage. Food Services has cleared this area and it will be looked at as an option for Science storage.

June 21, 2010 – Final location of Data Centre is Classroom 5th Floor. Alternate storage solutions are in place for Science. This item to be closed.

8. Space Leased at Innovation Place, Saskatoon

8.1 September 17, 2009 update: There is 1,529 square feet of space available adjacent to our present leased space (occupied by Social Work) in Innovation Place, Saskatoon. There are two possible needs identified for this space; expansion of Social Work, or development of space to accommodate URSIAST Faculty of Nursing.

8.2 FM has requested from Innovation Place that this space be added to our lease agreement (or a new one drafted). FM is awaiting confirmation.

January 18, 2010 Update: U of R has first right of refusal for this space. Lease agreement and allocation to follow.

June 21, 2010 – The lease for this space is now in place. The recommendation is that this space be allocated to Faculty of Social Work.

June 21, 2010 – SAC has reviewed and approved this recommendation. This allocation is in recognition of the growing enrolments for SW in Saskatoon.

Keeping in mind that this space in Saskatoon is the U of R's only space there, if a temporary need arises and we can build into the plan an office or two 'spare', SAC hopes

that this will meet short term needs as they arise. For example, if Nursing has a need for an office until their solution is available, we can hopefully handle that.

This item closed.

B. Updates from ULT

Academic:

1. Arts

1.1 **Thomas Hadjistavropoulos – October 29, 2009 - Requesting space for motion lab – current space in Classroom does not fit testing equipment.**

June 21, 2010 – no solution in place at this time.

1.2 **Heather Hadjistavropoulos – Space Request January 14 – 2010.**

June 21, 2010 – Space for this request has not been identified. Heather has commenced fund raising for development of Psychology Teaching Lab.

June 21, 2010 – Space Allocation Committee has stated that fund-raising activities must be placed on hold until space has been allocated for this purpose. This is similar to the process for CFI grants, where space must be committed by the University prior to proceeding with an application.

2. Business Administration

3. Centre for Continuing Education

3.1 English as a Second Language

3.1.1 Office requirements:

Virtually no consolidation of faculty - Instructors are spread over campus at Campion, old PAC, LI, Ad-Hum, and College Avenue Campus.

Offices are crowded.

Offices are in poor condition.

3.1.2 Classroom Requirements:

Currently have 9 classrooms in LI that are heavily used.

Booking of additional classrooms is difficult.

Presently using College Building – difficulties with handicapped access, food services, transportation.

March 24, 2009 SAC Response: Request for consolidation and expansion of space to accommodate growing ESL program is acknowledged. There is not a solution at this time for consolidation of the faculty offices. Solutions to the classroom booking issues to be explored. These will include:

- Optimizing use of space through Capacity Management project
- Exploring alternate off-campus opportunities for teaching space

June 11, 2009 Update:

- 6 additional classrooms on main campus would suit present needs.

- Presently have \$100k budgeted for PC/Language Lab. Ideal location for this and existing Language Lab will be main campus.

September 17, 2009 Update: Proposing that former PC Lab ED440.1 (See 5.0) be allocated to ESL for use as a Language Lab.

September 17, 2009 SAC Response: Allocation of ED440.1 to ESL approved.

January 18, 2010 Update: Planning work is in progress with ESL. The above items will be closed with new recommendations brought forward at future SAC meeting.

June 21, 2010 – Note that the above allocation is ED440 instead of ED440.1. Note that DLD/CAT consolidation may also help ESL. This item to be closed.

4. Centre for Teaching and Learning

- 4.1 Requesting consolidated space – expanded presence in storefront location such as existing College West location.

March 24, 2009 SAC Response: Request is acknowledged. There is not a solution at this time for consolidation of the faculty offices.

June 11, 2009 Update: No new development on this request.

September 17, 2009 Update: Status quo for now. Merge of CAT and DLD is a consideration in long term planning. This item parked.

June 21, 2010 – There is a current project exploring the consolidation of CAT and DLD (currently on College Ave Campus). Space implications not known. This item to be closed and will be re-submitted based on outcome of consolidation study.

5. Education

6. Engineering

6.1 Request for NSERC UAV Project

- 6.1.1 Request from Raman Paranjape – January 13, 2010. Requires unfinished space for testing of small quad-rotor helicopters. Possibilities: CAC, tunnels below Library?

June 21, 2010 – Engineering has accommodated this request using their own space on RIC 4th floor. Item closed.

- 6.2 Yassar Morgan – Request for approximately 30 x 30 foot space to accommodate the Project: Dimensional Sub-centimeter positioning - short range wireless to accurately locate vehicles to improve safety, save fuel, etc. He will use a roller coaster with mini-vehicle running at high speeds. Possibilities: CAC, TDF.

June 21, 2010 – The space recommended for this purpose is temporary occupancy of the College Building tower CB501. Note that this is a temporary allocation, with the duration of occupancy determined by the redevelopment process for the College Building. Based on this space allocation, the CFI funding application has been submitted. CFI funding has been approved. Matching funds from Province to be confirmed.

6.3 June 21, 2010 – Engineering Labs on 3rd Floor of Education Building will be vacated and this space is presently unallocated. Labs would be suitable for redevelopment into offices or classrooms. Funding is presently not available for decommissioning of the existing labs and renovation of this space.

- 7. Fine Arts
- 8. Institut francais
- 9. Johnson-Shoyama Graduate School of Public Policy
 - 9.1 Faculty split between Main and College Avenue Campus
 - 9.2 Faculty is in the process of hiring 2 new faculty members.

March 24, 2009 SAC Response: Request for consolidation and expansion of space to accommodate additional staff is acknowledged. There is not a solution at this time for consolidation of the faculty offices.

June 11, 2009 Update: No new development on this request.

September 17, 2009 Update: FM is pursuing options for lease of space downtown for use by JSGSPP and possibly others. This will be short to medium term solution. Further information on Downtown Campus options provided in Annex C.

January 18, 2010 Update: At a Faculty Council meeting on November 25, 2009, it was decided that the search for a downtown campus location be placed on hold. JSGSPP will create an internal Space Committee that will assess the requirements for facilities on the main campus and possibly at a future downtown location. This item closed.

June 21, 2010 – The internal JSGSPP space committee has determined that the preferred location of the entire faculty will be the College Avenue Campus (after accessibility upgrades have been completed). Space within Innovation Place 2R adjacent to the existing JSGSPP office has become available, and FM has commenced negotiation with IP for lease of this space for a 3-5 year period. This space will provide an ideal temporary location of JSGSPP operations up until completion of College Avenue Campus redevelopment. FM is recommending allocation of this additional leased space to JSGSPP.

June 21, 2010 – SAC has reviewed and approved this temporary allocation. FM to continue development of short term and permanent space plans with JSGSPP space committee.

10. Kinesiology & Health Studies

- 10.1 **June 21, 2010 – Proposed rehabilitation centre for individuals with spinal cord injuries.**
Request is for 1,500 SF of lab space plus an office. KH&S and their partner is proposing that the space be made available at no cost in return for opportunities for student learning and applications, research opportunities, use of specialized equipment and other partnerships. Space requested is CK210.
June 21, 2010 – Space Allocation Committee has requested further information on business plan prior to commitment of University space.

11. Library

12. Nursing

- 12.1 March 24, 2009 - Space Request - Temporary Allocation (duration 1 year): Katherine Bergman and staff to occupy AH429, 430.

September 17, 2009 update: AH426 was allocated to URSIAST Faculty of Nursing (secretarially July, 2009).

January 18, 2010 Update: It is expected that by July an office will be required for the Dean of Nursing. It is assumed that this need will be filled by the office currently used by Sheila Dresen. Additional office space will be required for Faculty for January 2011. Quantity to be confirmed.

June 21, 2010 Update - FM was asked by the Southern Saskatchewan Academic Health Sciences Network to provide a space analysis for programming requirements at the U of R campus, SIAST Wascana and SIAST Kelsey, and U of S medical program in Regina. Phase 1 macro assessment was completed May 28th and identified some gaps needing further study. Phase 2 micro assessment will be completed by June 25th for presentation on June 28, 2010. Joint submission by U of R, U of S, SIAST, and Regina Qu'Appelle Health Region possible for Fall submission for consideration in the 2011-12 budget process.

Regina: Immediate need for 2 offices at U of R for the dean will be accommodated in LB by Dean of Science. This is a temporary loan of space and does not address the long term requirements.

Saskatoon: The allocation of the Saskatoon IP space (see Section A.8.2, page 3) to Social Work means that the Faculty of Nursing requirements in Saskatoon will have to be met in a different fashion. FM will continue to work with the Nursing Faculty to find the space needed in Saskatoon. SIAST is now the most likely long term home for our Nursing Faculty in Saskatoon. SIAST cannot meet this need in the short and long term without additional infrastructure being built and a project funded. Our Facility Planning Study will include this gap and challenge. If we need to lease space in the short term, there is funding requested in our operations forecast requesting lease and fit up costs.

13. Science

- 13.1 June 11, 2009 Space Request - For RIC 5th floor space for Peter Leavitt – EQAL2 Lab – require 4,370 SF. CFI funding for this project will be confirmed by June 22, 2009.

September 17, 2009 Update: CFI funding has been approved for this project. Space planning has been initiated with Leavitt, FM and P3 Architecture. Proposed space plan is included in:

Annex A: RIC Level 5 Preliminary Floor Plan – Option 1

Annex B: RIC Level 5 Preliminary Floor Plan – Option 2

Peter Leavitt to present at SAC meeting on proposed space development.

September 17, 2009 SAC Response: After Leavitt provided overview of EQAL2 planned activities and research, RIC 5th Floor Space was allocated to Science/EQAL2 as per Annex B: RIC Level 5 Preliminary Floor Plan – Option 2. Leavitt to work with Project Team to finalize design requirements. Leavitt to also prepare a business plan for the operation of EQAL2 Lab and in particular the additional space that will be created to add value and attract other researchers.

January 18, 2010 Update – Business Plan still pending.

June 21, 2010 – Business Plan still pending.

13.2 Science Storage Space

August 7, 2009 Space Request: Storage required for Faculty of Science to accommodate:

Boat motors and related gas containers

Research samples

September 17, 2009 update: FM working with Science on solution that includes outdoor storage compound, CK Parkade compound, and storage space assigned to Science in RIC basement level.

December 18, 2010 Update: Planning in progress.

June 21, 2010 – Storage space located in basement of College Building, and in the outdoor storage compound. This item closed.

14. Social Work

14.1 June 4, 2010 – Additional space has been leased on Saskatoon, and the Space Allocation Committee has approved the allocation of this space to Social Work (see Section A.8.2, page 3).

15. Student Affairs

16. UR International

16.1 January 7, 2010 Request from Sarah Goddard for single office for APT7 that will report to Livia Castellanos.

June 21, 2010 – no solution.

Administration:

17. Facilities Management

- 17.1 June 21, 2010 –** It has been discovered that the duct work buried below the floor in the basement of College West has become contaminated resulting in the immediate shutdown of airflow that supplies heating to the upper floors in this building. The repair will require new duct work installed above floor level. The ductwork will run directly through the Geomodelling and GIS Research Lab (019.4). The Research Lab will be relocated to existing Science space within the Lab Building. The repair project will cover costs required to create a similar work environment in its new location. This item closed.
- 17.2 June 21, 2010:** The Regina Police Service Liaison Officer requires an office to facilitate private interviews and direct access to the campus community. At the same time, a close linkage with the Campus Security staff must be maintained. A cubicle within the Security Office will not be acceptable due to the requirement for private meetings. Fm has investigated the construction of a private office within the Campus Security office, but the available space is not sufficient. FM is exploring possibilities for office space and will provide a recommendation to the Space Allocation Committee.
- July 5, 2010 Update:** FM is recommending that RI211 (vacated by HR) be allocated to FM for occupancy by the Police Liaison Officer.
- July 7, 2010 Update:** Space Allocation Committee has approved this recommendation. This item will be closed.

18. Finance

19. Human Resources

- 19.1 June 21, 2010 –** HR has requested consolidated file storage on campus. Sample Survey (CK) material in AH121.2 was discarded. We are recommending permanent allocation of this space to HR for storage.
- July 7, 2010 Update:** Space Allocation Committee has approved this recommendation. This item will be closed.
- 19.2 June 21, 2010 –** HR has requested that the Chemical Radiation Safety Consultant and the Research Safety Coordinator be relocated from the RIC Building to the AdHum Building.
- July 5, 2010 Update:** FM is recommending that offices AH426 and AH429 that will be vacated by Nursing in August, 2010 be allocated to HR. The result will be that two offices in RIC; RI211 and RI212 will be vacant.
- July 7, 2010 Update:** Space Allocation Committee has approved this recommendation. This item will be closed.

20. Information Services

June 4, 2010 – Facilities Management has been informed that there may be additional funding available through the KIP program. A project that is on the original set of projects submitted has been re-submitted – the project is the addition of new Fibre Optic cable to the College Avenue

Campus. Note that the original KIP submission included servicing the TDF site with new Fibre Optics. This portion has been deleted for the June, 2010 funding request. Confirmation of the funding will be received in late July of this year.

- 21. Resource Planning
- 22. Enterprise Risk Management

Research:

- 23. Graduate Studies and Research
- 24. Office of Energy and Environment
- 25. Research Services
- 26. University/Industry Liaison
- 27. Canadian Plains Research Centre
- 28. Centre canadien de recherche sur les francophonies en milieu minoritaire
- 29. Centre for Studies on Energy and Environment
- 30. Centre for Sustainable Communities
- 31. Centre on Aging and Health
- 32. Humanities Research Institute
- 33. Indigenous Peoples Health Research Centre
- 34. Prairie Particle Physics Institute
- 35. Saskatchewan Population and Health Evaluation Research Unit

Other:

- 36. External Relations
- 37. Presidents Office
 - 37.1 President's Research Space – President Timmons is considering transferring her existing research office (Named the Community Based Research Unit) at UPEI to the U of R sometime within the next year (together with its funding). At UPEI, she currently has four people employed. Ideally, we would be interested in consolidating the people in those positions together with the two existing people here at U of R in some sort of shared or contiguous space for approximately 6 people.

June 21, 2010 Update - FM met with Vianne to review options for space in AdHum. Options presented included 4th floor offices (vacated by Nursing as per Section B .12.1, Page 7) and former CATAL space in LY 136.

July 5' 2010 Update: The move of Nursing offices to LB will vacate three office on AH 4th floor, AH426, 429, 430. FM is recommending that:

- **AH430 be allocated to Vianne Timmons for the Principle Researcher**
- **LY136 be allocated to Vianne Timmons for Grad Students.**

July 7, 2010 – Space Allocation Committee has approved this recommendation. AH430 and LY136 have been allocated to the “Community Based Research Unit” (Presidents Office). This item will be closed.

38. CUPE 2419

39. URFA

40. URSU

40.1 Due to costs associated with the fit-up of the space, and availability of an alternate location (former Travel Cuts), URSU may pass on the allocation of RI118. Centre would still ‘owe’ space to URSU based on previous agreement. A possible alternate use for this prime, store-front space (688 sq.ft.) is to revert to the master program for the RIC/LBA, and utilize this space for a 30 seat seminar room showcasing classroom technology, including a smart board and video conferencing. Space would be assigned to and managed by the Registrar’s Office. Space will be withheld from list of Available Space pending confirmation from URSU.

June 11, 2009 update:

- URSU not developing space but would prefer to retain the allocation of this space (quasi-ownership) and ‘lease’ space for 5-10 year term.
- Recommend developing this space as seminar room. Cost for fitup will be carried by base RIC project (\$100,000). Minimum 5 year term, review with URSU every 5 years.

September 17, 2009 update: Development of RI118 on hold.

January 18, 2010 update: Nelson Wagner has approached URSU to explore opportunity to trade RIC Main Floor RI118 (URSU allocation) for investment in Multi Purpose Room Renovation.

June 21, 2010 Update – Nelson sent an e-mail to URSU and met with them to see if they would consider releasing this space. No response to date.

40.2 URSU may lose tenant CATAL – presently leasing RC225 (364 sq.ft computer lab). Is there interest in leasing this from URSU to address computer lab requirements? Space will be withheld from list of Available Space pending confirmation from URSU.

June 11, 2009 update:

- Space will be retained by URSU for GBLUR.
- One office still available for lease: RC223 (158 sq. ft.)

September 17, 2009 SAC Response: Status of CATAL space lease in Adhum/LY to be investigated by FM.

January 18, 2010 Update: Information still required.

June 21, 2010 – CATAL has vacated LY136. This space is presently unallocated.

July 7, 2010 Update: LY136 has been allocated to the “Community Based Research Unit” (Presidents Office).

41. University Club

41.1 January 18, 2010 - The University Club plans to redevelop the front desk area and requests that the club expand into the corridor space. Space taken by the club will be approximately 300 SF. This area is currently used for storage. Request is recommended by FM.

41.2 **June 21, 2010 Update. Will be in construction this summer. This item closed.**

External Partners:

42.0 Campion College

42.1 September 3, 2009 Space Request: IMPACT Lab (Riegel, Robinson, Petty, Benedicenti) planning to submit a CFI application. Space requirement is approx. 400 SF. What is implication of space allocation for Campion CFI project?

September 17, 2009 SAC Response: Further work on this required. ORS to identify need, type and functional use of space and what the research relationship with and support from Campion will be.

January 18, 2010 Update: ORS has forwarded an overview of the IMPACT Lab – full report is included as Appendix B. The infrastructure proposed in this application will support two key components of research designed to understand the relationship of cognition to poetics and aesthetics, and to rapidly developing ubiquitous computing technology. The first component is to establish an advanced technology lab to facilitate data collection in our primary domains. The second is to strengthen links with the well-established \$28 million dollar CFI funded Visual Simulation lab (VSIM) at Carleton University in order to transfer high technology knowledge from VSIM to the University of Regina and to foster innovative collaborative interdisciplinary research between the two institutions.

The preferred location of the lab is on the main campus, however a location in a vacant portion of the College Avenue Campus could be considered as an interim solution and to enable submission of the CFI request by the February 15 deadline.

FM will continue to pursue suitable locations on the main campus.

June 21, 2010 Update: For the purpose of the CFI application, space was committed to this research project in the basement level of the College Avenue Campus. Ideal location remains on the main campus, and will be explored upon approval of funding.

42.2 Campion has also expressed interest in taking ownership of corridor office space. Presently there are no alternatives for the space shuffle that would enable this.

43. Innovation Place

44. National Research Council

- 44.1 June 11, 2009 Information Item: SAC has provided tentative approval of 30-50% of RIC 5th Floor space for development and lease to NRC. Partnership between U of R and Innovation Place is under development to finance construction costs via 5 – 10 year lease. KIP funding may fund the entire floor.

September 17, 2009 update: KIP funding has been approved for base development of the RIC 5th floor. SAC has again confirmed commitment to lease of space to NRC after approval of KIP.

NRC, with assistance of P3 Architecture, has developed plan for space development on 5th floor RIC. NRC space on 5th floor will include IRAP program. Two options for floor plan to be considered, with final configuration determined based on fitup and lease budgets.

Minimum space 5,328 square feet. Maximum space 5,766 square feet. See Annex A and B for floor plan options. Expected Occupancy Date: October, 2010.

September 17, 2009 space request: NRC occupancy of PTRC to be terminated March 2010. Recommend temporary allocation of three lab modules on RIC 4th floor for a duration of March 2010 – October, 2010.

September 17, 2009 SAC Response: Temporary allocation approved.

January 18, 2010 Update: Expected occupancy date of RIC 5th floor labs is December 1, 2010. Current plan remains that NRC will occupy RIC 4th floor labs between vacancy of PTRC209 and move to RIC 5th floor. Discussions are still in progress with Engineering on possible extension of NRC's occupancy of PT209 to December.

June 21, 2010 Update – NRC has vacated PT209 and space has been turned over to Engineering. NRC is temporarily occupying RIC439 until completion of RIC 5th floor. This item closed.

45.0 Canadian Police Research Centre

- 45.1 April 30, 2009 – Space Request: Four offices for occupancy until March 2010. – Possible location is front office in CK210.

- 45.2 As of March 2010, require office space for 10-15 people. Proposing shared space arrangement with NRC (RIC 5th Floor).

June 11, 2009 update-

- June 10, 2009 phone call to Steve Palmer; both of these requests are presently on hold. Confirmation of space request due by end of June 2009.

September 17, 2009 update: -

- No development for Police Research Centre on the RIC 5th floor is planned at this time. The unallocated space on the 5th floor consists mainly of wet labs and related support space, and is therefore not suited for Police Research Centre's needs.

- Police Research Centre exploring options with Innovation Place.
January 18, 2010 Update: This item parked pending confirmation of move plans from the Police Research Centre.

June 21, 2010 – Police Research Centre pursuing other options. Item closed.

46. First Nations University

47. U of S College of Nursing

- 47.1 June 11, 2009 Update/Information Item - Four offices have been leased to U of S College of Nursing. Previous SAC decision allocated two seats in CK210, with the remaining offices CK146.20, and CK164.21 being loaned from CK. This has been modified - rather than CK210 space, two offices have been borrowed from FGSR.

September 17, 2009 Update: A lease agreement has been signed which includes CK144, CK146, CK164.20, and CK164.21 for the period July 1, 2009 to June 30, 2010.

This item will be closed.

December 18, 2009 Update: On January 12, 2010, U of S requested extension of this lease by 1 year. Availability of this space (by CK and FGSR) has not yet been confirmed.

June 21, 2010 – UPDATE. U of S faculty will be vacating space leased from SIAST Wascana as early as 2012. They are exploring options including space at FNUniv as well as a stand-alone building to accommodate these faculty and their College of Medicine requirements in Regina. The outcome of the Facility Planning Study being done for the South Saskatchewan Academic Health Sciences Network will help guide and/or direct the solution.

Next Space Allocation Meeting: September 7, 2010, 3:00 p.m.
