MERIDA, A GREAT PLACE TO LEARN SPANISH

About the program

Due to its geographic location, its history, the rich cultural life and an authentic Mexican atmosphere, Merida is the ideal place for combining Spanish study and holidays.

The Spanish Language Course is given with an instructor and firsthand practice in the four communicative skills: speaking, reading, listening and writing. Our classes are practical and dynamic. The objective is to facilitate the means for students to function to the best of their ability in a language other than their own.

Cultural Excursion to Chichen Itzá

Wonder of the World Cultural UNESCO World Heritage Site

The best way to experience Chichen Itzá is with a tour guide that can explain all of the secrets and science that the pyramid hides.

After visiting the pyramid, you will have a refreshing experience at the Cenote, where you will not only be able to swim in it, but you will also be able to learn to make the most common spices in the Yucatecan gastronomy. You will eat at the same spot to end the day in the best way possible.
Cultural Excursion to

IZAMAL
MAGICAL TOWN

THE MAGICAL YELLOW TOWN AND CITY OF THE THREE CULTURES

You will discover and explore Izamal riding Quad Bikes. During the ride, you will be able to see all the pyramids and sites of interest in this magical town. One the most important cultural sites of Yucatan is the Antonio of Padua Convent, that was constructed above a Mayan pyramid.

After the ride, a variety of traditional dishes will be waiting for you to experience, rest and refresh yourself. Then, you will travel to Kimbila, another town famous for making the traditional clothing of the peninsula.
Everyone was welcoming, the classes I took were really cool, my classmates were fun and it was amazing to meet new people. In Merida there are a lot of cool things that are really close. If you are interested in studying internationally, I would definitely say Anáhuac Mayab is a great place to do that.
