RUSS MIRASTY

The Honourable Russell Mirasty, a member of the Lac La Ronge Indian Band and fluent Cree speaker, is best known as Saskatchewan's first Indigenous Lieutenant Governor. Born and raised in La Ronge, he grew up immersed in Cree culture, laying the foundation for a lifetime of public service and leadership.

Mr. Mirasty joined the RCMP in 1976 as one of only two Indigenous cadets at the time. Over a distinguished 36-year career, he served in seven provinces and rose to the rank of assistant commissioner — the first Indigenous person to serve as a commanding officer. He was known for advancing respectful policing, cross-cultural understanding, and the mentorship of Indigenous recruits.

Following his RCMP retirement in 2013, Mr. Mirasty continued his public service through provincial and national initiatives focused on education and youth. He co-led a province-wide Student First Engagement process on behalf of the Ministry of Education that would eventually inform a new provincial K-12 education strategy.

In 2019, Prime Minister Justin Trudeau appointed Mr. Mirasty as Lieutenant Governor of Saskatchewan. His term, which concluded in 2024, was widely praised for its humility, accessibility, and emphasis on reconciliation, youth empowerment, and literacy. His ability to speak Cree during formal occasions added powerful representation and inclusivity.

Together with his wife, Donna, Mr. Mirasty remains active in community work, inspiring a new generation of leaders grounded in cultural pride, service, and reconciliation. His legacy is one of integrity, compassion, and a deep commitment to the well-being of all Saskatchewan people.

Mr. Mirasty receives an Honorary Doctor of Laws *honoris causa* (LLD) on June 11.

JIM TOMKINS

Dr. Jim Tomkins has been a cornerstone of the University of Regina for over five decades, serving as a mathematics professor, administrator, and leader. His connection with the University began in 1963, working on the construction of the then new campus.

After earning a mathematics degree from the University of Saskatchewan and a master's and PhD in statistics from Purdue University, Dr. Tomkins returned to Regina in 1969 to join the faculty of the Department of Mathematics and Statistics. Over the next 37 years, he held numerous roles, including Vice-President (Administration) from 1998 to 2005, and was seconded to the Government of Saskatchewan as a senior policy analyst in post-secondary education from 1994 to 1998.

He served as the University of Regina's sixth President and Vice-Chancellor from 2007 to 2008, and as its eighth Chancellor from 2013 to 2019, presiding over Convocation ceremonies and serving on the Board of Governors.

Deeply committed to community service, Dr. Tomkins has been a board member of Regina Palliative Care, a council member of the Canadian Red Cross Society, and a trustee of the Saskatchewan Healthcare Employees' Pension Plan.

In 2023, Dr. Tomkins and his wife, Dr. Lynn Tomkins, received the Outstanding Philanthropist Award from the Association of Fundraising Professionals South Saskatchewan Chapter. Through their foundation, they have supported organizations such as the Regina Transition House and Mosaic Stadium.

His legacy is defined by his dedication to education, leadership, philanthropy, and service to both the University and community.

Dr. Tomkins receives an Honorary Doctor of Laws *honoris causa* (LLD) on June 12.

LILLIAN DYCK

The Honourable Dr. Lillian Eva Quan Dyck, OC, is a trailblazing neuroscientist, professor, and former Senator whose life has been dedicated to science, education, and advocacy for Indigenous and women's rights.

Born in North Battleford, she is of Cree and Chinese heritage and a member of the George Gordon First Nation. Dr. Dyck earned multiple degrees from the University of Saskatchewan, including a PhD in biological psychiatry – becoming the first Indigenous woman in Canada to earn a PhD in the sciences.

At the University of Saskatchewan, she served as a professor of psychiatry and associate dean of Graduate Studies. Her research explored neurotransmitters related to mental health conditions such as Alzheimer's, depression, and schizophrenia. As one of the few women in science in the 1980s, she became a passionate advocate for equity, mentoring Indigenous and women students and co-chairing the Women's Studies Research Unit.

Dr. Dyck was appointed to the Senate of Canada in 2005, making history as the first female Indigenous Senator and the first Canadian-born Senator of Chinese descent. During her 15-year tenure, she chaired the Senate Committee on Aboriginal Peoples and championed issues such as missing and murdered Indigenous women and sex-based discrimination in *The Indian Act*. Her work contributed to landmark legislative reforms.

She has received numerous accolades, including the National Aboriginal Achievement Award and the YWCA Woman of Distinction Award.

Since retiring in 2020, Dr. Dyck continues to inspire through her legacy of advocacy, academic excellence, and unwavering pursuit of justice and equality.

Dr. Dyck receives an Honorary Doctor of Science *honoris causa* (DSc) on June 12.

Friday, June 13 | 9:30 am

DON HALL

For more than 40 years, Don Hall served as the University of Regina's photographer, capturing campus life with remarkable skill, artistry, and heart. From Convocations to athletic events, his photographs documented the University's evolution and helped shape its public image. His work appears in countless recruitment materials, publications, and exhibitions, creating a powerful visual archive of the University's history.

Born and raised in Saskatchewan, Mr. Hall studied at the University of Saskatchewan's Regina Campus from 1968 to 1970 and completed his photography training at the Northern Alberta Institute of Technology.

Known for his ability to connect with people, Mr. Hall had a calming, respectful presence that put subjects at ease — whether first-year students or visiting dignitaries. The trust he built helped him craft thousands of memorable images that tell both personal and institutional stories. Mr. Hall taught photography at the University from 1976 until his retirement, a role that brought him much satisfaction.

Outside the University, he earned a reputation as one of Saskatchewan's leading fine art photographers. His images of rural and urban landscapes, architecture, and portraits have been widely exhibited across Canada and are held in major collections including the Glenbow Museum, Remail Modern, Mackenzie Art Gallery, and Canada Council Art Bank.

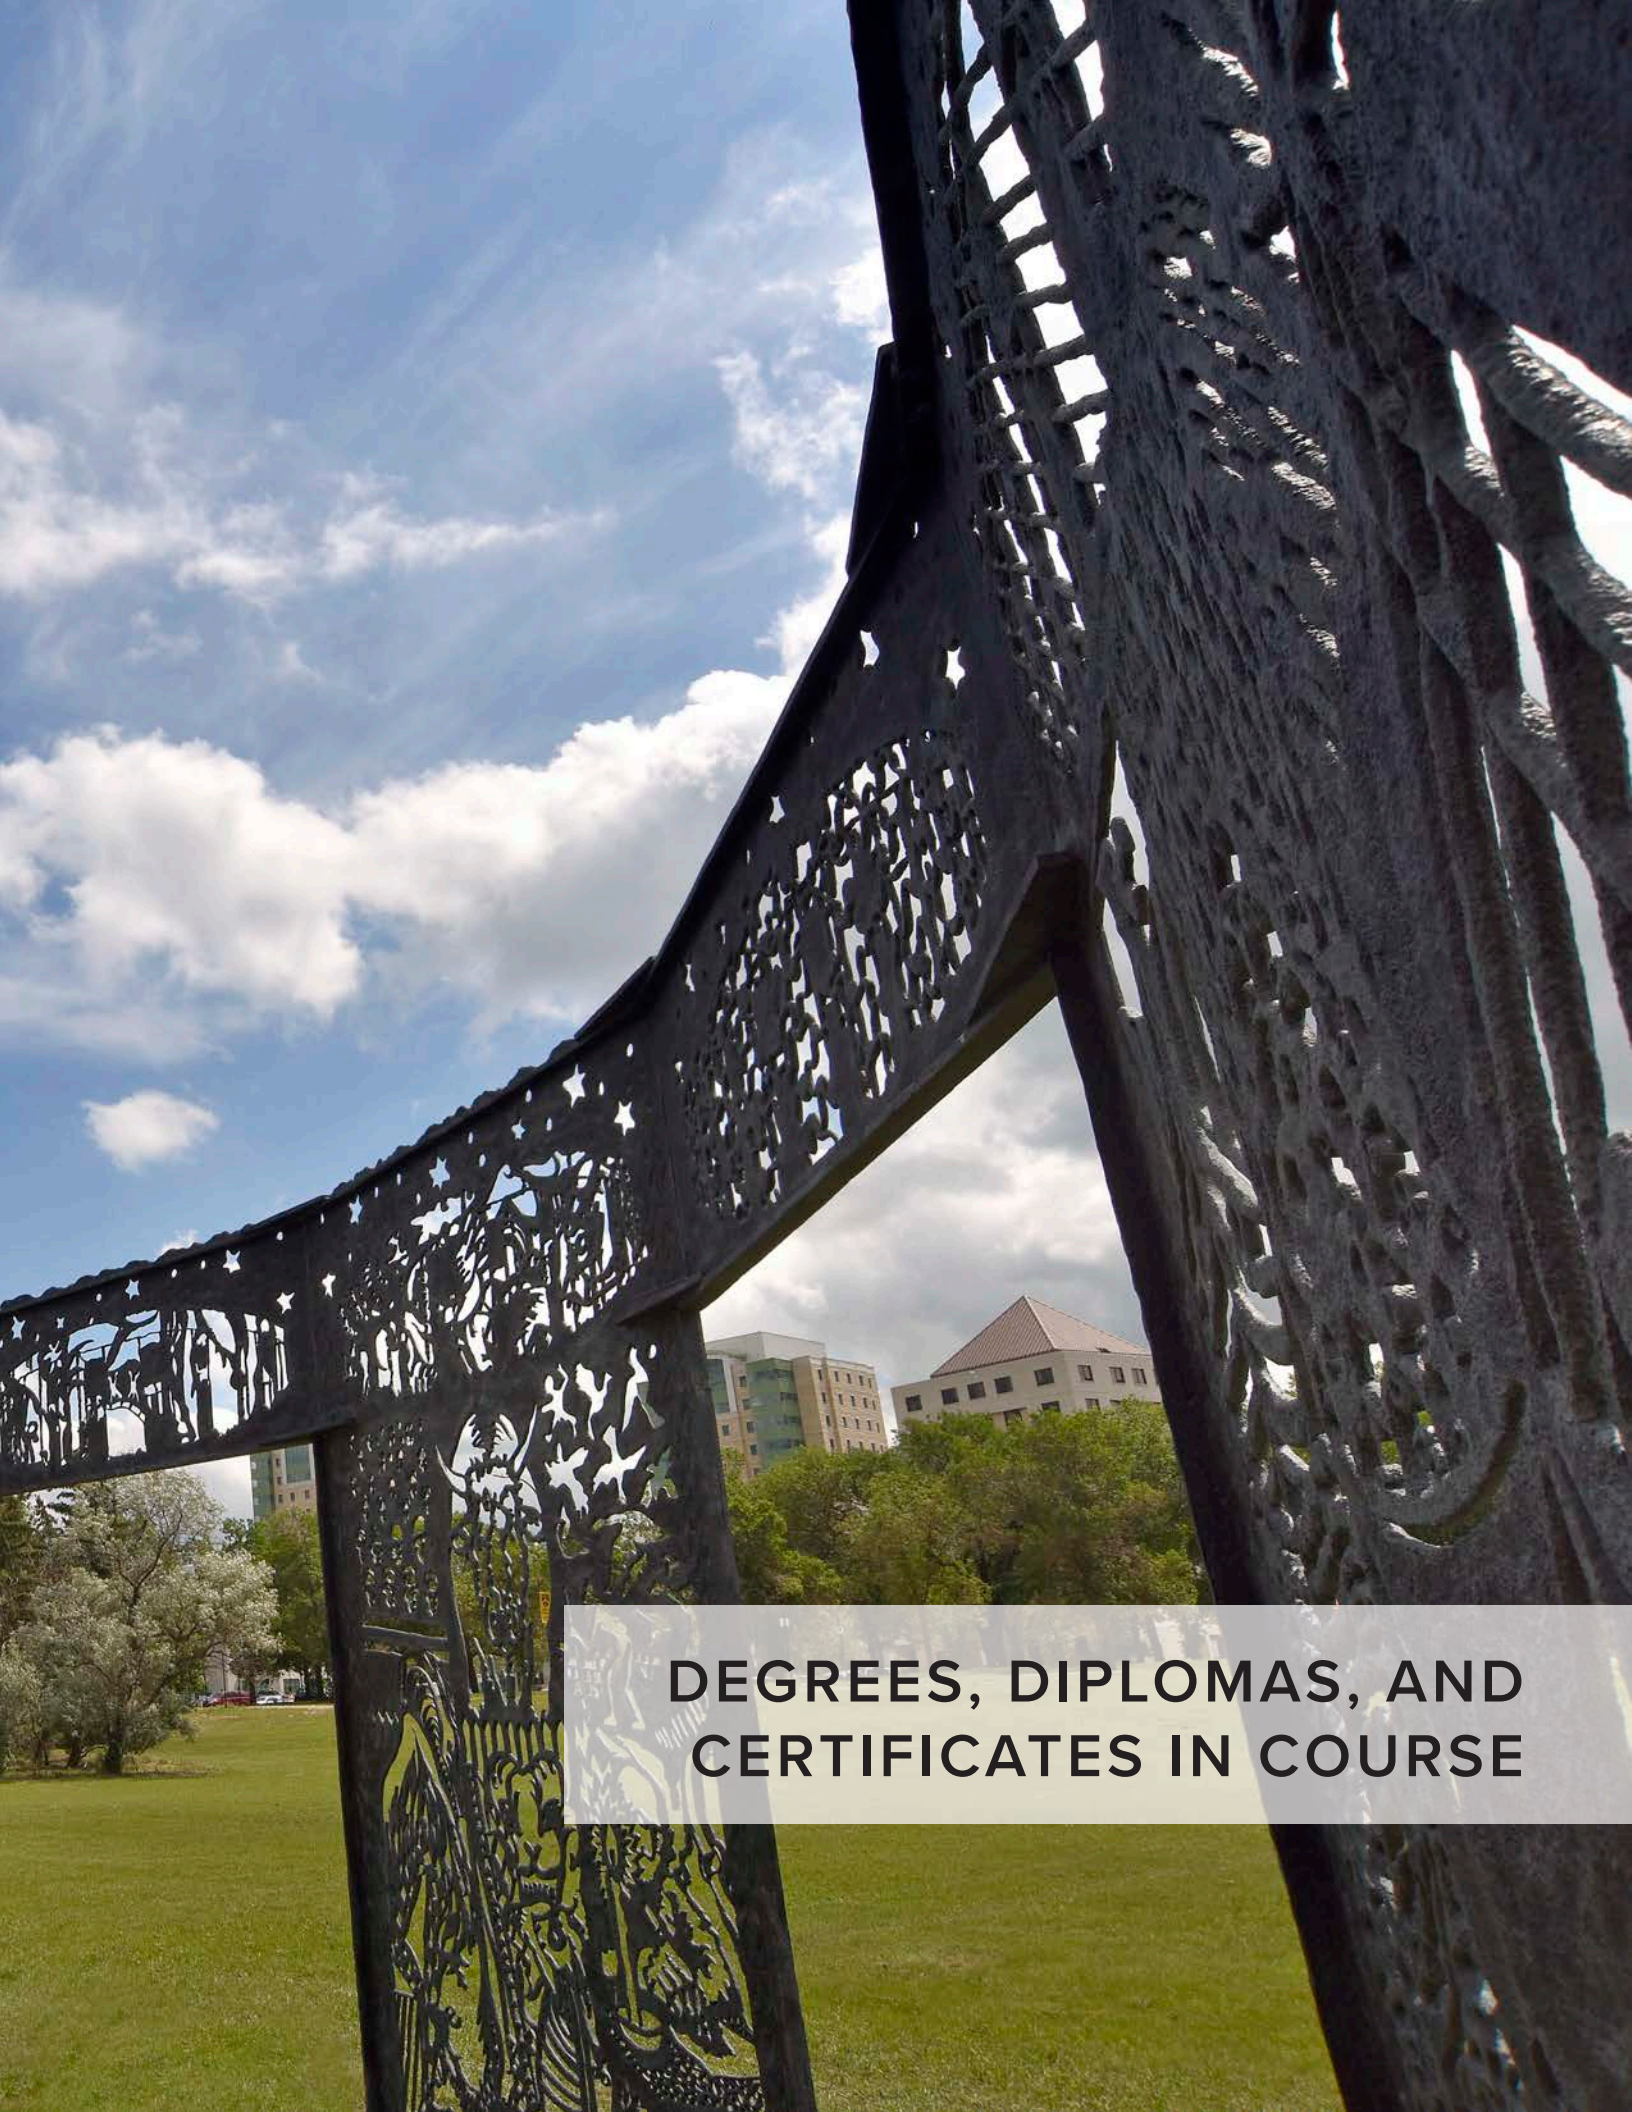

He also contributed as an editor and curator, co-editing *Between Time and Place: Contemporary Saskatchewan Photography* in 1989 and appearing in the documentary *Landscape as Muse* in 2004.

Mr. Hall retired in 2016, leaving a legacy as a gifted artist, mentor, and storyteller. Known for his warmth, humility, and generosity, his work continues to inspire and connect people to place, memory, and meaning.

Mr. Hall receives an Honorary Doctor of Fine Arts *honoris causa* (DFA) on June 13.

Petroleum Systems Engineering
Thesis: Experimental characterization and machine learning optimization of polymer nanocomposite membranes for carbon capture systems
Co-Supervisors: Dr. S. D. Jacob Muthu and Dr. Ezeddin Shirif
External Examiner: Dr. Abdelbaki Benamor, Qatar University

Ali Cheperli

Petroleum Systems Engineering
Thesis: Microfluidic investigation of cyclic solvent injection: From reservoir-on-the-chip to large scale
Supervisor: Dr. Farshid Torabi
External Examiner: Dr. Alireza Nouri, University of Alberta

Yupeng Fu

Environmental Systems Engineering
Thesis: Development of factorial equilibrium analysis methods for supporting water resources and environmental management
Supervisor: Dr. Guo Huang
External Examiner: Dr. Xiaosheng Qin, Nanyang Technological University

Dengcheng Han

Environmental Systems Engineering
Thesis: Development of optimization-driven environmental equilibrium analysis methods for supporting multi-level resource management
Supervisor: Dr. Guo Huang
External Examiner: Dr. Hua Zhang, Texas A&M University

Trudy Lynn Keil

Education
Thesis: Alliances, assemblages, and affect: Teacher activism within and beyond the union in Saskatchewan
Supervisor: Dr. Pamela Osmond-Johnson
External Examiner: Dr. Sue Winton, York University

Md Saiful Arif Khan

Industrial Systems Engineering
Thesis: Bridge infrastructure resiliency assessment against seismic hazards
Supervisor: Dr. Golam Kabir
External Examiner: Dr. Arnold Yuan, Toronto Metropolitan University

Meihan Li

Education
Thesis: Exploring Chinese EFL teachers' use of translanguaging in the classroom: An ethnographic case study
Supervisor: Dr. Cristyne Hebert
External Examiner: Dr. Caroline Riches, McGill University

Xiajing Lin

Environmental Systems Engineering
Thesis: Development of factorial optimization-based equilibrium analysis methods for supporting low-carbon transition of power systems
Supervisor: Dr. Guo Huang
External Examiner: Dr. Fuzhan Nasiri, Concordia University

Jidefor Jerome Oloto

Industrial Systems Engineering

Aditya Kalpesh Pathak

Electronic Systems Engineering
Thesis: Secure and scalable blockchain mechanisms for IoT applications
Supervisor: Dr. Irfan Al-Anbagi
External Examiner: Dr. Natalia Stakhanova, University of Saskatchewan

Shima Pilehvari

Industrial Systems Engineering

Thesis: Develop innovative methodology to optimally fill in missing values and predict progression on multiple sclerosis
 Supervisor: Dr. Wei Peng

External Examiner: Dr. Francis Bui,
 University of Saskatchewan

Morteza Sabeti

Petroleum Systems Engineering

Thesis: Influence of pore structure and fluid properties on the dynamics of foamy oil production: An experimental and numerical analysis
 Supervisor: Dr. Farshid Torabi
 External Examiner: Dr. Juliana Leung,
 University of Alberta

Makhdumabanu Farukali Saiyed

Electronic Systems Engineering

Thesis: Adaptive systems for DDoS attacks detection and mitigation in IoT networks
 Supervisor: Dr. Irfan Al-Anbagi
 External Examiner: Dr. Hadis Karimipour,
 University of Calgary

Ali Salehpour

Electronic Systems Engineering

Thesis: Machine learning-based models for failure prediction and propagation in smart grid systems
 Supervisor: Dr. Irfan Al-Anbagi
 External Examiner: Dr. Amir Ameli,
 Lakehead University

Gaurav Walia

Electronic Systems Engineering

Thesis: Dielectric characterization of materials and lossy filter design using reflected group delay
 Supervisor: Dr. Paul Laforge
 External Examiner: Dr. Mohammad Hossein Zarifi,
 The University of British Columbia

Congning Yang

Process Systems Engineering

Thesis: Experimental evaluation of innovative catalytic heat exchangers for energy-efficient amine-based post-combustion CO₂ capture processes
 Co-Supervisors: Dr. Paitoon Tontiwachwuthikul and Dr. Christine Chan
 External Examiner: Dr. Luis Ricardez-Sandoval,
 University of Waterloo

Xiaogui Zheng

Environmental Systems Engineering

Thesis: Development of factorial optimization-driven equilibrium analysis methods for supporting multidimensional environmental management
 Supervisor: Dr. Guo Huang
 External Examiner: Dr. Lei Liu, Dalhousie University

MASTER OF APPLIED SCIENCE**Samuel Nii-Adjei Adjetej**

Process Systems Engineering

Thesis: Beyond net-zero carbon emissions in industrial processes through catalyst-aided amine solvents for the indirect co-combustion of natural gas and biomass
 Supervisor: Dr. Raphael Idem

Muhammad Ripon Khan Akash

Industrial Systems Engineering

Thesis: Process improvement using DMAIC in the apparel industry
 Supervisor: Dr. Sharfuddin Ahmed Khan

Raymond Owiredun Asante

Process Systems Engineering

Thesis: Stability studies of a novel amine blend for the capture of CO₂ generated from indirect co-combustion of natural gas and biomass
 Supervisor: Dr. Raphael Idem

Thomas Boakye

Process Systems Engineering

Thesis: Investigative studies on the stability of an amine blend in the presence of exhaust gas dust (metal oxide) impurities during an amine-based CO₂ capture process
 Supervisor: Dr. Raphael Idem

MD Thouhidul Islam Chowdhury

Electronic Systems Engineering

Thesis: A novel beam management strategy using UE trajectory mapping
 Supervisor: Dr. Raman Paranjape

Adjei Domfeh

Process Systems Engineering

Thesis: Mathematical modeling and simulation of the performance of potassium glycinate in CO₂ absorption in a packed-bed absorption column
 Supervisor: Dr. Raphael Idem

Rawan Refaat Mostafa Ali Ibrahim Elersawy

Industrial Systems Engineering

Thesis: Development of a co-axial tri-extruder for low-melting point metals and UV-curable resins
 Supervisor: Dr. Mohammad Khondoker

Abbas Fallah

Process Systems Engineering

Thesis: Absorption capacity of carbon dioxide in aqueous solution of 1,2-bis(3-aminopropylamino) ethane and Dytex EP diamine: Experimental measurements and simulation with the E-NRTL model
 Supervisor: Dr. Amr Henni

Angel Galaviz Roman

Industrial Systems Engineering

Thesis: Forecasting CO₂ emissions and identifying key CCUS factors for achieving net-zero targets in the North American cement, iron, and steel industries
 Supervisor: Dr. Golam Kabir

Md Ahsanul Habib^o

Industrial Systems Engineering

Thesis: Development of a pellet extruder with co-axial nozzle for 3D printing using inflatable extrudates
 Supervisor: Dr. Mohammad Khondoker

Mariam Hanson

Process Systems Engineering

Thesis: Optimization of heterogeneous bio-based catalysts and synthesis of inorganic equivalent for large-scale biodiesel production
 Supervisor: Dr. Raphael Idem

Erfan Jalali

Electronic Systems Engineering

Thesis: Dynamic user motion prediction using advanced Kalman filtering in 5G mmWave systems
 Supervisor: Dr. Raman Paranjape

Mahdi Mohemi Moshkenani

Industrial Systems Engineering

Thesis: Automated aerial detection of spruce tree crowns through YOLOv5 and watershed segmentation
 Supervisor: Dr. Wei Peng

Shima Mollazadeh^o

Industrial Systems Engineering

Thesis: Advanced CNN architecture integrating machine learning algorithms for precise Alzheimer's disease classification
 Co-Supervisors: Dr. Paitoon Tontiwachwuthikul and Dr. Farshid Torabi

Arash Motalebi

Industrial Systems Engineering

Thesis: Comparative life cycle assessment framework for eco-friendly building solutions: Analyzing environmental impacts of 3D printing versus traditional construction in a remote area
 Co-Supervisors: Dr. Golam Kabir and Dr. Mohammad Khondoker

Farzin Naghibalsadati

Environmental Systems Engineering

Thesis: The role of modular construction and BIM technologies in sustainable construction and demolition waste management
 Supervisor: Dr. Tsun Wai Kelvin Ng

Arezoo Nazarian

Industrial Systems Engineering

Thesis: Overcoming barriers to digital technology adoption in blood supply chain
 Supervisor: Dr. Sharfuddin Ahmed Khan

Enoch Kofi Otoo

Process Systems Engineering

Thesis: Flue gas pretreatment method for removal of SO₂ for solvent-based post-combustion carbon dioxide capture
 Supervisor: Dr. Raphael Idem

Arafater Rahman

Industrial Systems Engineering

Thesis: Structural analysis and fatigue prediction of harrow tines used in Canadian prairies

Co-Supervisors: Dr. Mohammad Khondoker and Dr. Golam Kabir

Madhu Ramanathan

Process Systems Engineering

Thesis: Ground-source heat pumps for agricultural greenhouse heating in cold climates
Supervisor: Dr. Amornvadee Veawab**Shahanaj Sultana**

Industrial Systems Engineering

Thesis: The impact of 3D printing on traditional construction supply chains: Challenges, benefits, and a proposed framework

Co-Supervisors: Dr. Sharfuddin Ahmed Khan and Dr. Mohammad Khondoker

Ghazi Abu Taher^o

Industrial Systems Engineering

Thesis: Predicting Canadian drug shortages using machine learning techniques
Supervisor: Dr. Denise Stilling**Zaima Tasneem**

Environmental Systems Engineering

Thesis: The impacts of on-demand transit service on ridership and the economy
Supervisor: Dr. Yili Tang**Anica Tasnim**

Environmental Systems Engineering

Thesis: Integrating stewardship and resource recovery: A dual-faceted analysis of e-waste and used oil management practices of Canadian provinces

Supervisor: Dr. Tsun Wai Kelvin Ng

Md. Nasir Uddin

Industrial Systems Engineering

Thesis: Fabrication of PLA-hemp 3D printing filaments

Co-Supervisors: Dr. Denise Stilling and Dr. Mohammad Khondoker

FACULTY OF GRADUATE STUDIES AND RESEARCH

DOCTOR OF PHILOSOPHY

Brendan Alexander Bishop

Geology
Thesis: Non-traditional sources of critical minerals from the Western Canada Sedimentary Basin
Supervisor: Dr. Leslie Robbins
External Examiner: Dr. Christopher Lawley, Geological Survey of Canada - Central Division

Vijay Kumar

Physics
Thesis: Measurement of the pion exclusive electro-production cross-section in the E12-19-006 experiment in Hall-C at Jefferson Lab
Supervisor: Dr. Garth Huber
External Examiner: Dr. David Ireland, University of Glasgow

Varun Neelamana

Physics
Thesis: Beam asymmetry in the reaction $\gamma p \rightarrow \pi^+ \Delta^+$ at Glue X
Supervisor: Dr. Zisis Papandreou
External Examiner: Dr. Dan Watts, University of York

Arnaud Ngopnang Ngompe

Mathematics
Thesis: Enriched model categories and the Dold-Kan correspondence
Co-Supervisors: Dr. Donald Stanley and Dr. Martin Frankland
External Examiner: Dr. Kate Ponto, University of Kentucky

Sirvan Parasteh

Computer Science
Thesis: New probabilistic approaches for detecting and evaluating concept drift in data streams
Supervisor: Dr. Samira Sadaoui-Mouhoub
External Examiner: Dr. Omair Shafiq, Carleton University

Chengjun Shi

Computer Science
Thesis: Three-way data analysis and multi-criteria decision-making: Thinking, modeling, and explaining in threes
Supervisor: Dr. Yiyu Yao
External Examiner: Dr. Carson Leung, University of Manitoba

Mofareh Abdullah S Waqdan

Computer Science
Thesis: A security risk assessment framework for IoT systems
Co-Supervisors: Dr. Habib Louafi and Dr. Malek Mouhoub
External Examiner: Dr. Abdelfattah Amamra, California State Polytechnic University

MASTER OF SCIENCE

Emma Catherine Blanken

Biology
Thesis: Intersexual roost site selection by the little brown Myotis in Cypress Hills, Saskatchewan
Supervisor: Dr. R. Mark Brigham

Statistics

Faraz Khan

Biology

Thesis: Analysis of dissolved organic matter character and dynamics using optical techniques in prairie wetland ponds
Supervisor: Dr. Britt Hall

Abygail Rose Korbo

Chemistry

Thesis: Developing photoresponsive lipid nanoparticles for the triggered release of small molecules
Supervisor: Dr. R. Murphy

Qiaoyi Li

Computer Science

Thesis: Progressive partition-based granular computing and complexity measures
Supervisor: Dr. Yiyu Yao

Arshatkumar Ghanshyambhai Limbani

Computer Science (Data Science)

Jizhong Liu

Physics

Thesis: Beta-delayed proton emission of magnesium-20 and the RCMP silicon detector array
Supervisor: Dr. Gwen Grinyer

Valerii Maliuk

Computer Science

Thesis: Learning hypertrees with shortest path queries
Supervisor: Dr. Sandra Zilles

James Scott McWilliams

Geology

Thesis: Geochemical analyses of amber associated with dinosaur bonebeds in central North America
Co-Supervisors: Dr. Maria Velez Caicedo and Dr. Ryan McKellar

Asim Mehmood

Computer Science

Thesis: Towards root cause analysis in hybrid dynamic domains
Supervisor: Dr. Shakil Khan

Ei Ei Mon

Computer Science

Mina Nasrollahishirazi

Biology

Thesis: Role of erythritol catabolism by *Rhizobium johnstonii* in the rhizospheres of lentil, pea, and vetch

STUDENT AWARDS AND UNIVERSITY TRADITIONS

STUDENT AWARDS AND UNIVERSITY TRADITIONS

GOVERNOR GENERAL'S ACADEMIC GOLD MEDAL

The Governor General's Academic Gold Medal recognizes the outstanding academic performance of a graduate student. The decision of the Faculty of Graduate Studies and Research Scholarship and Awards Committee is based on the quality of the thesis or exhibition, external examiner's report, quality of the defense, course work, cumulative grade point average (CGPA), publications and presentations deriving directly from the research done for the thesis or exhibition, and on awards received. The pool of applicants includes graduate students who apply for graduation at the Spring Convocation, or who graduated at the previous Fall Convocation.

Dr. Brendan Bishop, PhD in Geology

Brendan's PhD research focused on new mineral sources from Western Canada, specifically rare earth elements (REE) from coal waste and lithium from subsurface brines. Graduating with an average of 92.00%, Brendan's impressive thesis work has already been translated into published work, with six chapters of his thesis published as articles, including two in the high impact journal *Environmental Science & Technology*. During his time at U of R Brendan received many awards, including an NSERC Canada Graduate Doctoral Scholarship, but his impact goes beyond his personal research. Brendan was a significant contributor to the culture in the Department of Earth Sciences as the founder and first president of the department's student chapter of the Society for Economic Geologists. Such was Brendan's impact that his supervisor Dr. Robbins shared the following, "I can say that he may be a once in a career PhD student and his graduation will represent a significant loss to my lab group."

GOVERNOR GENERAL'S ACADEMIC SILVER MEDAL, FACULTY OF SCIENCE DEAN'S MEDAL, AND UNIVERSITY PRIZE IN SCIENCE

The Governor General's Academic Silver Medal recognizes outstanding scholastic achievement and is awarded at Spring convocation to the most distinguished undergraduate student receiving a first degree over the past academic year.

Carissa Melnyk, BSc Honours in Psychology *with High Honours*, minor in Biology, and a Certificate in Forensic Psychology

Carissa Melnyk is graduating with a cumulative grade point average of 96.06%. During Carissa's time at the University of Regina, she frequently made the Dean's Honour list and received numerous awards demonstrating her academic excellence. These include the University Medal in 2022, the Academic Gold Scholarship in 2022, the Academic Silver Scholarship in 2023, the Dean of Science Scholarly Achievement Award in 2023, and the Academic Gold Scholarship in 2024. Carissa was an NSERC undergraduate student research award recipient and worked as a Research Analyst with the Provincial Association of Transition Houses and Services Saskatchewan. Notably, Carissa demonstrated excellent community service throughout her undergraduate career, volunteering with the SEARCH Clinic, the Aging, Residents, and Caregivers Research Unit, and the SCEP Center. In addition to her academic and volunteer work, Carissa made time to be a member of the RCMP National Youth Advisory Committee, thereby strengthening her leadership skills.

Carissa is also the recipient of the Faculty of Science Dean's Medal which is awarded each year to the student that the Faculty of Science nominates for the President's Medal; and the recipient of the University Prize in Science which is awarded to the most distinguished student graduating with a first degree from the Faculty of Science.

PRESIDENT'S MEDAL AND FACULTY OF ARTS DEAN'S MEDAL

University of Regina President's Medal is awarded at each Spring and Fall Convocation to a student receiving a first undergraduate degree who has shown academic excellence as well as major leadership and commitment to extra-curricular activities while a student at the University.

Jeremy Beam, Bachelor of Arts Honours in Sociology *with High Honours*, with a minor in Media, Art and Performance

In addition to Jeremy's own excellence in his studies, he has demonstrated an outstanding commitment to the Faculty of Arts, the University, and the broader community.

Jeremy was a Research Assistant in Sociology, analyzing the Canada-US-Mexico Free Trade Agreement earning an Undergraduate Research Award. Integrating his early interest in film with his more recent experiences in sociology, Jeremy focused his honours thesis on a deeply reflexive topic: the hegemonic nature of masculinity in film.

He has worked as a campus tour guide, a tutor, a student representative on the Research Ethics Board as well as the Sociology and Social Studies Department Student Society, a board member at The Carillon, a note taker for the Student Center for Accessibility, a researcher for RPIRG/Canadian Food Studies, a research assistant and a teaching assistant for the Department of Sociology and Social Studies and volunteered his time for Four Directions Community Health Center. He also had fun as the captain of the recreational basketball league and as the founder and president of the University of Regina 5 Pin Bowling Club. In the wider community, Jeremy has worked as a Disability Support Mentor for Creative Options Regina, generously working 20 hours per week. His academic excellence is demonstrated through his receipt of numerous scholarships and awards. He has also earned a place on the Dean's List numerous times and holds an Academic Silver Scholarship.

Jeremy is also the recipient of the Faculty of Arts Dean's Medal which is presented annually at each Spring and Fall Convocation to recognize the academic achievements of an outstanding student in the Faculty of Arts.

UNIVERSITY MEDAL

The University Medal is presented annually at Spring Convocation to the most distinguished student – one who has achieved academic excellence in all courses completed during the previous twelve months with a minimum of 30 credit hours in two terms.

Huzaifah Khan is currently working on a Bachelor of Arts with a major in Psychology in the Faculty of Arts. In the 2024-25 academic year, he achieved an SGPA of 98.16% and completed 36 credit hours.

SE STEWART PRIZE IN ARTS

The Faculty of Arts awards annually the S.E. Stewart Award to the most distinguished of its graduates receiving their first degree. This distinction is based exclusively on academic standing.

Brooke Armstrong, Bachelor of Arts Honours in Psychology *with High Honours* and a Certificate in Forensic Psychology

Brooke Armstrong is graduating today with a Bachelor of Arts Honours, with a major in Psychology and a cumulative grade point average (CGPA) of 92.41. She has earned a spot on the Dean's List several times throughout her studies and earned numerous scholarships and awards.

Over the past two years, Brooke has developed her research skills in psychology as an assistant and lab manager in the Child Evidence Lab at Luther College under the direction of Dr. Kaila Bruer. Brooke has been involved in several forensic-related projects with a particular focus on protecting and supporting children engaged as witnesses in the criminal justice system. Through coding quantitative data and conducting and transcribing hundreds of interviews with children, Brooke contributed to critical research to develop techniques and tools to be provided to professionals in the criminal justice system who work with child witnesses. Brooke intends to continue graduate studies in pursuit of a career as a Forensic Psychologist. Campion College joins the Faculty of Arts in congratulating Brooke on these achievements.

FACULTY OF BUSINESS ADMINISTRATION DEAN'S MEDAL

The Faculty of Business Administration Dean's Medal is awarded at each Spring and Fall Convocation to a student receiving a first degree with a minimum average of 80% who has shown leadership in and commitment to extra-curricular activities while at the University of Regina.

Amy Johnson, Bachelor of Business Administration in Human Resource Management with Great Distinction and Co-operative Education Designation

Amy Johnson is the recipient of the Spring 2025 Faculty of Business Dean's Medal in recognition of her exceptional academic performance, leadership, and dedication to community service. Graduating with Great Distinction and the Co-operative Education Designation, Amy has been named to the Dean's Honour List four times and is the recipient of both the Academic Silver Scholarship and the Dr. George C. Solomon Proficiency Award in Administration.

Amy's leadership and commitment to service are equally outstanding. She has been a dedicated member of the JDC West team since 2021, fundraising and volunteering in support of community organizations such as Hope's Home, the Regina Food Bank, and Carmichael Outreach. She has also contributed her time abroad through missionary work in Portugal and served as a youth leader, mentoring students in faith and fellowship.

Amy is a role model who embodies academic excellence, compassionate leadership, and a deep commitment to improving the lives of others. She represents the highest ideals of the University of Regina.

LEON GOLDMAN AWARD

The Leon Goldman Scholarship is awarded to the most distinguished graduate of the Faculty of Business Administration receiving a first degree at the Spring Convocation. This scholarship was donated by Mr. and Mrs. Norman Gleiberman and family to honour Mrs. Gleiberman's father, Mr. Leon Goldman, on his 75th birthday.

Luca Machiori, Bachelor of Business Administration in Accounting *with Great Distinction*

Luca is graduating with a grade point average of 93.84% which is the highest of the Faculty of Business Administration graduating class at the Spring 2025 Convocation. Luca's academic excellence has been recognized throughout his time as a University of Regina student—he has been named to the Dean's List eight times and has been the recipient of eleven scholarships and awards. Luca has maintained his exceptional level of academic achievement while also obtaining a certificate in Economics and serving as a teaching assistant in the Faculty of Business Administration.

SASKATCHEWAN TEACHERS' FEDERATION AWARD

At each University of Regina convocation ceremony, the Saskatchewan Teacher's Federation (STF) awards a prize to the most distinguished student of the graduating class in the Faculty of Education graduating with a first degree.

Braxton Terrance Snell, Bachelor of Education

Braxton Snell is extremely passionate about physical education because of his first-hand experiences with the physical and emotional benefits that it can provide. In his life, he experienced immense hardships, and it was always sport, physical activity, and the lessons from his past physical education teacher that assisted him in overcoming them. Sport also taught him the importance of never doing anything if you are not going to do it with a full heart. During Braxton's full internship, he was placed in Maidstone, Saskatchewan and became the senior boys' volleyball coach. He participated in over a hundred hours of volunteer coaching. To Braxton, there is no better feeling than being able to assist students in reaching their sporting goals, while also being a role model and support system, much like his physical education educators were for him.

BACHELOR OF EDUCATION AFTER DEGREE PRIZE

The Bachelor of Education After Degree (BEAD) Convocation Prize was established by the Faculty of Education to encourage and recognize BEAD students. The BEAD Convocation prize is awarded to the most distinguished graduate, with an overall internship rating of "Outstanding" and the highest grade point average in the program.

Lauryn Andrew, Baccalauréat de éducation *with Great Distinction*

Lauryn Andrew achieved an exceptional 94.23% program grade point average (PGPA) in the University of Regina's le Bac program. She cultivated her bilingualism through the Saskatoon Public Schools' French Immersion program and credits her experiential learning opportunities, such as their EcoQuest program and two student exchanges in Quebec, for igniting her passion for languages. She challenged her fluency and continued to develop her French language ability by moving to France to work as a language assistant from 2021-2023. Through part-time work opportunities like injury prevention programming in Indigenous communities across Canada with the Canadian Red Cross or as the Communications summer student at Prince Albert National Park, sharing a love of learning with diverse cultures and communities is a common thread that is woven through Lauryn's educational and professional experiences. Following her internship at École Providence in Vonda, Lauryn is proud and excited to be joining the CÉF school division to teach at École Valois in Prince Albert.

FACULTY OF ENGINEERING AND APPLIED SCIENCE DEAN'S MEDAL AND THE U OF R ENGINEERING GOLD MEDAL

The Faculty of Engineering and Applied Science Dean's Medal is presented at each convocation to recognize the achievements of an outstanding student in the Faculty of Engineering and Applied Science.

Maksim Sharoika, Bachelor of Applied Science in Software Systems Engineering, Co-operative Education *with Great Distinction*

Maksim Sharoika is graduating having earned the highest UGPA of the Faculty of Engineering and Applied Science's Spring 2025 graduating class with 94.35%.

Maksim began his academic career in the fall 2020, he received the UR Entrance Scholarship in his first semester and a grand total of 30 scholarships and awards throughout his degree.

Maksim has demonstrated extensive leadership skills through his dedication and commitment to extra-curricular activities throughout his studies and co-op work placements. He served on the Regina Engineering Student Society (RESS) from 2020-2025 in various capacities, he coached with the Regina Community Basketball Association, and was tutor and mentor for many younger engineering students.

Maksim would like to express his deepest gratitude to his mother, Margarita, and his father, Alexander, for their unwavering support, hard work, and countless sacrifices. He credits much of his success to their guidance and encouragement, without which none of this would have been possible.

Maksim has accepted an offer from Farm Credit Canada as a full-stack software developer and continues to support his local community.

Maksim is also the recipient of the U of R Engineering Gold Medal which is awarded annually to an undergraduate of Engineering and Applied Science who has shown both leadership and academic excellence.

FACULTY OF KINESIOLOGY AND HEALTH STUDIES DEAN'S MEDAL AND UNIVERSITY PRIZE IN KINESIOLOGY AND HEALTH STUDIES

The Faculty of Kinesiology and Health Studies Dean's Medal is presented to a student graduating with a first degree who has demonstrated both leadership and academic achievement in the Faculty of Kinesiology and Health Studies.

The University Prize in Kinesiology and Health Studies is awarded at convocation to the most distinguished student graduating with a first degree from the Faculty of Kinesiology and Health Studies.

Donovan Buskey, Bachelor of Kinesiology Honours in Human Kinetics *with High Honours*

As a student in the Faculty of Kinesiology and Health Studies at the University of Regina, Donovan has demonstrated exceptional academic achievement, leadership and commitment to his community.

Donovan has maintained an extraordinary undergraduate grade point average of 94.17%, earning him consistent placement on the Dean's List every semester of his academic career. As a first-generation university student, his accomplishments reflect not only academic excellence but also remarkable determination, resilience and personal growth. He is a two-time recipient of the Academic Gold Scholarship and was named a U Sports Academic All-Canadian in both Fall 2021 and Winter 2022, recognizing his commitment and ability to excel at both academics and athletics.

His involvement with the Cougars Men's Hockey Team speaks to his discipline and time-management skills. In addition to his course work, Donovan also contributed significantly to the academic environment within the KHS faculty. He served as a Teaching Assistant for Dr. Paul Bruno and Dr. Roz Kelsey, where he consistently found effective methods to engage students and enhance their learning experience. He also spent time as a Study Lead and Student Volunteer in Dr. Cameron Mang's Enrich Neurorehab program.

FACULTY OF MEDIA, ART, AND PERFORMANCE DEAN'S MEDAL

The Faculty of Media, Art, and Performance Dean's Medal is presented to a student graduating with a first degree who has demonstrated both leadership and academic achievement in the Faculty of Media, Art, and Performance.

Shaira Alejandro Castillo, Bachelor of Arts in Media, Art, and Performance with a Concentration in Creative Technologies and a minor in Film Production

Shaira is an exceptional student and an accomplished emerging interdisciplinary artist. Working within and across photography, visual design, film, augmented reality, and mixed media, Shaira's practice focuses on themes of culture, identity, nostalgia, and coming of age. Shaira co-founded a multimedia brand in 2022 to celebrate and support the Filipino community in Regina, including Filipino-owned businesses Café Drip and Kuya Wayne's Sari-Sari Store. Shaira also volunteers her digital media skills with her church, as a member of the Audio, Video, and Photo Documentation team. In 2023, Shaira co-founded the Creative Technologies & Design Student Society. Having started her degree during the COVID-19 pandemic, Shaira wanted to help provide new students with the support and community that she did not have access to at the start of her post-secondary studies. Shaira brings integrity, passion, humility, and artistic and intellectual rigour to all that she does. She is a highly driven, gracious student who uses her digital media skills to support others.

W.A. RIDDELL AWARD IN MEDIA, ART, AND PERFORMANCE

The W.A. Riddell Award in Media, Art, and Performance is awarded to a graduate earning a first degree who has demonstrated exceptional artistic merit as well as academic achievement.

Maggie Nicole Robertson, Bachelor of Arts in Media, Art, and Performance with a Concentration in Creative Technologies and a Minor in Theatre and Performance

Maggie Robertson is a Saskatchewan-based multimedia artist, designer, actor, and photographer. As part of Maggie's degree, she studied sound art, film, video editing, photography, graphic art design, social media design, theatre and film acting, performance art, digital storytelling, and Augmented Reality design. In 2023, Maggie's abstract and surreal *Memory Films* were featured in Art's Birthday exhibition at the Neutral Ground Gallery in Regina. For their capstone project, Maggie created an experimental 15-minute film score, presented through an immersive and interactive virtual gallery curated entirely in Minecraft. The virtual gallery displayed several of Maggie's original photographs that fit the dark and anxious aesthetic of the piece. Maggie presented their work, *Stay Here*, at the 2024 Creative Technologies & Design Annual Student Showcase. More recently, their augmented reality experience, *Poetry Pathway*, was featured at the 2025 Frost Regina. In July 2025, Maggie will exhibit their co-created UX design piece, *Tactile Music*, at the Fifth Parallel Gallery.

FACULTY OF NURSING AND SCHOOL OF NURSING DEAN'S MEDAL

The Faculty of Nursing and School of Nursing Dean's Medal is awarded to a graduate of the Saskatchewan Collaborative Bachelor of Science in Nursing (SCBScN) program receiving a first degree with a minimum average of 80%, who has shown leadership and commitment to extra-curricular activities while a student in the program.

Nychyk Vladyslav, Bachelor of Science in Nursing *with Distinction*

Nychyk is graduating with distinction from the SCBScN program with a Program Grade Point Average of 84.79%. He maintained a minimum term average of 81% throughout his four years in the collaborative nursing program. In addition to Nychyk's strong academic performance he also dedicated time to the Saskatoon Nursing Student Society (SNSS). His dedication to the SNSS ranged from being a year one representative to being the President.

Nychyk has a story of resilience and determination. As a first-generation immigrant from the Ukraine, he conquered challenges navigating a new culture and community. He has always had a passion for advocating for the underrepresented and ensuring student's voices are heard. Nychyk also demonstrated resilience as he navigated academic excellence while his home country became an active war zone. During this difficult time, he gained inspiration from the frontline health care providers in Ukraine to persevere though his program.

SASKATCHEWAN REGISTERED NURSES' GOLD MEDAL FOR EXCELLENCE IN CLINICAL PRACTICE

The Saskatchewan Registered Nurses' Gold Medal for Excellence in Clinical Practice is awarded to a graduate of the Saskatchewan Collaborative Bachelor of Science in Nursing program who demonstrates excellence in clinical practice by attaining the highest combined average in four required 300-level clinical courses.

Bailey Stangel, Bachelor of Science in Nursing *with Distinction*

Bailey is graduating with Distinction from the SCBScN program. She excelled academically with a Program Grade Point Average of 83.03%. She also completed her required 300-level clinical courses with the highest average of 87.75%, which is an amazing accomplishment. Bailey was on the Dean's Honour list twice, was a recipient of the 2021 Fall University of Regina entrance award, and the 2024 Fall academic silver scholarship.

FACULTY OF SOCIAL WORK DEAN'S MEDAL AND UNIVERSITY PRIZE IN SOCIAL WORK

The Faculty of Social Work Dean's Medal is presented to student graduating with a first degree who has demonstrated both leadership and academic achievement in the Faculty of Social Work.

Bradley Fraser, Bachelor of Social Work

Bradley Fraser exemplifies the spirit of the Faculty of Social Work Dean's Medal through his unwavering commitment to servant leadership, resilience, and academic excellence. After transitioning from the private sector, inspired by educators and mental health professionals in his family, Bradley embraced the University of Regina's motto, "As one who serves," as a personal and professional calling.

He contributed passionately to university governance, advocated for accessibility, and elevated peer voices through innovative platforms such as student-led podcasts. His leadership extended beyond the classroom to regulatory committees, faculty partnerships, and mentorship initiatives that fostered community and professional growth across the province. Inspired by the enduring compassion and resilience of his grandmother, Elizabeth (Betty) Fraser, Brad also established the Elizabeth (Betty) Fraser Memorial Scholarship to support future generations of social work students. As an undergraduate, Bradley undertook graduate-level coursework and meaningful research rooted in personal loss and hope for social change.

Bradley is also the recipient of the University Prize in Social Work which is awarded to the most distinguished Social Work student achieving the highest-grade point average among students graduating with a first degree in the Faculty of Social Work.

ACADEMIC REGALIA

At live Convocation ceremonies, the academic regalia worn by the graduates and the members of the platform procession may consist of a gown, a hood or stole (worn over the shoulders), and a hat or mortarboard. All universities have distinctive academic dress for each degree conferred and, at times, for the disciplines in which the degree is awarded.

With the exception of students graduating with a PhD and federated college students, graduates wear black gowns. PhD graduates' gowns are scarlet with royal blue around the collar, down the front and around the sleeves.

Students graduating from the University of Regina who have been registered through a federated college wear the following: red gowns for Campion College students, sky blue gowns for First Nations University of Canada students, and royal blue gowns for Luther College students. Students are welcome to wear their Indigenous ceremonial dress, other cultural ceremonial dress, or their military or law enforcement dress uniform with, or instead of, the gown at the Convocation ceremonies.

The following is a list of the Undergraduate and Graduate degree hoods. The first and second squares represent the colour of the outside and inside trim, or lining, respectively. The third square represents the colour of the decorative cord.

CEREMONIAL FURNITURE

The three ceremonial chairs were a gift to the University of Regina from Dr. Terence R. McKague, Chancellor Emeritus, who served as Chancellor from 1989-1995. The chairs were acquired from Carmichael United Church, Dr. McKague's boyhood place of worship. This ceremonial furniture is incorporated into all official ceremonial functions.

ORGANIZATIONAL STRUCTURE OF THE UNIVERSITY

The University of Regina is situated on Treaty 4 lands with a presence in Treaty 6 territory. These are the territories of the nêhiyawak (Cree), Anihşinapek (Saulteaux), and Dakota, Lakota, and Nakoda, and the homeland of the Métis/Michif Nation. Today, these lands continue to be the shared territory of many diverse peoples from near and far.

The University of Regina operates under the terms of *The University of Regina Act*. Convocation comprises the Chancellor, the Senate, all graduates of the University of Regina, all graduates of the University of Saskatchewan at Regina Campus, and such other classes of persons as the Senate may from time to time determine. Convocation meets twice annually, in June and October, unless there are extraordinary circumstances.

The Chancellor is elected by the members of Senate, holds office for three years, presides over Convocation, confers degrees and is *ex officio* Chair of the Senate and a member of the Board of Governors.

Senate is the University's "window on the world." It is concerned with the academic welfare of the institution and has a variety of duties and powers. Most of the broader issues of academic policy within the University are reserved for Senate's approval. In another role, it acts as an ultimate court in academic affairs. The membership of Senate includes persons *ex officio*,

or by virtue of the University offices they hold. Convocation elects another fourteen members of Convocation to the Senate. Students registered in the University elect six students of the University to Senate. In addition, any professional society, group or organization in the province that Senate believes contributes in a significant way to the social, economic and cultural welfare of the province may be represented on Senate.

The Board of Governors consists of eleven members and is responsible for overseeing the administrative and business affairs of the University. It ultimately has authority in matters related to the raising and spending of University funds, and the acquisition and management of University property.

Council's membership includes administrative officers, all Deans and directors of academic programs, all full-time members of the teaching staff, and a number of student representatives. All matters of substance related to the academic affairs of the University, as well as matters of academic discipline, must be considered and approved by the Council.

The Executive of the University of Regina Council (Executive of Council) has been empowered by Council to act on its behalf. Executive of Council membership is devised as a proportional basis of the academic composition of the University.

Disciplines that are related to one another in the broader areas of teaching are, for purposes of administrative and academic planning, brought together into Faculties, of which there are currently ten. Each Faculty is headed by a Dean; formal membership includes the Dean and the teaching members of the various associated disciplines. The Deans are recognized by *The University of Regina Act* as being the heads of their respective Faculties and are directly responsible to the President through the Provost and Vice-President (Academic). Subject to the statutes of the Senate and the University of Regina Council, each Faculty has charge of all matters of scholarship in its disciplines and programs.
