January 2026

## Dates to Remember

January 2nd –  
University Opens

January 6th – Start of  
term and classes

January 9th – Coop and  
Internship Reports are due  
today. Please submit via  
the link on UR Courses

January 13th – Waitlists are  
deleted today at 9:00am

January 12th – Coop  
applications close today.

January 19th – Last  
day to add classes

January 19th - Last day  
to drop classes with no  
record on your transcript

January 19th – End of  
100% refund period

January 31st – Graduation  
Applications are due today!

January 2026

## Welcome Back!

We hope you all had a fun, restful, revitalizing break and are ready to start a New Year and semester! Remember that you can always come by the Undergraduate Advising Office for any kind of help and assistance. We are looking forward to the Winter 2026 semester. Winter is always a busy and exciting semester!

## Coop Applications

Coop applications are being accepted between January 2nd and January 12th for students who have completed Term 1, 2, 3 and are registered in Term 4. **Placements would begin in Spring/Summer.** Applications and more information can be found here: <https://www.uregina.ca/career-centre/coop/current-students/join.html>

For questions regarding coop or internships, please email [engg.coop@uregina.ca](mailto:engg.coop@uregina.ca)

## Winter 2026 Scholarship Deadline

The 2026 Winter Scholarship Deadline is February 4th.

Log into [SAMS](#) to view all available scholarships and apply there too!

## GRADUATION REQUIREMENTS

Upon completion of all program requirements (or final courses in progress), students are required to apply for graduation.

Apply to graduate through [UR Self-Service](#).

Check out this website for all your information. [Applying to Graduate](#).

<i>Completion of classes</i>	<i>Deadline for Application</i>	<i>Approval by Executive Council</i>	<i>Convocation Ceremony</i>
<i>December</i>	<i>November 30</i>	<i>February</i>	<i>Spring</i>
<i>April</i>	<i><b>January 31</b></i>	<i>May</i>	<i>Spring</i>
<i>Spring/Summer session</i>	<i>July 31</i>	<i>September</i>	<i>Fall</i>

Have a grad check done to ensure you have the classes needed to graduate!

Once you have registered in your required courses for Winter 2026, check your Degree Audit in UR Self Service under Advising. If you have any questions, send an email to [Janice.Savoie@uregina.ca](mailto:Janice.Savoie@uregina.ca). She will do your grad check! No need to make an appointment!

## Graduation Photos

Graduation Photos - optional for undergraduate and graduate students

Students graduating after completion of program requirements in December 2025 or April 2026 may book an appointment through Camera One.

Camera one is the designated photographer for the Faculty of Engineering and prepares the Class Composite.

## ENGINEERING PEER MENTOR PROGRAM

The Engineering Peer Mentor Program offers the opportunity for new undergraduate engineering students to be paired with a senior undergraduate student.

Peer Mentors volunteer to support Mentees in making a successful transition into university life by connecting them with on-campus events, services and resources that are available. Providing social support and practical advice as new students pursue their academic life on campus is the goal of all Mentors. Both Mentors and Mentees benefit from leadership and social support as they fully engage in university life and all that it has to offer.

[Apply online for Winter 2026!](#)

### Benefits of Being a Mentor

- Connect with and welcome new students
- Develop communication and leadership skills which are valuable assets for your future career
- Engage in university and engineering related events
- Build sense of campus community
- Share experiences with new students seeking help
- Give back to the university community
- Empower the next generation of students to excel academically, personally, and professionally.

### Benefits of Being a Mentee

- Networking and meeting new people; increase your social network
- Learning about university life; accessing resources, supports and services
- Connect with the University of Regina and RESS community
- Understanding what to expect in your program and as a university student
- Exposure to new and different perspectives from senior level students
- Learning from senior students' experiences
- Improved leadership and communication skills
- Increased self-confidence and self-awareness
- Being supported by someone and advocated for
- Being encouraged and empowered in personal development

## BRAD HORNUNG ACCOMMODATIONS TEST CENTRE

[The Brad Hornung Accommodations Test Centre](#) is dedicated to fostering an inclusive and supportive environment for students who have been granted exam accommodations through Student Accessibility, and are writing in person at our main campus.

### Exam Bookings

- In order for exam accommodations to be guaranteed, [Exams must be booked](#) a minimum of **7 days** in advance AND **one week** before the last day of classes.
- Exam bookings will not be accepted during the **Final Exam** period. Please ensure that you book your Final Exams well in advance.
- All quizzes, tests, and final exams held on the University of Regina's main campus (excluding those requiring specialized lab space), can be booked at BHATC.
- For invigilation, all exams administered at BHATC are monitored via closed-circuit video surveillance.

## ACADEMIC ACTION FOR FALL 2025

Academic action is assessed at the end of every term. Emails/letters will be distributed to students once final grades are in. Please refer to the information below to familiarize yourself with academic action at the U of R.

**Probation:** A student is placed on probation if their UGPA has slipped below 60% and the student has 24 credit hours (8 courses) to raise to a 60%. If you have been placed on probation you will receive an email to your preferred email address.

**Continued Probation:** A student is placed on continued probation if their UGPA has not been raised to a 60% and courses continue to be counted toward the 24 credit hour maximum before MW (Must Withdraw). If you have been

placed on continued probation you will receive an email to your preferred email address.

**MW (Must Withdraw):** If a student fails to raise their UGPA to 60% within 24 credit hours of going on probation they will be MW. This is a 12 month absence from campus. The ARP program may be taken. Courses taken at another institution during this time will not count for transfer credit. If you have received a MW you will receive an email to your preferred email address AND a letter to your mailing address.

**RTD (Require to Discontinue):** If a student fails a course 2 times and has a UGPA below 60% they will be RTD'd from the Faculty. This is an 8 month withdrawal from Engineering. The student can transfer to another Faculty or to the Academic Recovery Program. Courses taken during the RTD period at another institution will not be accepted as transfer credit. If you have received an RTD you will receive an email to your preferred email address AND a letter to your mailing address.

If a student 2-time fails a course and their UGPA is 60% or above they will not be RTD.

If a student fails a course for the 3rd time they will be RTD regardless of UGPA.

If a student fails English for a 3rd it is an automatic 2 year MW.

If a student is MW for a second time it is an automatic 2 year absence from campus.

Note: A student will not be accepted back into Engineering from an RTD or an MW without a 60% UGPA. If a student has been RTD'd or MW'd more than once (or a combination of the two) their UGPA must be 65% to be readmitted to Engineering.

Please refer to the [academic calendar](#) for complete information regarding academic action.

You can book an [appointment online](#) at any time to discuss your academic action situation with Diana Sharpe.
