Tanner Fors	ter, BA in Economics (2014):
My undergraduate quantitative skills of Western Ontari accessible for extra differing economi	Manager of Portfolio Analytics for The Bank of Nova Scotia in Toronto. e degree built a solid foundation of both theoretical knowledge and helping me to earn a Masters of Financial Economics from the University o. I felt the professors were knowledgeable, friendly, and always ra support. In addition, my course work exposed me to a variety of c schools of thought and sub-topics to explore; all of the courses helped analytical and critical thinking skills.
