## Engineering Students graduating June 17, 2026

### Spring Convocation

#### **Clearing outstanding accounts – Financial holds**

Ensure the outstanding balance on your account is cleared. You will be allowed to graduate and attend the Convocation ceremony, but you will not receive your parchment, transcripts, or other proof of graduation until the account is cleared. Clear outstanding accounts at least 5 business days before Convocation so that you may receive your parchment at the ceremony.

To make payment contact Financial Services at 306-585-4123. Once your account is cleared, contact [ur.graduation@uregina.ca](mailto:ur.graduation@uregina.ca).

#### **Information for APEGS Registration:**

**\*APEGS Registration** requires a UR transcript that **shows a date when your credential (undergraduate degree) was awarded**. Do not order your transcript for APEGS until your graduation date appears on your transcript. The faculty does not send letter to APEGS on your behalf.

## Academic Action

Academic action is assessed at the end of every term. Emails/Letters will be distributed to students once final grades are in. Please refer to the information below to familiarize yourself with academic action at the U of R.

**Probation:** A student is placed on probation if their UGPA has slipped below 60% and the student has 24 credit hours (8 courses) to raise to a 60%. If you have been placed on probation, you will receive an email to your preferred email address.

**Continued Probation:** A student is placed on continued probation if their UGPA has not been raised to a 60% and courses continue to be counted toward the 24-credit hour maximum before MW (Must Withdraw). If you have been placed on continued probation you will receive an email to your preferred email address.

**MW (Must Withdraw):** If a student fails to raise their UGPA to 60% within 24 credit hours of going on probation they will be MW. This is a 3 terms withdrawal from the University of Regina. The ARP program may be taken while students are on MW. Courses taken at another institution during this time will not count for transfer credit. If you have received a MW, you will receive an email to your preferred email address AND a letter to your mailing address.

**RTD (Require to Discontinue):** If a student fails a course 2 times and has a UGPA below 60% they will be RTD from the Faculty. This is a 2 terms discontinuation from Engineering. The student can transfer to another Faculty or to the Academic Recovery Program. Courses taken during the RTD period at another institution will not be accepted as transfer credit. If you have received a RTD you will receive an email to your preferred email address AND a letter to your mailing address.

If a student fails a course twice and their UGPA is 60% or above they will not be RTD.

If a student fails a course for the 3rd time, they will be RTD regardless of UGPA. If a student fails English for a 3<sup>rd</sup> time, it is an automatic 2-year MW.

If a student is MW for a second time it is an automatic 2-year absence from The University of Regina.

Note: A student will not be accepted back into Engineering from a RTD or an MW without a 60% UGPA. If a student has been RTD or MW more than once (or a combination of the two) their UGPA must be 65% to be readmitted to Engineering.

Please refer to the academic calendar for complete information regarding academic action.

You can book an appointment online at any time to discuss your academic action situation with Diana Sharpe.
