Transcripts (VERY IMPORTANT—PLEASE READ IN FULL):

Students are required to **upload ALL OFFICIAL and UP TO DATE undergraduate and graduate transcripts, including transcripts from institutions where you may have received ANY transfer credits. Up-to-date transcripts** are defined as transcripts dated or issued in the **FALL SESSION** of THIS year of application (if currently registered), or after the last term completed (if not currently registered). **If this is your first semester at the University of Regina**, you must include transcripts from the University of Regina, also **to show your registration for this fall. Web transcripts or copies from your student account are not eligible, as they are unofficial.** It is also important to include one (1) copy of the **legend** from each transcript. Failure to do this will render an application ineligible for the competition.

Students can apply for awards at up to 3 universities. The awards are not portable between institutions. This means students must hold the scholarship at the awarding university. Students can only apply to **one** Tri-Council agency. Students **MUST** apply for admission to their chosen program by the program deadline, in order to be considered.

Creating a CCV: Students are **required to complete a Common CV (CCV)**, which they will be required to attach to their application. Please find the CGRS M instructions for creating a CCV here:

STUDENTS: Please ensure you have your Supervisor, Department Head, Associate Dean and other academic mentors proofread your application *well ahead of the deadline*. Each of them can provide you with feedback to help make your application the best it can be. Also, please know that on the deadline day, the online application portal is VERY busy, and students can get booted off the portal. So, to avoid not being able to submit in time, please submit WELL AHEAD of the deadline, as life happens. Please know that late applications cannot be accepted under any circumstances, as the portal locks down.
