We Are Monsters

This hilarious musical follows human kids into a monster cabaret filled with quirky monster characters. The adventurous humans uncover vegetarian vampires and rock n' roll werewolves, gradually realizing there may be more to these monsters than meets the eye! Most importantly these monsters and kids discover the importance of friendship and celebrating in the attributes that make each of us different and unique.

Attack of the Killer Grasshoppers

At an unusual school science fair, the displays are as wacky as can be: wrinkle-free bacon, Hamburger Helper face cream, and piranha fish now dedicated to a vegetarian diet! Meanwhile, on the isolated island of Malibula, something dreadful has happened at the 'Unusual Bug Research Center.' The once congenial native grasshoppers have turned beastly, big, and voracious and are now vaulting, pouncing, and chomping! What has this to do with the science fair? The face cream has the grasshoppers as a chief ingredient. Anyone who slaps on the goop becomes... (gasp!!!) it's too terrible to describe! Get ready for this hilarious musical that will have you rolling (or hopping!) in the aisles.
