

Are you Ready to Make a Difference?

Who is Mosaic?

The Mosaic Company (www.mosaicco.com), NYSE: MOS, headquartered in Minneapolis, Minnesota, is a \$10 billion company that stands alone as one of the world's leading producers of concentrated phosphate and potash crop nutrients. Our world-class mining and processing operations produce the highest quality fertilizer and animal feed ingredients. As a global leader in nourishing crops and delivering distinctive value to the world's agriculture, Mosaic offers an opportunity to share in an exciting future.

When you work at Mosaic, you're working for a multinational company that is deeply involved in its communities and committed to preserving the environment. You're working at a Fortune 500 company that has a positive impact on the world by nourishing the crops and animals our growing population needs. And you're working at a company that recognizes and rewards your talents with a competitive salary and excellent benefits.

Why will Mosaic be on campus at the University of Regina?

Mosaic is always looking for bright, passionate individuals who see the value in what we do, and who want to start or enhance their careers with a global leader in agriculture. We partner with professional associations and academic institutions--from technical colleges to major universities--to help identify talented and diverse candidates. Once you've joined Mosaic, we want to make sure your experience with us is a valuable one. Our professional development programs are designed to help you succeed and grow in your career with us.
