Disclosure to Statistics Canada

Statistics Canada is the national statistical agency. As such, Statistics Canada carries out hundreds of surveys each year on a wide range of matters, including education.

It is essential to be able to follow students across time and institutions to understand, for example, the factors affecting enrolment demand at post- secondary institutions. The increased emphasis on accountability for public investment means that it is also important to understand 'outcomes'. In order to conduct such studies, Statistics Canada asks all colleges and universities to provide data on students and graduates. Institutions collect and provide to Statistics Canada student identification information (student's name, student ID number, Social Insurance Number), student contact information (address and telephone number), student demographic characteristics, and enrolment information.

The federal *Statistics Act* provides the legal authority for Statistics Canada to obtain access to personal information held by educational institutions. The information may be used for statistical purposes only, and the confidentiality provisions of the *Statistics Act* prevent the information from being released in any way that would identify a student.

Students may contact Statistics Canada via e-mail if they have any questions: statcan.PSIS-SIEP.statcan@canada.ca.

English as a Second Language

The University of Regina offers the English for Academic Purposes (EAP) program to strengthen students' language skills in order to meet University admission requirements for English Language Proficiency.

A passing grade in the EAP program's final courses, EAP 100 Advanced English Reading and Communication and EAP 101 Advanced English Writing and Research; or a minimum average score of "Level 110" on the EAP placement exam, is considered an acceptable demonstration of proficiency in English for admission into a University of Regina undergraduate program.

Students who are enrolled in Advanced EAP (EAP 100 and EAP 101) may be offered conditional admission to an academic program if they meet the academic admission requirements.

Students who qualify to take Advanced EAP (via passing EAP 090 or by achieving an appropriate score on the EAP placement exam or by an overall IELTS Band score of 6.0 with no band score less than 5.0) and who are offered conditional admission to a credit undergraduate academic program at the University of Regina (in the Faculties of Arts [Economics only], Business Administration, Engineering and Applied Science, Science or the Centre for Continuing Education) will qualify for participation in the EAP + 1 program. EAP students participating in this program may take an undergraduate credit course from the authorized course list while enrolled in Advanced EAP.

Because students must pass Advanced EAP 100 and 101 to be admitted to the University, students must pass both Advanced EAP and the credit course in order to receive credit for the credit course.

Students who initially fail Advanced EAP but pass the credit course, and subsequently successfully complete Advanced EAP and are admitted to the University, may then receive credit for the previously completed credit course.

Advanced EAP (EAP 100 and 101) is offered by:

English as a Second Language Department
Centre for Continuing Education
Wakpá Tower, Room 114
University of Regina, Regina, SK S4S 0A2
Telephone: 306-585-4585; Email: esl@uregina.ca

The student must supply proof of course completion and evidence that the course(s) completed meet the English proficiency policy of that institution.

Official Transcripts

Official transcripts at either the secondary or post-secondary level may be requested. A secondary transcript is considered official when the original, official document issued by the Ministry of Education (or government authority that oversees Education) has been submitted to the appropriate undergraduate Enrolment Services office. A post-secondary transcript is considered official when it is received at the University of Regina directly from the issuing institution or is submitted in a sealed institution-issued envelope which bears the official university stamp across the seal. Transcripts in languages other than English or French must include a certified English translation. Official transcripts should be submitted to the appropriate undergraduate Enrolment Services office.

All documents that are supplied in support of applications for admission, re-admission, or transfer become the property of the University of Regina.

Applicants with non-Canadian credentials who are issued a single irreplaceable copy may supply a copy of the original document at the time of application and then present the original, official document for verification at the appropriate undergraduate Enrolment Services office upon arrival.

Unavailable Documents

Applicants who are unable to obtain all or some of their academic documents for reasons beyond their control may apply for special consideration from the appropriate undergraduate Enrolment Services office by submitting a letter outlining their qualifications, what steps they have taken to obtain their official documents, and the reason why missing documents cannot be submitted.

Early Conditional Admission to the Faculty of Education (For Current High School Students)

Applicants to degree programs in the Faculty of Education are required to complete the online Teacher Education Profile or Baccalauréat en education Application in place of the general Application for Undergraduate Admission.

Adult 12 Early Conditional Admission

Adult 12 students are eligible for early conditional admission if:

- they will have attained Adult 12 standing prior to the start of the term;
- they have final grades in a minimum of half the required final admissions subjects to the faculty; and
- the average of all final grades (in admission subjects only) available at the time of admission meets the admission average of the faculty.

Transcripts for Final Admission

Early conditional applicants must arrange for one official transcript of their final high school grades to be sent to the appropriate undergraduate Enrolment Services office by August 1. Photocopies and faxes of transcripts are not accepted as official documents for review of the final admission requirements. Saskatchewan students are encouraged to have grades submitted electronically by the Saskatchewan Ministry of Education.

An exception to the deadline for receipt of transcripts will be made for applicants applying for fall admission who are writing departmental examinations in August or completing summer school, and for applicants to the winter term (semester) who will complete their final high school semester in December. It is the applicant's responsibility to contact the appropriate undergraduate Enrolment Services office with this information before the transcript deadline and to arrange for the final official transcript to be sent as soon as results are available.

Any applicant who does not provide an official transcript by the deadline will have their conditional admission revoked and registration in courses cancelled.

Final Admission Decisions

Once the official transcript showing graduation is received, students are re-evaluated for final admission based on the faculty-specific requirements (see the section "Undergraduate Programs Admission Requirements from Canadian Schools" or "Admission from a Non-Canadian High School") and are notified in writing of the final decision.

Gap Year Program

The Gap Year Program is offered to current, direct-entry high school students (excluding Nursing; Education requires special permission) applying to the fall intake. It allows these students, once accepted, to defer their admission and any University of Regina funded automatic entrance scholarships (excluding the Chancellor's Scholarship) for one year.

Applicants who want only to audit courses (that is, to listen to lectures without receiving degree credit) do not have to be formally admitted to the University but must be formally registered for courses they are attending. Students who are on university-level forced withdrawal (MW) are not permitted to audit courses.

Casual Students

The Casual Student Program is designed to allow members of the general public to take courses for general interest. The following restrictions apply to this program:

- Applicants must be aged at least 18 (if under 18, they must have already graduated from high school).

- Students can register in open registration.

- The maximum registration for any term is 6 credit hours.

- The maximum length of time students are allowed to stay in the Casual Student Program before applying to transfer to a faculty is 24 credit hours.

Regular evaluation of academic performance applies to Casual Students. Academic performance is evaluated following each term. If Casual Students already have full or part of a U of R degree and come in with more than 24 credit hours, those credit hours count towards evaluation of academic performance and application of academic policies.

Casual students apply by submitting an Application for Casual Student Admission and Registration and are registered through Student and Instructor Services (Credit), Centre for Continuing Education. Casual students who have not previously attended the University of Regina are required to pay the application fee. Students must meet University of Regina English Language Proficiency requirements prior to admission. High school and post-secondary transcripts are not required unless a desired course has prerequisites. These transcripts can be unofficial and are accepted directly from the applicant.

Academic advising is not required but is available from the Career and Professional Development Division on request. Contact Student and Instructor Services (Credit) at 306-585-5807 to book an appointment.

Casual Students who may wish to transfer into a faculty at some time in the future are strongly encouraged to seek preliminary advising from the faculty and complete the online application for admission. Casual Students may apply to transfer to a faculty or another program at any time and must meet the admission/transfer regulations then in effect, including provision of official transcripts.

The new faculty will evaluate all courses completed in the Casual Student Program and determine their applicability to the new program. Applicants who have completed courses through the University of Regina's Centre for Continuing Education or Casual Student Program must achieve a UGPA of at least 60.00% on all University of Regina courses taken. Those who do not meet this criterion may submit a petition to the appropriate undergraduate Enrolment Services office for review by the faculty. The decision of the faculty with respect to admission and conditions for continuation is final.

This program is intended for first-time University of Regina students. Students must meet the University of Regina English Language Proficiency requirements prior to admission.

The University of Regina Enrolment Services will refer potential general studies students to the Student and Instructor Services (Credit), Centre for Continuing Education after reviewing their admission applications and determining eligibility for General Studies.

- Students are permitted to register in a maximum of 12 credit hours and four courses (which may include AMTH courses, ACAD 100, or 0 credit hour courses) per term. Early conditional students who do not meet final admission requirements but who are already registered in courses will have their courses adjusted.

- General studies students will register during open registration.

- All regular academic performance regulations apply.

- Transfer credit will be reviewed if necessary.

Exchange Students
Exchange programs are based on formal agreements between the University of Regina and another university or college (the home institution) for a defined period of study of one or two terms.

The application for inbound exchange students and associated written procedures are available at the student's home institution. Applicants are admitted to the University of Regina faculty which offers the courses in which they are interested. Applicants should note that admission to courses in some subjects is restricted to University of Regina degree program students and should be prepared to make alternative selections.

Extension of an exchange visit from one to two terms is possible only if the agreement allows for a two-term exchange and the home and host institution approves the extension.

Special (Post-Graduate) Students

Individuals that have graduated from the University of Regina, or from another approved post-secondary institution in a discipline offered by the University of Regina, may apply for special admission (Post-Graduate). Students in the Special (Post-Graduate) category can take courses for personal interest or continuing professional development. Applicants are admitted to the faculty offering the discipline in which they graduated. The terms of their registration are determined by the faculty.

Applicants who have not previously attended the University of Regina must arrange for an official transcript to be sent to the appropriate undergraduate Enrolment Services office from the post-secondary institution from which they graduated. No other transcripts are required. Proof of proficiency in English is required of applicants who graduated from a university where the language of instruction was not English.

Non-Degree Professional Students

An applicant who requires Business Administration courses for completion of a professional designation (CPA, CIM, etc.) may apply for admission to the Faculty of Business Administration as a Non-Degree Professional student. A one-time letter of permission from the professional organization is required. Applicants must also demonstrate proof of English language proficiency,

Students in the Non-Degree Professional category cannot obtain a University of Regina certificate, diploma, or degree, or complete pre-Business requirements.

Transfers from Non-Degree Status

Former degree program students of the University of Regina who have since pursued a non-degree program, follow standard transfer procedures to return to a degree program. Students who are first admitted with non-degree status and who later wish to transfer to an undergraduate program, follow the procedures for first-time applicants, but do not pay the undergraduate application fee, if paid previously.

Completion of a Subsequent Credential

Individuals who have completed an undergraduate credential at the University of Regina or at another recognized post-secondary institution may seek admission to a subsequent credential when:

- the credential is in a different discipline; or
- the credential is at a higher level in the same discipline.

An exception may be granted at the discretion of the faculty/academic unit when:

- A credential has been completed from an institution that is not recognized.
- A credential has been evaluated by an international credential evaluation service and has been deemed to be not equivalent to a Canadian credential.
- A licensure organization requires an individual to repeat their credential.
- A credential is considered to be stale-dated, and the individual would substantially benefit from refreshing or updating their credential with more modern content.
- In unusual circumstances at the discretion of the Faculty's Dean (or designate).

See the Subsequent Credential Guidelines table.

Note 1: While an international credential evaluation service may deem a credential not to be equivalent to a Canadian credential, individuals may only need to take a few courses to apply for professional licensure or accreditation in their profession. In those case, individuals are strongly encouraged to apply for admission as a Special Post Graduate Student so that they can take the necessary courses.

Note 2: The U of R reserves the right to refuse admission to a program where it has been deemed equivalent or of a lower level than a credential an individual has already received.

Enrolment in a Concurrent Credential

- Individuals who are enrolled in an undergraduate program at the University of Regina may enrol in one concurrent program at the same or lower level provided their Faculty regulations permit it.

- Unless Faculty regulations permit otherwise, students must complete at least 50% of their concurrent program with unique credits that have not been used to fulfill the requirements of the other program.

- Students may not enrol in concurrent programs of the same discipline unless they intend to complete a lower level credential that ladders into a higher level credential (a certificate that ladders into a baccalaureate for example).

- When students are in a concurrent program of the same discipline, the lower level credential must be completed first.

- Conjoint programs and double majors are distinct and are indicated in the Faculty sections of the Undergraduate Calendar and on the Application for Undergraduate Program Admission.

- Students who are enrolled in a conjoint program may enrol in a concurrent credential at a lower level only (certificate or diploma) unless their Faculty regulations specify otherwise.

- Students may not be enrolled in a concurrent program at another institution unless their Faculty regulations permit otherwise.

Note: Undergraduate programs that cannot be taken concurrently with another program are published in the relevant Faculty regulations.

Admission Requirements for Concurrent Programs

Students must meet the admission requirements of both programs.

Primary and Secondary Program

- The program at the highest level will serve as the student's primary program.

- When a student is concurrently enrolled in two programs at the same level, they must declare a primary and secondary program.

- Where Faculty regulations specify that the student's primary program must be within that Faculty, the primary program will be designated accordingly.

- When a student graduates from a primary program and the secondary program remains in progress, the secondary program becomes the primary program.

- Students may, after completion of a primary or secondary program, enrol in an additional concurrent program on conferral of their credential.

Applicants in Unsatisfactory Standing Petition Requirements

The provisions in this section are for students who have been required to discontinue studies at the University of Regina or another recognized post-secondary institution for unsatisfactory academic standing or misconduct. Even when students have been required to discontinue for a set period of time, admission is not automatic. Students may only be admitted to the University if accepted by a faculty or college. When a student has been admitted, and the University later receives a transcript showing an undeclared involuntary withdrawal from a previous institution, the student's admission will be revoked, and registration will be cancelled.

Petitioning to Return after Being Required to Discontinue (RTD) or Forced to Withdraw (MW) on Academic Grounds

Application Procedures for Students

Applicants follow normal application procedures for admission, re-admission, or faculty/college transfer, but must submit a petition letter, by the petition deadline (or faculty document deadline; whichever is earlier), to the appropriate Enrolment Services office. The petition letter should show cause as to why the student should be admitted or re-admitted and should include academic goals and information on what the student has been doing while away from the University of Regina or other post-secondary institution.

The letter, with other required documents, is forwarded by Enrolment Services to the requested faculty or college, which decides whether or not the applicant is to be admitted or re-admitted and any conditions for registration or continuance. The decision of the faculty or college is final. The faculty or college communicates its decision directly to the applicant. Applicants who are refused by one faculty or college may petition another for the next available term.

Once students have successfully petitioned a faculty or college, they must complete 9 credit hours in that faculty or college with a minimum grade of 60% in each course before transferring to another faculty or college or they will have to petition to transfer. Students wishing to return to a faculty or college from which they have been required to discontinue must petition that original faculty or college in order to be re-admitted or transferred even if the student has successfully completed academic work in another faculty or college since being required to discontinue.

Students who have been discontinued by other post-secondary institutions on academic grounds do not have to petition for admission if they have subsequently been admitted to an approved post-secondary institution and established satisfactory standing by successfully completing a minimum of 9 credit hours, provided that they meet the admission standards of the faculty to which they are applying.

Petitioning to Return after Being Required to Discontinue on Disciplinary Grounds

Application Procedures for Students
Students who have been expelled for misconduct from the University of Regina may submit an application for re-admission and letter of petition to the University Secretary, Room 509 Administration-Humanities, 306-585-4956, for consideration by the Council Discipline Committee. If their petition is approved by the Committee, students must still meet the academic requirements for admission, re-admission, or transfer to their chosen faculty.

Students who have been suspended for misconduct and who have sat out their allotted time are not required to petition. They must reapply and follow normal deadlines and procedures for admission, re-admission, or faculty/college transfer.

At the discretion of the Director of Enrolment Services, an applicant who has been dismissed for disciplinary reasons from another post-secondary institution may be required to petition to the Council Discipline Committee and receive permission to apply for admission before being considered on academic grounds. If the applicant is admitted, the previous dismissal may be considered in any future proceedings for misconduct.

Application Deadlines for Petitioning Students

Applicants must meet the following deadlines, or the program-specific deadlines listed in the General Deadlines for Applications to Undergraduate Programs section, whichever are earlier:

Term	Application Deadline
Fall	July 1
Winter	November 1
Spring/Summer	March 1

Note: General extensions of deadlines do not apply to applicants in this category; however, the Dean of the Faculty or Registrar of the Federated College may specifically extend the petitioning deadline. Returning Nursing applicants who were required to discontinue from the University of Regina Faculty Of Nursing may petition for re-admission in the fall, winter or spring/summer terms according to the regular petition deadlines. New Nursing applicants who were required to discontinue from another institution may petition for admission for the fall term according to the regular Nursing admission deadline.

Forced to Withdraw from the University (MW)

Applicants who have been forced to withdraw (MW) from the University of Regina will not be considered for admission, re-admission, or transfer to any faculty until the period of their discontinuance has expired.

Requirement to Discontinue from a Faculty (RTD)

Applicants who have been required to discontinue from a faculty may petition for faculty/college transfer to another faculty, observing the normal deadlines and process for petitions, or may sit out the period of their discontinuance and petition for re-admission to the original faculty.

Requirement to Discontinue from a Program

Students who have been required to discontinue from a program and who wish to change programs within the same faculty must consult their faculty on application procedures. Applicants for first-time admission and applicants for transfer to a new faculty must follow the petition procedures and may apply for the next available term.

Recognition of Prior Learning

Recognition of Credits between Programs of the University of Regina

All undergraduate credit courses offered by faculties at the University of Regina are accepted for credit by the remaining faculties, to the extent allowed by program requirements. A student who enters a new program or faculty may have courses that are extra to the degree program. Graduate courses may not be credited towards undergraduate programs.

Transfer of Credits from Other Post-Secondary Institutions

Transfer credit refers to the recognition of the successful completion of post-secondary credits taken at other recognized post-secondary institutions. Transfer credit may be awarded on the basis of the evaluation of a course (course by course), a series of courses (two or more courses equivalent to one course), or a block of courses (a group of courses equivalent to a specified number of credit hours).

The University of Regina will recognize course work completed at the undergraduate level for transfer credit for courses that are deemed to be at the university level from all eligible institutions. Transfer credit awards will only be applied to a student's chosen program if they meet the minimum transfer grade point average (GPA) and grade requirements of the Faculty or Academic Unit and only to the maximum credit hours allowable under the published regulations for admission and/or degree completion. Students must complete the residency requirements of their chosen program.

Courses taken at the undergraduate level will not be recognized for graduate level transfer credit and courses taken at the graduate level will not be recognized for transfer credit at the undergraduate level.

More information on the regulations and processes associated with transfer credit at the University of Regina can be found at: www.uregina.ca/student/registrar/transfer-credit/.

Transfer of Credits from IB and AP Programs

Advanced Placement (AP) courses with a grade of 4 or better and higher-level International Baccalaureate (IB) courses with a grade of 5 or better may be granted transfer credit. A list of currently transferable courses can be found at www.uregina.ca/student/registrar/transfer-credit.

An official IB or AP transcript is required in addition to the provincial high school transcript and must be sent directly from the AP or IB main office to the appropriate undergraduate Enrolment Services office.

Transfer of Credits for Courses Taken after Admission (Letter of Permission)

With the permission of their faculty/college, admitted and current students may take courses at another recognized institution for transfer to their program. To be eligible for a Letter of Permission students must:

- be in good academic standing with their faculty/college by meeting the minimum academic standards of their program and without having any current academic actions (probation, RTD, MW, etc.); and
- be in good financial standing with the University.

The University of Regina retains the right to refuse the award of transfer credit for students who take courses at another institution and do not obtain a Letter of Permission in advance of taking those courses.

Credit by Challenge

Challenge examinations allow a student to obtain credit by demonstrating mastery of the course material in a comprehensive examination. The following restrictions apply:

- Students who have attended another university before the University of Regina may not apply for credit by challenge until the evaluation of transfer credits from their previous university program has been completed.
- Except in special circumstances and with the permission of the Dean of their faculty, students may not apply for credit by challenge if they have completed more than 15 credit hours at the University of Regina.
- Courses audited or taken for credit (whether passed or failed) at the University of Regina or any other university may not be challenged.
- No course may be challenged more than once.
- Students may not challenge a prerequisite course after successfully completing the advanced course except by permission of the department head.

Each faculty and department may decide which courses may be challenged. No business administration, education, or activity-based courses are eligible for challenge. Each faculty and department also determine the method of conducting the challenge examination, which must be in a form that can be reassessed. Grading of a challenge examination is the same as that of the course challenged (that is, either numerical or pass/fail). A student may apply to have the grade assigned to a challenge examination reassessed.

Applications to challenge credit are made through the Registrar's Office, using an Application for Credit by Challenge. The fee for the examination is the same as tuition and fees for the regular course.

Prior Learning Assessment and Recognition (PLAR)

PLAR is facilitated through the Centre for Continuing Education. Some faculties and academic units on campus have formal policies on Prior Learning Assessment and Recognition: Other forms of PLAR in limited use at the University of Regina include the following:

- Block (transfer) or direct credit, or advanced standing, for work experience in selected programs that require this type of experience
- Evaluation based on portfolio

Specific information on PLAR regulations can be found in the faculty, federated college, or academic unit sections in the undergraduate calendar.
