

Important Dates

April 11 – Last day of classes
April 14 – Start of final examination period
Friday, April 15 – Good Friday – University is closed
Friday, April 29 – End of Examination Period

Dean's Honour List Applications

The Graduate Dean's list is a list of students recognized for academic achievement by the Faculty of Engineering.

In order to be considered you **must meet all the requirements below:**

- 1) Have completed all course requirements, including ENGG 900 (if it is a requirement of your program). You can apply if you are taking ENGG 900 this semester, with no other credit course.
- 2) Students who have completed the course requirements of their program and are working on their thesis are eligible to apply.
- 3) Have not received this award before (this is a one-time award).
- 4) Have a CGPA of 90% or greater.

This is open to all MASc, MENG, and PhD students.

The deadline to apply for the Winter 2020 Dean's Honour List is April 24th. Please make sure that you meet the eligibility criteria to apply.

Please send your student ID, name and a copy of your transcripts (unofficial transcript is acceptable) to Colleen Walsh (colleen.walsh@uregina.ca) if you wish to apply.

Mitchell Workshops (ED 115)

Mitchell Workshops (ED 115) are open - open student time will be Mondays to Fridays 1-4 pm. Once a student has completed their brief orientation with the shop staff, they can have access on their keyfob for those times. The Workshop email is engg.workshop@uregina.ca

CSCE 2023 ANNUAL CONFERENCE - Moncton

The final paper submission deadline of the Canadian Society for Civil Engineering (CSCE) 2023 Annual Conference is now extended to March 8th (Wed). The annual conference will take place from May 24th to 27th, 2023 in Moncton, New Brunswick. Our conference theme is Changing Tides and Ingenuity. CSCE Moncton 2023 plans to bring a diversity of perspectives and traditions of civil engineering, building on ingenuity of our profession, and looking to the future of an ever-changing tide, new expectations, and increasing focus on equity, diversity, inclusion, climate, and sustainability. Consistently rated as one of the best places to live in Canada, Moncton is the fastest growing urban centre in the Maritime Provinces. Canada's first officially bilingual city, Moncton is located at the geographic centre of Atlantic

Canada, earning it the nickname "Hub-City" and is central to two contrasting coasts: the rugged beauty of the Fundy Coast (home of the highest tides in the world), and the picturesque Acadian Coast (with the warmest saltwater beaches north of the Carolinas). Both coasts have an abundance of delicious seafood waiting for you to taste.

For questions, please contact kelvin.ng@uregina.ca, or visit <https://csce2022.com/technical-program/environmental-specialty/>

CSCE student membership is FREE. Click here for more: <https://csce.ca/en/benefits/membership-general/>
