

My Levene MBA helped me hone my personal and professional skills through comprehensive experiential learning such as co-op internships, real world consulting projects, and an international study tour to France and Germany.

Khaleel Soomro
MBA Student

My Levene Master in Human Resource Management has developed me as an individual and a leader. Working in culturally diverse groups prepared me for leading global teams more effectively; developing my approach to problem solving through critical and creative thinking has broadened my perspective. My co-op work experience let me apply the knowledge I gained. Let the Levene Master do the same for you.
