ENGINEERING UNDERGRADUATE NEWS

September 2025

Welcome! To the new students and Welcome Back! to all of our returning students! We hope you all had a safe, restful, enjoyable and eventful summer! It goes by way too quickly. With the blink of an eye we are all back to school again!

NEW WALK-IN HOURS!

September 2nd -15th walk-ins are open everyday; 9:30-11:30 and 1:00-3:30.

September 16th walk-ins will return to everyday 10:00-11:00 and 2:00-3:00.

Walk in's are:

- First-come; first-served. All Academic Advisors are available,
- When immediate support is needed that cannot wait,
- Suitable for quick answers; not long term planning
- Face-to-face only

Please make an appointment when:

- You are a transfer student and are off track
- Your transfer credits are not in Degree Audit
- You need course planning for coop or internship
- You've been RTD'd or MW'd and require advice
- You want to discuss if Study Abroad would fit into your academic plan
- You are facing academic difficulty
- You cannot take classes as planned and need extra advice
- You have a time conflict and cannot figure out what to do
- You have failed an important prerequisite

September 2025

PRE-REQUISITE WAIVERS

Return to office on or before September 8th at 4:30. Send **directly** to engg.undergrad@uregina.ca. You can find [Pre-requisite Waivers](#) on our website, or get them at the General Office from Mimi!

WHMIS

"Undergrad Mandatory WHMIS (Engineering)" is a required (but brief) online safety course for 'new' Engineering students. This includes new admissions, re-admissions, faculty transfers, and new exchange students.

If you began classes in **Spring/Summer 2025 or Fall 2025**, this WHMIS course must be completed before the next time you register for classes. **Please check UR Courses for WHMIS about a week after the Add/Drop deadline (September 15th)**. Upon successful completion, your WHMIS certificate will be valid for 3 years. Make sure you **download** your certificate, as this will notify us of your completion.

If a student does not complete WHMIS before their next registration time ticket opens, a HOLD is placed on their account. Registration cannot be processed until WHMIS is finished. Although the Faculty General Office receives notification of your exam completion, it can take 1-2 business days to remove the registration hold. Please complete the exam and download your certificate well in advance of your registration date.

This is for your safety!

September 2025

COOP DEADLINE

Deadline to apply for the Winter 2026 Co-op work term is **Friday, September 12th**. You should have completed Terms 1 and 2 and registered in Term 3 classes to be eligible (See your Program Sheet). For questions regarding co-op or internship please contact [Diana Sharpe](#).

Reminder – Co-op Reports are due **Friday, September 12th**. Submissions are through the link in UR Courses.

SCHOLARSHIP DEADLINES

Fall Scholarship Applications are available
September 4th, 2025

Deadline to submit all Fall scholarship applications is **October 1st, 2025

[Scholarships and Awards Information](#)

[Tips and Help](#)

SAFA – Days and Times for Help with Fall Applications

September 16, 2025 at 3:00-5:30 Virtual

September 23, 2025 at 3:00-5:30 In Person

If these days and times don't work for you, please contact safa@uregina.ca with your specific questions or stop by the SAFA office in the AdHum Building Room 210.

You can also see **Melissa Berwald** in the Faculty of Engineering with any scholarship questions that you may have.

September 2025

COMPUTER LABS

The Faculty of Engineering and Applied Science computer labs, ED 116.2 and ED 489, are available for drop-in use (when not already in use for classes/labs). Available hours are 7:00 a.m. to 10:45 p.m. Please remember that doors to these labs must not be propped open, and no food or drinks are permitted. This includes water bottles. General access will be removed for one week if these rules are violated. Thanks in advance for your cooperation!

Students can apply for a keyfob (or renew their existing fob) using the [form located on the Engineering website](#). The general safety orientation must be completed on UR Courses (valid for 1 year; if not already enrolled, contact engg.undergrad@uregina.ca). The office is open Monday - Friday 8:30 am-12 pm and 1-4:30 pm (except Tuesdays, opening at 10:00am) to pick up your fob once you are notified it is ready.

DECLARE YOUR MAJOR

If you are planning on taking classes in the Spring/Summer to complete your Term 1 and Term 2 requirements, please declare your major once you have registered in those classes. We will accept your Major Declaration Form. Remember that you need ENGG 100 ENGG 123 ENGG 140 ENGL 100 PLUS at least 4 other T1 and T2 classes.

REGISTRATION WAITLISTS (WL)

Is the class full? Get on the waitlist! Waitlists are a first-come-first-served basis. If the class has a lab/seminar you can only be waitlisted for the lecture.

Waitlist Instructions

When an open seat becomes available, an e-mail will be sent to your preferred E-mail Address. Check your preferred e-mail address on a regular basis if you are on a WL. I'd recommend every morning and every night. And check your junk mail, too!

If a section is full and the section has a waitlist set up in Banner, the students can put themselves on the waitlist. When a registered student drops and one seat becomes available, the student at the first position in the waitlist is sent an email notice that they can register for the class. For the Spring/Summer term, the notice is valid for 24 hours. For the Fall and Winter terms,

the notice is valid for 24 hours until the first day of classes at 9:00 a.m. On the first day of classes, this is changed to 12 hours. For the Fall term (202530), the change will occur on September 2, 2025 at 9:00 a.m. For the Winter term (202610), the change will occur on January 6, 2026 at 9:00 a.m. In this process, if the time frame is missed by the student in the first position, the student who is next on the waitlist is given the opportunity.

See an **Academic Advisor** if you have problems or questions about registering for classes.

You can also make an appointment with us through our [website](#).

September 2025

ACADEMIC ACTION

Academic action is assessed at the end of every term. Emails/Letters will be distributed to students once final grades are in. Please refer to the information below to familiarize yourself with academic action at the U of R.

Probation: A student is placed on probation if their UGPA has slipped below 60% and the student has 24 credit hours (8 courses) to raise to a 60%. If you have been placed on probation, you will receive an email to your preferred email address.

Continued Probation: A student is placed on continued probation if their UGPA has not been raised to a 60% and courses continue to be counted toward the 24-credit hour maximum before MW (Must Withdraw). If you have been placed on continued probation you will receive an email to your preferred email address.

MW (Must Withdraw): If a student fails to raise their UGPA to 60% within 24 credit hours of going on probation they will be MW. This is a 3 terms withdrawal from the University of Regina. The ARP program may be taken while students are on MW. Courses taken at another institution during this time will not count for transfer credit. If you have received a MW, you will receive an email to your preferred email address AND a letter to your mailing address.

RTD (Require to Discontinue): If a student fails a course 2 times and has a UGPA below 60% they will be RTD from the Faculty. This is a 2 terms discontinuation from Engineering. The student can transfer to another Faculty or to the Academic Recovery Program. Courses taken during the RTD period at another institution will not be accepted as transfer credit. If you have received a RTD you will receive an email to your preferred email address AND a letter to your mailing address. probation you will receive an email to your preferred email address.

If a student fails a course twice and their UGPA is 60% or above they will not be RTD.

If a student fails a course for the 3rd time, they will be RTD regardless of UGPA. If a student fails English for a 3rd time, it is an automatic 2-year MW.

If a student is MW for a second time it is an automatic 2-year absence from The University of Regina.

Note: A student will not be accepted back into Engineering from a RTD or an MW without a 60% UGPA. If a student has been RTD or MW more than once (or a combination of the two) their UGPA must be 65% to be readmitted to Engineering.

Please refer to the academic calendar for complete information regarding academic action.

You can book an appointment online at any time to discuss your academic action situation with Diana Sharpe.

Check us out on Social Media!

That's all for this month!
