**STUDENTS WITH ACCREDITED DEGREES CHOOSE FROM FOUR BACHELOR OF EDUCATION AFTER DEGREES (B.E.A.D.)**

- Ask us about our After Degree program in Arts Education (minimum of 60 credit hours) for students with an approved university degree that includes 21 credit hours in a major subject area and 12 credit hours in a minor subject area.
- Ask us about our Elementary and Secondary After Degree programs in the Baccalauréat en éducation program (minimum of 60-credit hours) for students with an approved university degree that includes 21 credit hours in a major subject area and 12 credit hours in a minor subject area.
- Ask us about our After Degree program in Secondary Education (minimum of 60-credit hours) for students with an approved university degree that includes 21 credit hours in a major subject area and 12 credit hours in a minor subject area.
- Ask us about our After Degree program (minimum of 60 credit hours) in Elementary Education (Pre-K to Grade 5) and Middle Years Education (Grades 6 to 9) for students with an approved university degree.

Contact us for information on transfer credits and other points of entry into a Teacher Education Program.
1. Our faculty and staff are strongly committed to preparing teachers and to successfully navigating your pathway to an education degree.
2. Students have extensive experiences in the field every year of their program, including an internship in their final year.
3. Class sizes are smaller so students can form relationships with peers and professors.
4. Students take most of their education courses with the same group of students, giving them the opportunity to build lifelong friendships.
5. We co-host Education Career Expo with the Career Centre to provide students the opportunity to make connections with potential employers.
6. The Education Students’ Society focuses on Professional Development and provides funding for numerous Professional Development activities and events.
7. Graduate workshop presentations and the work of the Career Centre help students in applying for positions upon graduation.
8. In preparation for final internship, interns and their cooperating teachers attend a 3-day seminar to prepare for the best possible internship experience. This is the only seminar like this in Canada.
9. Students can choose from four education programs. (Elementary K-5 or Middle Years 6-9 Education, Arts Education, Baccalauréat en éducation, and Secondary Education).
10. We have an excellent reputation resulting in our grads being highly sought in Saskatchewan, Canada and beyond.

Quick Fact: With too few teachers working in French, graduates from our Baccalauréat en éducation française program are hired immediately.
BENEFITS OF A DEGREE IN EDUCATION

- Teacher mobility: Certification with Province of Saskatchewan, Canada recognized in all Canadian Territories and provinces as well as opening pathways to global teaching opportunities!
- Professional development and transferable employment skills
- Internship provides teacher experience before you are hired!

WELCOMING AND PROFESSIONAL STAFF

Our staff are experts at helping students navigate the pathways to successfully completing an Education degree.

MID-SIZED UNIVERSITY

Alumna Christine Selinger says the University of Regina “is big enough that you can still get the classes and education you are looking for and yet it’s still small enough that you have a lot of contact with your peers and your professors.”

NEW MODERN RESIDENCES

Veronica Segura Picado, an exchange student from Costa Rica says, “Residence is so good: the activities they prepare for you, and exposure with other people are really good.”

NETWORKING

Jessica Weber, a 4th-year student who attended the Education Career Expo, says she “had such an amazing time networking with school divisions...So many exciting times ahead.”

Quick Fact:
You can enroll in Education Core Studies (ECS 100) through Campus Regina Public while still in high school and receive an RPS Special Bursary to cover the cost of ECS 100 tuition. Contact us for more information.
