### Lyn Roberta Goldman

Lyn Goldman was born and raised in Regina to parents who placed great value on education and community service. She has exemplified both values throughout her life. When Lyn was six, her mother Dorothy sent her and her older sister Barbara to elocution lessons and children's theater, where Lyn discovered that while on stage she was no longer a shy little girl but graceful and confident. That discovery has served her well ever since.

Lyn began studying for an Arts degree at Queen's University, but left for a secretarial job at a TV production company in Toronto, followed by a similar job at Columbia Pictures in Hollywood. Her love of travel called and she left for Europe, living on odd jobs for almost a year. She then returned to Regina, where she was a writer-producer at CKCK-TV. With five years experience on her resumé Lyn discovered that, in 1962, no one in Toronto would hire a female producer, so she spent time in Europe before coming home to serve as the performing arts officer for the Saskatchewan Centennial Corporation.

Lyn's first job with the University of Saskatchewan (Regina Campus) was as publicity and information director in 1968. Given the opportunity to take one course each semester, she became an adult student, eventually earning her BA Hons and master's degrees in English. While working toward her degrees she served in several capacities at the University of Regina, including coordinating a feasibility study for the School of Journalism and Communications, as well as serving as communications and programming officer for University Extension, Public Relations coordinator, and head of Certificate Programs. After formal retirement in 1989 Lyn taught introductory English night courses for several years.

Throughout her life Lyn has been involved with numerous local, provincial, and national professional and cultural organizations. She is the deserving recipient of many awards, including the Golden Jubilee Award (2002), YWCA Woman of the Year Award, and the Saskatchewan Centennial Medal (2005).

### PRESENTATION OF CANDIDATE FOR HONORARY DEGREE

Presented by Jennifer Tupper, PhD – Dean of Education

#### **Norman John (Jack) MacKenzie**

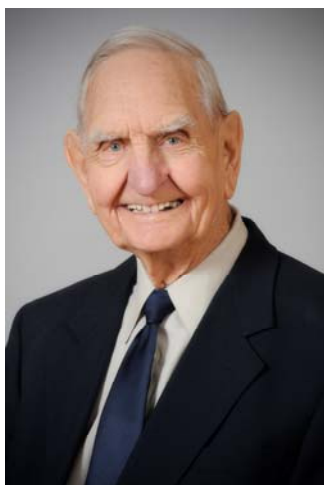

Growing up in the small community of Franklin, Manitoba, Jack MacKenzie recalls living outdoors all summer and skating on sloughs and ponds in winter. If those experiences had not already set the direction for his life and career, four summers as a university student conducting geodetic surveys in the Yukon, and another working as a counselor and guide at two summer camps in northern Ontario confirmed it. Jack has had a distinguished career in physical and outdoor education as a teacher, administrator, innovator and volunteer.

During his career Jack earned six university degrees and began his teaching career at Swan River, Manitoba. He was appointed physical education consultant for Regina Public Schools (RPS) in 1956. Over his 30-year career with RPS he introduced several innovations to the system's physical education curriculum, including outdoor education. Most notably, Jack co-founded Saskairie, an outdoor camp and environmental education centre located near Carlyle, at the edge of Moose Mountain Provincial Park.

Through canoe trips in northern Saskatchewan Jack encouraged children from southern Saskatchewan and Aboriginal children from the north to come together on outdoor expeditions. He also invited Elders and others from White Bear First Nation to come to Saskairie to share their skills and their stories with students.

Jack is a regular visitor to the Regina school named in his honour. A sculpture he commissioned, called *The Joy of Effort*, encourages students to get involved. A corresponding award recognizes the student who best exhibits the good feeling and satisfaction that comes from doing one's best. He also provided seed money for a Random Acts of Kindness Fund that provides opportunities to students at the school to initiate and implement projects to help needy individuals or groups, or environmental causes.

During his career Jack has provided leadership to a number of local, provincial and national organizations. He has received several awards for his work in advancing physical and outdoor education, and the Saskatchewan Order of Merit for his commitment to teaching and volunteer service.

## AWARDS AND SCHOLARSHIPS

---

---

### PLATFORM AWARDS

#### University Prize in Arts

A Campion College student, Erin Jane Donnelly began her studies in the Faculty of Arts in Fall 2009 upon graduation from Dr. Martin Leboldus High School. Her academic strength quickly emerged as she achieved Dean's Honours List status in her first semester of university and in nearly every semester to follow. Among the scholarships she has been awarded throughout her academic career are the Rev. Daniel Hannin, S.J. Memorial Scholarship, the Centennial Merit Plus Scholarship, several Academic Gold Scholarships, the Saskatchewan Innovation Undergraduate Scholarship, and the Academic Silver Prize.

Erin excelled in the Arts as well as in Mathematics, but soon chose to pursue the degree of Bachelor of Arts in Police Studies, with the goal of becoming a police officer. Her successful completion of the Saskatchewan Police College Recruit Training Program is a testament to her physical and mental fortitude. Through hard work and dedication, Erin has now earned herself a place as an officer in the Regina Police Service.

The faculty and staff of Campion College are very proud of Erin and wish her all the best as she goes forth to serve her community.

#### University Prize in Business Administration

The University Prize in Business Administration is awarded to the most distinguished graduate of the Faculty of Business Administration receiving a first degree at Fall Convocation.

The recipient for 2015 Fall Convocation is **Stacey James Edward Upson**. Stacey has distinguished himself as an excellent student and is graduating with Great Distinction and a program average of 86.95%. Today, Stacey is receiving a Bachelor of Business Administration (BBA) with a major in Management.

During his studies at the University of Regina, Stacey's name has appeared several times on the Faculty of Business Administration Dean's List and he has also received the Academic Silver Scholarship several times.

We wish Stacey every success in his future endeavours.

#### Saskatchewan Teachers' Federation Prize

At each University of Regina convocation ceremony, the Saskatchewan Teachers' Federation (STF) provides a prize to the most distinguished student of the graduating class in the Faculty of Education who does not hold another degree. The Faculty of Education is pleased to present the Saskatchewan Teachers' Federation Prize to **Dillon Ryan Lewchuk**, a distinguished graduate from the Faculty of Education.

Mr. Lewchuk is graduating with a Bachelor of Education in Arts Education with Distinction, majoring in Visual Arts and minoring in Drama. During his studies, Dillon was the recipient of Academic Silver Scholarships (Fall 2013 & Fall 2014) and the Dr. Les Groome Scholarship for Arts Education (Winter 2014). He was also on the Dean's Honours List for five semesters during the last three years of his program.

Mr. Lewchuk has been commended on his natural ability to mentor and build positive relationships with youth. He has

been characterized as an inspirational individual whose person-centered approach to individuals' well-being testifies to his dedication to the education of children.

The Faculty of Education is pleased to present the Saskatchewan Teachers' Federation Prize to Dillon and wishes him much success in his future endeavours.

#### Faculty of Engineering and Applied Science Dean's Medal

The Dean's Medal is presented each year at Fall Convocation to the most distinguished student who has been nominated by Faculty of Engineering and Applied Science for the President's Medal.

This year's recipient is **Mr. Hamad Salim Almarri**. Hamad comes to our University from Saudi Arabia. As an undergraduate student, he earned a place on the Dean's Honour list in his 5<sup>th</sup> semester of studies. Hamad is graduating from Software Systems Engineering with Distinction.

Throughout Hamad's academic career, he has shown genuine concern for the success of his classmates, always offering assistance when needed. He treats all with care and respect. He is a very ambitious and industrious student with a great talent and ability to mentor those around him. Hamad's accomplishments and personal achievements are exceptional, and are a credit to his family, his teachers, and his birthplace.

It is a great honour and pleasure to recognize Mr. Almarri for his academic success and achievements. The Faculty of Engineering and Applied Science is confident that he will continue to succeed in all his future endeavours.

#### University Prize in Engineering

The University Prize in Engineering is presented each year at Fall Convocation to the most distinguished student graduating with a first degree from the Faculty of Engineering and Applied Science.

This year's recipient is **Mr. Hamad Salim Almarri**. (Please see **Faculty of Engineering and Applied Science Dean's Medal** for more information on this award recipient).

#### Faculty of Fine Arts Dean's Medal

**Marika Margaret Yeo**, graduating today with a Bachelor of Fine Arts with Great Distinction majoring in Visual Arts (Ceramics), is the recipient of the Dean of Fine Arts Medal. The award is presented to a student graduating with a first degree who has demonstrated both leadership and academic achievement.

Marika began studies at Luther College at the University of Regina in the fall of 2010. She has won 12 scholarships, and was on the Dean's List five times.

Marika is a gifted artist with excellent leadership skills and an entrepreneurial side. Her art has made an impact on campus and in the wider arts community through her participation in exhibitions. In addition to exhibiting her own work, she co-curated *Rose Coloured Glass* at the MacKenzie Art Gallery under the supervision of Dr. Carmen Robertson. Recently, she has introduced her artistry to a new audience with a jewellery venture – *Marika & Sarah Ceramic and Stone Jewellery*.

Her leadership and engagement within the visual arts department are well-known. Visual Arts professor Holly Fay notes that during preparation for Visual Arts senior class exhibition at the MacKenzie Art Gallery, Marika was nominated and accepted as spokesperson for her committee

and received glowing assessments from each of her fellow committee members.

The role of spirituality and faith in her life is a key component in Marika's ability to overcome obstacles, reach her goals and engage with her various communities. She has been an active member of her faith community as a mentor to young people, and as a volunteer in less advantaged communities both here and abroad.

Marika's educational plans going forward include both a Master of Arts in Art Therapy and a Master of Fine Arts. We wish her all the best in the future.

#### **University Prize in Fine Arts**

The University Prize in Fine Arts is awarded to the most distinguished graduate of Fine Arts graduating with a first degree at fall convocation. **Marika Margaret Yeo**, graduating with a Bachelor of Fine Arts in Visual Arts (Ceramics), is this year's recipient. She earned her degree with an 86.47% cumulative great point average and the designation of Great Distinction. (For more information about Marika Yeo, please see the **Dean of Fine Arts Medal**.)

#### **Faculty of Kinesiology and Health Studies Dean's Medal**

The Faculty of Kinesiology and Health Studies Dean's Medal is awarded each year to the student nominated by the Faculty of Kinesiology and Health Studies for the President's Medal. **Sara Lynn Illerbrun** is the recipient of the Faculty of Kinesiology and Health Studies Dean's Medal. Ms Illerbrun's program of study was the Bachelor of Kinesiology, majoring in Human Kinetics. Her graduating and cumulative average is an outstanding 94.02%. (See the **President's Medal** for more information about Sara's accomplishments)

#### **University Prize in Kinesiology and Health Studies**

The University Prize in Kinesiology and Health Studies is awarded to the most distinguished graduate of the Faculty of Kinesiology and Health Studies who is receiving a first degree at Fall Convocation.

The Faculty of Kinesiology and Health Studies is proud to present **Sara Lynn Illerbrun**, a gracious, conscientious, and considerate graduate, with the University Prize in Kinesiology and Health Studies. We are tremendously proud of Sara's academic accomplishments and are confident that she will reflect well upon the University of Regina and our Faculty, wherever her degree may lead in her professional life. We extend sincere congratulations to this dedicated scholar and professional, and wish Sara tremendous success in all her future endeavours. (See the **President's Medal** for more information about Sara's accomplishments)

#### **Saskatchewan Registered Nurses' Association Gold Medal For Excellence in Clinical Practice**

The Saskatchewan Registered Nurses' Association Gold Medal for Excellence in Clinical Practice is awarded at each convocation to a graduate of the Saskatchewan Collaborative Bachelor of Science in Nursing program who demonstrates excellence in clinical practice through the attainment of the highest combined average in four required 300-level clinical courses. With an average of 85.50%, **Jennifer Ann Foote** is the recipient of this award for the 2015 Fall Convocation.

Jennifer is graduating from the Saskatchewan Collaborative Bachelor of Science in Nursing (SCBScN) program in Regina. She completed the program in three years through the accelerated option, which involves attending courses continuously from the beginning of the second year

until program completion. Jennifer's instructors indicate that she is known for her dedication, hard work, and quest for excellence. She consistently demonstrated a strong commitment to learning and advancing her nursing knowledge and always added to class discussions in a thoughtful and professional manner. She will be an asset to the nursing profession.

The Faculty of Nursing at the University of Regina and the School of Nursing at Saskatchewan Polytechnic congratulate Jennifer on her many accomplishments and wish her the best of luck in the future.

#### **The Faculty of Nursing/Saskatchewan Polytechnic Deans' Medal**

The Faculty of Nursing/Saskatchewan Polytechnic Deans' medal is awarded at convocation to a graduate of the Saskatchewan Collaborative Bachelor in Science Nursing program receiving a first degree with a minimum average of 80% who has shown leadership in, and commitment to, extra-curricular activities while a student in the program. The Saskatchewan Collaborative Bachelor of Science in Nursing (SCBScN) program is very pleased to present the Deans' Medal to **Bevera Dulci Allen**.

Bevera Allen is graduating from the SCBScN program in Regina with a CGPA of 83.24%. She completed the program in three years through the accelerated option, which involves attending courses continuously from the beginning of the second year until program completion.

Bevera has dedicated many hours to volunteering and providing leadership in several organizations in the community including The Lung Association, The Heart and Stroke Foundation, and her children's schools. She has also been active within the SCBScN program. As a Board Member of the University of Regina Nursing Students' Society she has had the opportunity to travel to regional and national Conferences in her role as an associate delegate for the Canadian Nursing Students' Association. Bevera has given back to the community by volunteering as a student nurse for the Student Energy in Action for Regina Community Health (SEARCH). She was also a member of the Reappointment Committee for Incumbent Dean, Faculty of Nursing and was a Student Representative in the Faculty of Nursing Selections Committee.

The Faculty of Nursing at the University of Regina and the School of Nursing at Saskatchewan Polytechnic congratulate Bevera on her many accomplishments and wish her the best of luck in the future.

#### **Faculty of Science Dean's Medal**

The Faculty of Science Dean's Medal is awarded each year to the student nominated by the Faculty of Science for the President's Medal. **Steven Brock West** is the recipient of the Faculty of Science Dean's Medal. A Luther College student, he is graduating with a Bachelor of Science in Biology, achieving Distinction with a CGPA of 82.65%.

Outside his academic studies, Steven has truly excelled in his volunteer experiences. To name one organization he has been involved in, during his second year of studies he helped to co-found, and still currently manages, the local non-profit Hungry with the Homeless. This non-profit provides food and clothing to those less fortunate in both Regina and Saskatoon.

Steven has shown himself to not only be an outstanding academic, but also a strong and compassionate leader. His success after completing his degree is already evident in his acceptance into the medical program at the University of

Saskatchewan this Fall semester. We wish him continued success in his studies and in all of his future endeavours.

#### **University Prize in Science**

The University Prize in Science is awarded at Fall Convocation to the most distinguished student graduating with a first degree from the Faculty of Science. **Courtney Helene Mish** is this year's recipient. A Champion College student, Courtney is graduating with a Bachelor of Science degree majoring in Biology and with a minor in Psychology, achieving Distinction with a CGPA and PGPA of 84.70%.

Courtney graduated from Melville Comprehensive School in June 2011. While studying at the University of Regina, she has received many scholarships in recognition of her academic achievements, including the Reverend Isidore Gorski Scholarship (Champion College), Centennial Merit Plus Scholarship, Cougar Women's Hockey Athletic Award (member of the team in 2012/2013), Academic All Canadian Scholarship (2012 Fall, 2013 Winter, 2013 Fall, 2014 Winter), Academic Silver Scholarship. Courtney has been on the Dean of Science's Honours List in 2012 Winter, 2014 Winter and 2014 Fall).

The Faculty of Science congratulates Courtney on her accomplishments and wishes her the best of luck with her future endeavours.

#### **University Prize in Social Work**

The University Prize in Social Work is awarded to the most distinguished graduate of the Faculty of Social Work receiving a first degree at Fall Convocation. This year's recipient is **Cara Lee Custead**.

Throughout her studies at the Saskatoon campus of the University of Regina, Cara absorbed from her instructors deep knowledge of social justice, including in-depth studies of community development, project development, empowerment, dignity, equality, oppression, diversity, harm reduction, ideologies fuelling social policy, autonomy, etc. She desired to apply all she had learned to combat a specific social injustice throughout her social work career, but initially was uncertain about the particular injustice she wished to focus on.

Cara holds a strong conviction that she was meant to dedicate her life to the service of others, especially to those experiencing marginalization. Cara started her own non-profit organization called Project Oaks, which seeks to tell the stories of individuals with mental illness as a means to reduce the stigma and exclusion these people face daily.

She believes her Social Work education has empowered her to dismantle the stigma and oppression of individuals who have experienced mental illness in Saskatchewan and Alberta. In turn, her faith and the support of her family are fundamental in believing in the possible redemption of both her suffering and that of others. Now living in Edmonton with her husband Gavin Taylor, Cara hopes to obtain a MSW and do clinical Social Work in the mental health field.

The Faculty of Social Work wishes Cara the best in her future studies.

#### **President's Distinguished Graduate Student Award**

The President's Distinguished Graduate Student Award is awarded to the student deemed to have achieved an exceptional thesis, exhibition, or performance, and corresponding defense, and who had an outstanding academic performance in his or her graduate program. Leadership and university or community involvement are also considered.

**Dr. Ryan Fitzgerald** is this year's recipient. He convoked in June 2015 with the degree of **Doctor of Philosophy in Experimental and Applied Psychology**. The Faculty of Graduate Studies and Research wishes also to acknowledge Dr. Fitzgerald's doctoral co-supervisors, Dr. Chris Oriet and Dr. Heather Price.

Academically Dr. Fitzgerald excelled, achieving a graduating average of 93.3%. Dr. Chris Oriet, Professor and Chair, Experimental and Applied Psychology Program, and Ryan's co-supervisor, has stated: "Ryan is a bright, affable, and incredibly hardworking, and I believe him to be better prepared for a career in research than any other student with whom I have worked." He goes on to say that "Ryan's performance in graduate school was nothing short of outstanding."

During Dr. Fitzgerald's graduate program, he was the recipient of numerous scholarships and awards. He received a Natural Sciences and Engineering Research Council of Canada (NSERC) Alexander Graham Bell Canada Graduate Scholarship – Doctoral Program (CGS D), as well as a NSERC Canada Graduate Scholarship – Michael Smith Foreign Study Supplement (CGS MSFSS), and the Shen Kuo Travel Bursary.

Ryan's thesis, "Lineup Composition Effects on Eyewitness Identification" was highly regarded by external examiner Dr. D. Stephen Lindsay of the University of Victoria. Dr. Lindsay noted that "although there is prior research in this area, the meta-analysis and two experiments reported here add significantly to understanding." Dr. Oriet further praises Ryan's work by noting that "the strength of his dissertation is evident in the fact that two of its chapters have already been published in high visibility forensic psychology journals."

Ryan has an exceptional publication record. In just five years, he has produced nine high-quality publications, including two meta-analyses worthy of special mention. Additionally, he was accepted for publication in the prestigious *Psychological Bulletin*, the fourth-highest ranked of all 564 psychology journals indexed in the Thomson-Reuters *Journal Citation Reports*.

The Faculty of Graduate Studies and Research is pleased to have Dr. Ryan Fitzgerald as an alumnus and congratulates him on receiving one of its most distinguished awards, the President's Distinguished Graduate Student Award.

#### **President's Medal**

The University of Regina President's Medal is awarded at each Spring and Fall Convocation to a student receiving a first degree who has shown academic excellence as well as major leadership and commitment to extra-curricular activities while a student.

This fall, the medal is awarded to **Ms Sara Lynn Illerbrun** of the **Faculty of Kinesiology and Health Studies**. Ms Illerbrun's program of study was the Bachelor of Kinesiology, majoring in Human Kinetics. Her graduating and cumulative average is an outstanding 94.02%.

Sara's academic career at the University of Regina began in September 2011, as a graduate of Shaunavon School, Shaunavon, SK. Sara is part of the first cohort of the U of R Circle of Scholars program and received this scholarship and recognition each of her undergraduate years. Sara was on the Dean's List every semester she attended classes as a full time student. In addition, Sara has received the following scholarships: Academic Gold Prize (twice), Dr. Robert McCulloch Scholarship, and the John Spencer Middleton & Jack Spencer Gordon Middleton Scholarship. Sara also

received the Saskatchewan Physical Education Association (SPEA) Book Prize on two separate occasions.

Sara's academic achievements have been a joy for her home Faculty, most notably her first 100%, a very first for the professor, in Human Anatomy in her second semester. During her studies at the University of Regina, Sara received three additional course grades of 100%, and earned grades of 95% or higher in twenty courses. Sara completed her Fieldwork at the LifeMark Health Centre in Saskatoon. Her Fieldwork supervisor wrote: "Sara is very organized and strives for high achievement personally and professionally. She is very knowledgeable, intelligent and is able comfortably to put theory into practical applications."

One of Sara's professors stated, "While Sara's academic achievements are impressive, for some it is her demeanour that will leave a lasting impression. She excelled in her ability to develop rapport while working alongside youth and adults experiencing disability. Through adapted physical activity courses in which she enrolled, she aimed to address health and wellness disparities in urban and rural communities. Her initiative to propose and/or facilitate inclusive and meaningful physical activity opportunities was altruistic in nature. One project in particular caught the attention of a manager within the Ministry of Social Services. Sara and her project colleagues were invited to collaborate with the Ministry office to move their innovative idea for community inclusion from paper to reality."

Sara embodies the motto "As one who serves" through her volunteer work as a UR Ambassador, and as a UR Guarantee mentor, and in the community. The Faculty of Kinesiology & Health Studies, along with the University of Regina, is proud of assisting with the development of this remarkable student. (For more information about Sara's accomplishments, see **University Prize in Kinesiology and Health Studies.**)

## ACADEMIC REGALIA

---

---

The academic regalia worn by the graduates and the members of the platform procession may consist of a gown, a hood or stole (worn over the shoulders), and a hat or mortarboard. All universities have distinctive academic dress for each degree conferred and, at times, for the disciplines in which the degree is awarded. Thus the colourful variety of academic dress worn by members of the platform procession, who have graduated from dozens of Canadian and international universities, and represent particular groups.

With the exception of students graduating with a PhD and federated college students, graduates wear black gowns. PhD

graduates' gowns are scarlet with royal blue around the collar, down the front and around the sleeves. Students graduating from the University of Regina who have been registered through a federated college wear the following: red gowns for Campion College students, sky blue gowns for First Nations University students, and royal blue gowns for Luther College students. Serving members of the Canadian Forces may wear their dress uniform without an academic gown, and wear a hood corresponding to the degree they are receiving.

At today's ceremony, students are formally hooded by the Dean of their respective Faculty. The University of Regina also permits members of the platform party to hood graduates of their immediate family.

## ORGANIZATIONAL STRUCTURE OF THE UNIVERSITY

---

---

The University of Regina operates under the terms of *The University of Regina Act*. **Convocation** is composed of the Chancellor, the Senate, all graduates of the University of Regina, all graduates of the University of Saskatchewan at Regina, and such other classes of persons as the Senate may from time to time determine. Graduates of the University of Saskatchewan, as defined by *The University Act, 1968*, may become members of Convocation of the University of Regina by notifying the Secretary in writing. Convocation meets twice annually, in June and October, unless there are extraordinary circumstances.

The **Chancellor** is elected by the members of Senate, holds office for three years, presides over Convocation, confers degrees and is *ex officio* Chair of the Senate and a member of the Board of Governors.

**Senate** is the University's "window on the world." It is concerned with the academic welfare of the institution and has a variety of duties and powers. Most of the broader issues of academic policy within the University are reserved for Senate's approval. In another role, it acts as an ultimate court in academic affairs. The membership of Senate includes

## CEREMONIAL FURNITURE

---

---

The three ceremonial chairs were a gift to the University of Regina from Dr. Terence R. McKague, Chancellor Emeritus, whose term as chancellor ran from 1989-95. The chairs were acquired from Carmichael United Church, Dr. McKague's boyhood place of worship. This ceremonial furniture is incorporated into all official ceremonial functions.

## HONORARY DEGREES REGISTER

---

---

On June 6, 2004, at a Special Convocation ceremony held to confer an honorary degree on Her Royal Highness The Princess Royal, the University of Regina began the tradition of having the honorary degree recipients sign an *Honorary Degrees Register*. Made of dark green leather embossed in gold with the University of Regina crest and lettering, the book was designed by Brenda Righetti and Bev Liski, and was handcrafted by J.L. Perkins Bookbinder Ltd.

persons, *ex officio*, by virtue of their offices. Convocation elects another fourteen members of Convocation to the Senate. Students registered in the university elect six students of the University to Senate. In addition, any professional society, group or organization in the province that Senate believes contributes in a significant way to the social, economic and cultural welfare of the province may be represented on Senate.

The **Board of Governors** consists of eleven members and is responsible for overseeing the administrative and business affairs of the University. It ultimately has authority in all matters related to the raising and spending of University funds, and the acquisition and management of University property.

**Council** is the senior legislative body on academic matters. Its membership includes administrative officers, all Deans and directors of academic programs, all members of the teaching staff except sessional lecturers, and a number of student representatives. All matters of substance related to the academic affairs of the University must be considered and

approved by the Council, as well as matters of academic discipline.

The **Executive of the University of Regina Council (Executive of Council)** has been empowered by Council to act on its behalf in all matters with the provision that requesting a special meeting of Council may challenge a decision of the Executive. Executive of Council membership is devised as a proportional basis of the academic composition of this University.

Disciplines that are related to one another in the broader areas of teaching are, for purposes of administrative and academic planning, brought together into **Faculties**, of which there are currently ten. Each Faculty is headed by a Dean; formal membership includes the Dean and the teaching members of the various associated disciplines. The Deans are recognized by *The University of Regina Act* as being the chief executive officers of their respective Faculties and are directly responsible to the President, through the Provost and Vice-President (Academic). Subject to the statutes of the Senate and the University of Regina Council, each Faculty has charge of all matters of scholarship in its disciplines and programs.

**UNIVERSITY OF REGINA ALUMNI  
ASSOCIATION**

---

As graduates of the University of Regina, students belong to a family now numbering more than 65,000 alumni. Membership in the University of Regina Alumni Association is automatic upon convocation from the University of Regina or if written permission has been granted by the Alumni Board.

Formed in 1974, the Alumni Association, a non-profit charitable organization, is governed by a volunteer board of directors. The association promotes the accomplishments and supports the future development of the University of Regina, its students and alumni. This is reflected in the Alumni Association's vision statement: "We are the leading proponent of our University and our alumni throughout the world."

Through fundraising and partnerships, the Alumni Association has established a number of scholarships and also supports campus activities, academic accomplishments, and student development.

Annually, the Alumni Association hosts a gala event, the Alumni Crowning Achievement Awards, which honours alumni in the following categories: Lifetime Achievement, Young Alumni, Professional Achievement, Humanitarian and Community Service, and Outstanding (Volunteer) Service. Nominations of these awards are processed through the Alumni Relations office.

The office of Alumni Relations is located in the External Relations Department and works in partnership with the Association on joint initiatives which further the positive reputation of the University of Regina, its alumni, students, faculty, and staff.

The Alumni board of directors schedules meetings bi-monthly, and holds its Annual General Meeting in June. Any alumnus or alumna interested in becoming a board member should contact Alumni Relations at [uralumni@uregina.ca](mailto:uralumni@uregina.ca).

*The Alumni Association is the official supplier of University of Regina degree frames, available at Convocation in the lobby today or online at [www.mdf-reg.ca/](http://www.mdf-reg.ca/). Proceeds from frame purchases support student scholarships.*

## RECOGNITION OF FIRST GRADUATES FROM NEW PROGRAMS

---

---

### Master of Health Administration

The Master of Health Administration program was first launched in September 2013. A part-time degree tailored for working professionals with experience in the health sector, the MHA focuses on building management, administrative and policy capacity for the next generation of health sector leaders. It draws talented and committed students from all across Canada with varied professional backgrounds. The students convocating today are the first graduates of this growing program. We celebrate their success and look forward to their future contributions as leaders in their fields.
