### Donald Gavin Semple

Gavin Semple is an entrepreneur from a modest farm background who transformed a small electrical contracting company into Brandt Industries Ltd. and the Brandt Group of Companies, the first privately held business in Saskatchewan to achieve \$1 billion in annual sales.

Gavin is one of six children raised on the family farm north of Regina, learning at an early age the value of hard work, which he supplemented with recordings and books about personal development and motivation. Gavin was a natural at sales, selling everything from duck decoys to insurance before joining Brandt Machine and Manufacturing as a salesman. Four years later he was president and general manager. He subsequently helped guide the growth of the business over many years as President and CEO, and continues to serve as Chairman. He has received many awards and honours for his business success and philanthropic contributions, including actively supporting the renewal and expansion of the Luther College High School campus, and in establishing Brandt's "Thanks a Billion" corporate giving program.

He and his wife Annette celebrated their 40th wedding anniversary in May 2016.

# STUDENT AWARDS

## GOVERNOR GENERAL'S ACADEMIC SILVER MEDAL

The Governor-General's Academic Silver Medal is awarded at convocation to the most distinguished graduating student receiving a first degree and is based on academic excellence. **Lenard Paul Arnold** is the recipient of this prize at the 2016 Spring Convocation.

Lenard has distinguished himself as an excellent student and is graduating with a program average of 94.13%. He is receiving a Bachelor of Business Administration (BBA) with Great Distinction, and a major in Accounting. In addition to his BBA degree, Lenard is also receiving a Certificate in Economics with Distinction from the Faculty of Arts.

Although Lenard clearly distinguished himself with his academic achievement, he also made a lasting impression with his extra-curricular activities as well. Lenard was an integral member of the first campus offering of Prince's Operation Entrepreneur (then known as Based in Business). This student-run initiative provides a one week 'boot camp' for men and women transitioning from service in the armed forces to running their own business. Lenard provided project management leadership and invaluable mentorship to several of these budding entrepreneurs from across the country and continued this contribution in our second offering.

Beyond his leadership role with Enactus (the campus student group that runs Prince's Operation Entrepreneur), Lenard also represented the University of Regina at Enactus Nationals in 2014 and 2015, achieving our highest placement ever in 2014. Because of his exceptional academic achievement and lasting contributions to our community, the Faculty of Business Administration and the University of Regina are proud to recognize Lenard as "one who serves".

## FACULTY OF BUSINESS ADMINISTRATION DEAN'S MEDAL

The Faculty of Business Administration Dean's Medal is awarded at each Spring and Fall Convocation to a student receiving a first degree with a minimum average of 80% who has shown leadership in and commitment to extra-curricular activities while at the University of Regina. The recipient for Spring 2016 Convocation is **Brenda Faye Thiessen**.

Brenda is graduating with a Bachelor of Business Administration, with Great Distinction and an Accounting Major. Brenda's graduating Program GPA is 89.85%. However, exceptional academic achievement alone does not make Brenda our Dean's Medal winner. Ms. Thiessen's dedication and leadership in and for her community are impressive too.

The focus of her leadership and community work has been in the area of helping children. She has extensive volunteer experience with her hometown local school board, church and bible camp. When describing her strength and philosophy about providing leadership Brenda says "I found leading by example to be the most powerful motivator. Being enthusiastic and maintaining positive communications enabled the groups I was involved in to bring our goals to successful completion". The young people in the Maryfield area are very fortunate to have Brenda involved in their activities.

Brenda has received multiple scholarships while she has been enrolled in our faculty provided for her academic accomplishments and for her leadership and community involvement. Brenda has also been recognized for her academic excellence in the accounting area by being accepted into the Accounting Fellowship Program through the Faculty of Administration. The Faculty of Business Administration and the University of Regina are proud to recognize Brenda as "one who serves."

## LEON GOLDMAN SCHOLARSHIP

The Leon Goldman Scholarship is awarded to the most distinguished graduate of the Faculty of Business Administration receiving a first degree at the Spring Convocation. This scholarship was donated by Mr. and Mrs. Norman Gleiberman and family to honour Mrs. Gleiberman's father, Mr. Leon Goldman, on his 75th birthday.

The recipient of the Leon Goldman Scholarship for Spring 2016 Convocation is **Lenard Paul Arnold**. Lenard is also the recipient of the Governor General's Academic Silver Medal. Additional information about Lenard can be found under that heading.

## BACHELOR OF EDUCATION AFTER DEGREE (BEAD) CONVOCATION PRIZE

The Bachelor of Education After Degree (BEAD) Convocation Prize was established by the Faculty of Education to encourage and recognize BEAD students. The BEAD Convocation prize is awarded to the most distinguished graduate, with an overall internship rating of “Outstanding” and the highest grade point average in the program. The Faculty of Education is pleased to present the BEAD Convocation Prize to **Michelle Wall**, a distinguished graduate in the Faculty of Education.

Michelle is graduating with a Bachelor of Education (Secondary) with Great Distinction. She majored in Biology with a minor in General Science. During her studies at the University of Regina, Michelle was the recipient of the Academic Silver Scholarship (Fall 2014, 2015).

Michelle received a BSc in Applied Microbiology and a MSc in Botany from the University of Guelph in Ontario. She studied the unique interactions between bacteria, fungi and plant roots, and has an enduring interest in the microbes that live in the soil. During her graduate studies, Michelle discovered a love of teaching and began teaching biology and microbiology at Red Deer College and then the University of Calgary and the University of Manitoba. She and her family moved to Regina in 2003, and though she took time to raise her children, she continued work as a sessional instructor for the Faculty of Science, and a lab instructor for the Faculty of Engineering at the University of Regina. When it was time to consider transitioning to full-time work, Michelle made the decision to pursue a BEd.

Michelle has started working as a substitute teacher with the Regina Public School Board, and is once again enjoying sharing her knowledge and experience with high school students throughout the city. The Faculty of Education congratulates Michelle Wall on her accomplishments, and wishes her much success in her future endeavours.

## SASKATCHEWAN TEACHERS’ FEDERATION PRIZE

At each University of Regina convocation ceremony, the Saskatchewan Teacher’s Federation (STF) awards a prize to the most distinguished student of the graduating class in the Faculty of Education who does not hold another degree. The Faculty of Education is pleased to present the Saskatchewan Teacher’s Federation Prize to **Raquel Bellefleur**, a distinguished graduate in the Faculty of Education.

Raquel is graduating with a Bachelor of Education in Elementary Education with Great Distinction. During her studies, Raquel was the recipient of the Centennial Merit Plus Scholarship (Fall 2012), Saskatchewan Teacher’s Federation Scholarship (Fall 2013, 2014), Academic Gold Scholarship (Fall 2013), Helen Marguerite Fuller Prize for Teaching (Fall 2014), Children on the Move Scholarship (Fall 2014, 2015), Canadian Federation of University Women – Regina Scholarship (Fall 2014), Academic Silver Scholarship (Fall 2014, 2015), Muriel Welwood Scholarship for Women in Education (Fall 2015), Dr. Mary Cronin Literacy Scholarship (Fall 2015), Bernadine Melanson Scholarship (Winter 2016), Regina Sunshine Preschool Society Prize (Winter 2016). She was also named to the Dean’s Honours List in Fall 2014, Winter 2013, 2014, 2015 and 2016.

Raquel is committed to social justice and is one of the executive directors of STARS Regina (Student Teacher Anti-Racist Anti-Oppressive Society). The group has successfully facilitated various professional development events, including #TreatyEdCamp which included sessions on integrating treaty education into subject specific areas in schools.

Raquel was a member of the Cougar Women’s Soccer program from (2012-2014); as a student athlete she had the opportunity to work with immigrant and refugee children to improve their soccer and communication skills. In addition to academic and athletic commitments, Raquel also devoted time to volunteering at different Regina organizations, including Wascana Rehabilitation Centre and Regina Women’s Transition House. The Faculty of Education congratulates Raquel Bellefleur on her accomplishments, and wishes her much success in her future endeavours.

## ACADEMIC REGALIA

The academic regalia worn by the graduates and the members of the platform procession may consist of a gown, a hood or stole (worn over the shoulders), and a hat or mortarboard. All universities have distinctive academic dress for each degree conferred and, at times, for the disciplines in which the degree is awarded. Hence, the colourful variety of academic dress worn by members of the platform procession, who have graduated from dozens of Canadian and international universities, and represent particular groups.

With the exception of students graduating with a PhD and federated college students, graduates wear black gowns. PhD graduates' gowns are scarlet with royal blue around the collar, down the front and around the sleeves. Students graduating from the University of Regina who have been registered through a federated college wear the following: red gowns for Campion College students, sky blue gowns for First Nations University students, and royal blue gowns for Luther College students. Serving members of the Canadian Forces or Canadian Police Forces may wear their dress uniform without an academic gown, and wear a hood corresponding to the degree they are receiving. At today's ceremony, the dean of their respective faculty formally hoods students. The University of Regina also permits members of the Platform Party to hood graduates of their immediate family.

## CEREMONIAL FURNITURE

The three ceremonial chairs were a gift to the University of Regina from Dr. Terence R. McKague, Chancellor Emeritus, whose term as Chancellor ran from 1989-95. The chairs were acquired from Carmichael United Church, Dr. McKague's boyhood place of worship. This ceremonial furniture is incorporated into all official ceremonial functions.

## HONORARY DEGREES REGISTER

On June 6, 2004, at a Special Convocation ceremony held to confer an honorary degree on Her Royal Highness The Princess Royal, the University of Regina began the tradition of having the honorary degree recipients sign an Honorary Degrees Register. Made of dark green leather embossed in gold with the University of Regina crest and lettering, the book was designed by Brenda Righetti and Bev Liski, and was handcrafted by J.L. Perkins Bookbinder Ltd.

## ORGANIZATIONAL STRUCTURE OF THE UNIVERSITY

The University of Regina operates under the terms of The University of Regina Act. Convocation is composed of the Chancellor, the Senate, all graduates of the University of Regina, all graduates of the University of Saskatchewan at Regina, and such other classes of persons as the Senate may from time to time determine. Graduates of the University of Saskatchewan, as defined by The University Act, 1968, may become members of Convocation of the University of Regina by notifying the Secretary in writing. Convocation meets twice annually, in June and October, unless there are extraordinary circumstances.

The Chancellor is elected by the members of Senate, holds office for three years, presides over Convocation, confers degrees and is ex officio Chair of the Senate and a member of the Board of Governors.

Senate is the University's "window on the world." It is concerned with the academic welfare of the institution and has a variety of duties and powers. Most of the broader issues of academic policy within the University are reserved for Senate's approval. In another role, it acts as an ultimate court in academic affairs. The membership of Senate includes persons, ex officio, by virtue of their offices. Convocation elects another fourteen members of Convocation to the Senate. Students registered in the university elect six students of the University to Senate. In addition, any professional society, group or organization in the province that Senate believes contributes in a significant way to the social, economic and cultural welfare of the province may be represented on Senate.

The Board of Governors consists of eleven members and is responsible for overseeing the administrative and business affairs of the University. It ultimately has authority in all matters related to the raising and spending of University funds, and the acquisition and management of University property.

Council is the senior legislative body on academic matters. Its membership includes administrative officers, all Deans and directors of academic programs, all members of the teaching staff except sessional lecturers, and a number of student representatives. All matters of substance related to the academic affairs of the University must be considered and approved by the Council, as well as matters of academic discipline.

The Executive of the University of Regina Council (Executive of Council) has been empowered by Council to act on its behalf in all matters with the provision that requesting a special meeting of Council may challenge a decision of the Executive. Executive of Council membership is devised as a proportional basis of the academic composition of this University.

Disciplines that are related to one another in the broader areas of teaching are, for purposes of administrative and academic planning, brought together into Faculties, of which there are currently ten. Each Faculty is headed by a Dean; formal membership includes the Dean and the teaching members of the various associated disciplines. The Deans are recognized by The University of Regina Act as being the chief executive officers of their respective Faculties and are directly responsible to the President, through the Provost and Vice-President (Academic). Subject to the statutes of the Senate and the University of Regina Council, each Faculty has charge of all matters of scholarship in its disciplines and programs.

## UNIVERSITY OF REGINA ALUMNI ASSOCIATION

As a graduate of the University of Regina, you belong to a family of 68,000 alumni. Membership to the University of Regina Alumni Association is automatic upon completion of formal accreditation from the University of Regina or if written permission has been granted by the Alumni Board.

The Alumni Association, a non-profit charitable organization, was formed in 1974 and is governed by a volunteer board of directors. The association promotes the accomplishments and supports the future development of the University of Regina, its students and alumni.

Through fundraising and partnerships the Alumni Association has established a number of scholarships and also supports campus activities, academic accomplishments and student development.

Annually, the Alumni Association hosts a gala event, the Alumni Crowning Achievement Awards, which honours Alumni in following categories: Lifetime Achievement, Young Alumni, Professional Achievement, Humanitarian and Community Service, and the Dr. Robert and Norma Ferguson Award for Outstanding Service.

The Alumni Relations office is located in the External Relations Department. The staff work in partnership with the Association on joint initiatives which build pride in the University of Regina, its alumni, students, faculty, and staff.

The Alumni board of directors meets bi-monthly, and will hold its Annual General Meeting on June 16, 2016. Any alumnus interested in becoming a board member should contact Alumni Relations at [uralumni@uregina.ca](mailto:uralumni@uregina.ca).

The Alumni Association is the official supplier of University of Regina degree frames, available at Convocation in the lobby today or online at [www.mdf-reg.ca](http://www.mdf-reg.ca). Proceeds from frame purchases support student scholarships.

## UNIVERSITY OF REGINA ALUMNI ASSOCIATION AWARDS FOR EXCELLENCE

Since 1990, the University of Regina and the University of Regina Alumni Association have together honoured outstanding faculty members in the areas of teaching, research, and service. In 2013, the program was expanded to include the category of graduate research mentorship. The following five faculty members have distinguished themselves amongst their students and peers and have been selected as this year's recipients of University of Regina Alumni Association Awards for Excellence:

### **Gordon Asmundson — Award for Excellence in Graduate Research Mentorship**

Described as a “transformational leader” and “archetypal mentor” by students and colleagues, Gordon Asmundson has successfully led many University of Regina psychology students through their graduate research.

Asmundson is an accomplished researcher and his many honours include receiving the Saskatchewan Centennial medal and being inducted as a fellow in the Royal Society of Canada, the highest honour a researcher can receive. His work in the areas of anxiety disorders, chronic pain, and post-traumatic stress disorder, just to name a few, have made him an influential global thinker in the field of mental health. More than 35 graduate students have benefited from Asmundson's mentorship as both a graduate supervisor and thesis committee member. His students have received

tri-council funding, been published in respected peer-reviewed journals, and attended top-ranked international conferences, helping to secure Saskatchewan a prominent place on the global map of psychology research.

One strong mentorship quality that Asmundson's students repeatedly cite is the laboratory environment he creates and maintains at the University of Regina. One student notes, “In a discipline which is infamous for competitive and uncooperative interpersonal and professional interactions between students, Gord has implemented a system which breeds collaboration, cooperation, and mutual respect.” The lab's trademark high morale is due not only to Asmundson's positivity, but also to the peer-mentorship system he has established, building strong relationships, a collaborative environment, and future leaders in the discipline.

The Alumni Association Award for Excellence in Graduate Research Mentorship focuses on the impact of the candidate's mentorship on his growth and development as a mentor, the development and growth of his mentees as future scholars and researchers, and the contribution of their shared scholarship and research to the lives of other students and academics who witness and cite their work.

### **Raymond Blake — Award for Excellence in Research**

Named by colleagues across the Canadian scholarly landscape as a “leading historian,” “credit to his profession,” and “accomplished scholar,” historian Raymond Blake is known for not only the depth and influence of his research, but also for his ability to collaborate with others and form interdisciplinary partnerships.

Blake has written and edited 14 books, working with major university presses, and he has several other books currently in process with the University of Toronto Press. As many of his academic colleagues note, the gold standard for historical research is the publication of monographs, and these works are typically the culmination of years of painstaking archival research. The publication of so many books—alongside many articles in scholarly journals—is an extraordinary achievement.

The quality and content of Blake's research is also noteworthy. Some of his scholarship illuminates the history of federal-provincial relations and enhances our understanding of the evolution of social welfare programs in Canada. By focusing on issues such as equity, inclusion and democracy, Blake has been an influential force on the discourse of the public good, and his research has been important to policy-makers. Blake has demonstrated a commitment to interdisciplinary teaching and research, having collaborated with political scientists, economists, lawyers, and sociologists, among others.

Blake is also one of a very few researchers at the University of Regina to be awarded a Social Science and Humanities Research Council Insight Grant. This flagship funding program for humanities and social sciences researchers is a prestigious honour that speaks to Blake's importance and accomplishments as a researcher.

The Alumni Association Award for Excellence in Research focuses on the impact of the candidate's research in his/her discipline, as well as on the public good.

### **Alec Couros — Award for Excellence in Teaching**

Known as a gifted and dedicated instructor and a strong leader, Alec Couros has been inspiring students in the Faculty of Education and beyond through his innovative approaches to learning and his engaging subject matter. While on sabbatical in 2012-13, Couros created and delivered a “Massive Open On-Line” class focussed on technology and education. Describing himself as an “open educator,” Couros takes teacher education online and makes it available around the world. In recognition of these types of pedagogical approaches, Couros was awarded the University of Regina Teaching Award of Excellence for Innovation in Teaching in 2015.

Couros’ dedication as a teacher is evident in the ways his students react to his classes. The Dean of Education notes that his teaching evaluations are consistently excellent, and many of his students submit unsolicited comments to the Faculty to show their

appreciation for his innovative teaching. Known as a dedicated instructor who “gives tirelessly of his time to support others,” Couros is “a reflective teacher, visionary, and leader seeking to continually improve his practice, his knowledge, and the experiences he creates for undergraduate and graduate students.”

Couros’ teaching is known and valued beyond the University of Regina. On average, Couros delivers over 20 keynote sessions per year to other universities and faculties of education, the Saskatchewan Ministry of Education, and school divisions around the world. So respected is Couros’ expertise that the Ministry invited Couros to create digital citizenship guidelines to be used throughout the province in support of teachers and students in their use of technology and social media. Couros is a true visionary leader in his field.

The University of Regina Alumni Association Award for Teaching Excellence recognizes sustained excellence in leadership and innovation for undergraduate teaching and learning at the University of Regina.

### **David Gerhard — Award for Excellence in Teaching**

Department of Computer Science professor David Gerhard has been kindling the curiosity of students across disciplines and generations for the last twelve years. Known across the University of Regina campus and beyond as an engaging and innovative instructor, Gerhard is attuned to the needs of his students and takes direction from the class itself when designing a course and presenting the material. Gerhard consistently emphasises the practical applications of computer science, asking his upper-level students to focus on implementation-heavy projects and provide classroom demonstrations. Gerhard’s teaching further reaches into the community through his Continuing Education classes at the University’s College Avenue campus. In these classes, Gerhard has taught community members—often senior citizens—how to use Facebook and other social media, as well as iPads and mobile technology.

One of Gerhard’s most notable achievements lies in his ability to cross traditional disciplinary boundaries and marry the worlds of computer science and the creative arts. Gerhard made fundamental contributions to the design of creative technologies curricula at the University of Regina. This cross-disciplinary approach to teaching incorporates technological skill in the development of systems for the creation of artistic and interpretive works, and it gives context and history to the design and development of creative practices. For the last five years, Gerhard has collaborated with Media, Art, and Performance faculty members to develop a minor in creative technologies for computer science students and a new concentration in the computer science degree program. An associate member in the Faculty of Media, Art, and Performance, Gerhard co-teaches courses with music and creative technologies faculty and supervises interdisciplinary graduate students.

The University of Regina Alumni Association Award for Teaching Excellence recognizes sustained excellence in leadership and innovation for undergraduate teaching and learning at the University of Regina.

## Roz Kelsey — Award for Excellence in Service

Roz Kelsey's career as a Professor in the Faculty of Kinesiology and Health Studies leaves no doubt that she places an emphasis on social justice and embodies the ideal of as one who serves.

Since 2014, Kelsey has worked tirelessly on a remarkable violence against women prevention campaign that has grown to become a powerful social movement known as Man Up Against Violence™ (MUAV). While the campaign began in the classroom, it quickly grew and spread across the University in the form of speakers, film presentations and discussions, and other large events involving multiple academic and administrative departments. The MUAV events have been called “thoughtful,

informative, creative and engaging,” and the University's Director of Security and Operations notes that this community-centred initiative has helped her security team “provide a safe and welcoming environment for the campus community” by, in part, “chang[ing] the way we think about sexual assault and violence against women.”

The MUAV movement challenges deeply held mindsets about masculinity and works to inspire men, particularly male athletes, to accept their role as advocates for the prevention of violence in our communities. MUAV spends considerable time focusing on how unhealthy constructions of masculinity play a role in domestic abuse and various other forms of violence. The Dean of Kinesiology and Health Studies remarks, “It's a revolution of thought led by a strong female leader with a team of empowered young men. That's more than special. That's extraordinary.”

The University of Regina Alumni Association Award for Service Excellence recognizes sustained excellence in leadership by the candidate to promote and provide awareness of the university and her discipline to the public.
