

TAKE UNIVERSITY CLASSES WHILE IN HIGH SCHOOL

Open to grade 11 & 12 students - take U of R courses through the University of Regina's High School Accelerated (HSXL) program!

WHY HIGH SCHOOL ACCELERATED?

- Ease into university with one or more university-level courses
- Get a head-start in university before you graduate from high school
- Free up your schedule in your first year of university
- Become a U of R student before you start your first year
- Challenge yourself with university-level course material
- Earn university and high school credit with a HSXL dual credit course
- Take your course online anywhere you are

EARN DUAL CREDIT

Get closer to high school graduation and get university credit at the same time. Dual credit courses are U of R courses (approved by the Saskatchewan Ministry of Education) that cover the content of both the university-level course and corresponding high school course. Dual credit courses are listed online.

TAKE A U OF R COURSE FOR FREE

DUAL CREDIT BURSARY PROGRAM

The HSXL Dual Credit Bursary Program is a new initiative designed for Saskatchewan high school students to take a U of R course while still in high school - for free! Students can take two approved U of R courses in total (one per term) at no cost.

Eligible students can also get dual credit at the high school level by taking any of the approved U of R courses and requesting to obtain the corresponding high school course through their main high school educator.
