The final exam for this course requires pen and paper invigilation. **You must select your final exam location within your course.** Below is an example of how it will look in your course:

This allows you to select which location is most convenient for you to write your final exam. If the locations listed are not suitable, please select "other" and follow the instructions for next steps as indicated within the selection tool.

If you select "other", you will be responsible for arranging and paying all fees associated with the invigilation. If you do not make a selection, you will be required to write the exam on the main campus at the University of Regina. **Please refer to UR Self-Service for the date/time of the final exam.** If you have any questions with respect to your exam invigilation arrangements, please contact CCE.StudentServices@uregina.ca.

Tips for a Successful Online Course

- Check to make sure you have access to basic computer equipment and that you are familiar with it. For example, you will need regular access to a computer with an Internet connection. **Make sure you feel comfortable working on the computer and on the Internet (including email) before the class starts!!**

- Start your course on the first day of classes, **especially because a number of assignments are due in the first two weeks of classes!!** If you are going to be late starting the course, let your instructors know as soon as you can – i.e., before you fall too far behind, miss an assignment, etc.

- Check-in on your course on a regular basis because course information and updates will be posted on the home page and in the discussion area throughout the semester. Make sure you know what is happening!

- Keep up with your weekly readings in the textbooks and online.

- Complete your assignments and group work on time.

- While the course is running, discuss in your group and/or let your instructor know **right away** if you have questions about your lectures, readings, assignments, discussions, etc. so that you can get help right away!!

- Contact technical support (it.support@uregina.ca) as soon as possible if you have trouble with the UR Courses site while the course is running. If you do not tell anyone you are having problems, no one can help.
