Get your unofficial transcripts from UR Self-Service.

Submit application package to Department by February 1.

Why are you interested in completing an honours thesis?

Which research areas are of interest to you?

What are your future plans?

DID YOU KNOW ?

The application process ensures that everyone—even students who are not already engaged in research with a prospective supervisor—is considered for entry into the program.

What are the main components for completing a psychology honours program?

PSYC 400AA/AB
Honours Course & Thesis in Psychology

PSYC 405
Advanced Statistics in Psychology

PSYC 408
History & Systems in Psychology

What are the main components?

- Original supervised research project
- Written thesis
- Poster presentation at symposium

Think about all the other experiences you have had that may have prepared you for the Honours thesis:

- Coursework (e.g., literature reviews, lab reports, analyzing data, presenting about research)
- Work experience (e.g., analytical, planning, organization, time management)
- Volunteer experience (e.g., working with specific populations, exposure to research paradigms)

DID YOU KNOW ?

Most applicants to the honours program have no research experience! In fact, the purpose of PSYC 400 is to provide these research experiences.
