Transparency Statement

I used Deep AI to produce article summaries. I combined these summaries to produce a draft of the literature review in Chapter 2. I improved the literature review using the paraphrasing tool Quillbot, and then edited the resulting work with Grammarly. I used ChatGPT to generate the chapter summaries in Chapters 2, 3, 4, and 5. And finally, I used DALL-E to generate Figures 2 and 3.

My supervisor(s) and supervisory committee have approved the use of the above technologies for the described purposes. I confirm that no AI-technologies other than those listed above have been used to prepare this thesis. I acknowledge that AI-technologies may produce output that is biased, discriminatory, incomplete, or inaccurate and that I have taken the necessary steps to address this. I acknowledge that I am solely responsible for maintaining the accuracy and academic integrity of this thesis.
