

Important Dates

May 15 -Deadline to apply for Coop

May 11 - GAP How to Apply Session

Spring classes – May 3-June 19. Drop day is May 9

Summer classes – July 4-August 17. Drop day is July 10

Spring/Summer classes (engineering only) – May 3 – July 31.

Victoria Day – May 23 – University Closed

Annual Access Renewals

Access cards and fobs for grad student offices and labs are renewed annually, with most expiring on June 30. There is no need to submit renewal forms quite yet (please watch for announcements in late May/early June). However, **now is the time to make sure your safety training is up to date**. If you wait until the end of June, you may be locked out of your office/labs (and this will create a lot of unnecessary stress for yourself, and for us!)

See below for minimum training requirements. Access cards/fobs will not be renewed if training has expired. Please check your expiry dates now, and renew any training that has expired (or will expire soon). Contact Lauren.Bradshaw@uregina.ca if you require assistance. Keep in mind it takes time to verify and process training requests, and we receive a large volume of requests daily. Please allow plenty of time. To avoid access interruptions, **ensure all required training is up to date before June 15.**

All locations: Safety: COVID e-training (valid for 1 year) - on UR Courses

All locations: Safety: Engg Grad Orientation (valid for 1 year) - on UR Courses

Dry labs/offices in RIC basement and RIC 4th floor: WHMIS (valid for 3 years) - on UR Courses

All labs with chemicals: Chemical & Lab Safety/WHMIS (valid for 3 years) - contact Lauren to enroll. Keep in mind the mandatory workshops are only offered twice per month.

GG313: H2S Awareness (valid for 3 years) - contact Lauren for options

PTRC 209.1: Laser Safety (valid for 3 years) - contact Lauren for options

Other lab users may also require Biosafety, Radiation Safety, and/or Laser Safety training (each course is valid for 3 years). Requirements depend on activities. Please contact Lauren for more details.

GTA/TA Positions for Spring/Summer

Appointments for GTA/TA will only start at the end of the first week of classes. Please wait to inquire.

CSCE 2022 Annual Conference and the Environmental Specialty Conference:

CSCE 2022 registration is now open! Visit csce2022.com/registration to complete your conference registration. The theme for this conference is Engineering, Community, Connections, which reflects the local culture and environment at the West Coast of British Columbia. The CSCE Environmental Specialty Conference will focus on the environmental and public health facet of civil engineering and its importance in improving the quality of life for people and providing reliable infrastructure for societal benefits. It will explore research and technological advances concerning innovative approaches, assessment and sustainable management/remediation of environmental impacts to water, air, and soil and the unique challenges faced in addressing the effects of climate change on infrastructure.

CSCE 2022 has a great lineup of keynote speakers planned for the duration of the conference. For questions, please contact kelvin.ng@uregina.ca, or visit <https://csce2022.com/technical-program/environmental-specialty/>

Coop Program

The application deadline for Co-op for Fall 2022 is on Monday, May 15, 2022. Check out their [website](#) for more information. Application form is available [online](#).

Submit both the application form and the memorandum of agreement (MOA) to the co-op office at coop.office@uregina.ca.

Only your signature and your supervisor's signature is required on the application.

Shortly after submitting your application and MOA, your Coop coordinator will be in touch to set up an entrance meeting with you.

GAP How to Apply Session

Wed., May. 11, 2022 1:30 p.m. - Wed., May. 11, 2022 2:30 p.m.

We will be hosting an online Zoom Student Information Session for our scholarship application system, GAP - How to Apply on May 11 from 1:30pm to 2:30pm

This session will be helpful to new students as we will be discussing how to navigate through GAP, as well as Frequently Asked Questions.

We ask that you have started and/or completed your Student Profile in GAP ahead of this session:

<https://www.uregina.ca/gradstudies/current-students/scholarships/index.html>

Passcode: 707240

Important Notice regarding Graduation Photos

Important Information for those students who have completed their degree in December 2022 or who will complete their degree in April, June, August this year.

Graduation Portrait Photo Session

May 29, 30, 31 2023

Room 113, College West

8:00am-8:00pm (each day)

These sessions are for all Engineering grads and undergrads that will complete degree requirements in December 2022, or April, June, August 2023. You are encouraged to have your grad portrait taken for the graduating class composite that will be displayed in the Faculty of Engineering & Applied Science.

Please schedule your appointment on-line at: www.cameraone.ca

The photo session on-campus is \$30. The session is 15 min.

The photo session at Camera One is \$37. At the studio the session is 30 min.

Graduates that will be travelling from out-of-town to attend Convocation in June also have the option to book a session at the Camera One Grad Portrait Studio during Convocation week.

Gowns, hoods and collars will be provided by Camera One. It is best to wear a shirt without a collar.

Students unable to book an appointment for these days can call Camera One to schedule your individual photo session. Phone 306-533-3347.
