LIVING ON-CAMPUS

U OF R HOUSING

University brings many firsts, but living only a few minutes' walk away from classes and other university amenities will help lessen some of the added stress that moving away from home may cause. From private dorms to apartments, we have a variety of housing options for students to choose.

We know it can be intimidating being new to campus, so we want to make sure our students have a great experience! With our UR Priority Program, all first-year students living on campus are going to live together in Kīšik Towers, so they can make friends and feel like they are at home away from home.

One of the most exciting parts of UR Priority is the UR Priority Centre. Right at their doorstep, students will have access to meet with academic advisors, tutors, take a writing workshop, talk to a counsellor, volunteer on campus, find social events, and a whole lot more!

THE STUDENT VILLAGE AT LUTHER COLLEGE

Another option for living on campus is the Student Village at Luther College, which provides a vibrant and supportive community. Students grow as people and academic thinkers in our safe and affordable environment — living in residence is an incredible opportunity for students to develop friendships easily, connect with professors, increase their academic success, and focus on their personal development. Simply put, life is better with community!
