Inha University is one of the most prestigious universities in Korea and has been continually ranked as one of the top 10 colleges nationwide. Since its foundation as an engineering institute in 1954, the university has sustained a strong tradition of academic integrity and gained a reputation for excellence in its educational programs and its respect in the fields of science and technology and across a broader academic spectrum including IT, social sciences, business, global logistics, education, law, fine arts, humanities, and medicine. Motivated by the strong support and investment of the Hanjin Group, Inha University continues to develop and enhance its educational programs, practical research projects and globalization efforts. Inha’s vision includes its grand project of building a global campus in New Songdo City, a newly emerging international business and R&D hub city in Northeast Asia.

With over 3 million people, Incheon is one of the largest cities in Korea. A gateway to Northeast Asia with an international airport and an international seaport in its hand, Incheon is located on the west coast of the Korean peninsula abutting the Yellow Sea. The city is an intensely dynamic city bustling with rapid cultural and economic change, and it is now transforming into a global business hub centered around the high tech and futuristic New Songdo City, which is designated to become a center of diverse international businesses and trades.

**Incredible Summer Away With Inspiring People At INHA UNIVERSITY!**
Inha University annually offers a summer school program as a part of its goal to enhance global education. The summer programs are designed in such a way that it will provide overseas college students with hands-on opportunities to learn the Korean language and have experience in the cultural and academic life in Korea. Since then, the program has continued to develop and has been enriched with more unique and diverse activities, while attracting more participants every year.

This short-term intensive program mainly consists of classroom lectures, visits to corporate sites and field trips for cultural and historic places. Through the courses, international students will have opportunities to better understand the dynamic aspects of Korean society in the past, present and future.

One of the most important and engaging aspects of this program is that the learning is not limited to the classroom. Many learning locations are the heritage of Korea and traditional Korean culture. In addition, students will have many opportunities to meet and interact with Korean students during the program and will still be able to share their experiences and views with each other through a wide variety of activities both in and outside of the classroom. At the end of the program, participants will receive academic credits and certificates of completion.

In addition to learning about Korean language and culture, students will also be able to take many other interesting courses such as Introduction to Korean Cinema, Introduction to K-Pop Dance & its Multi-Cultural Aspects, New Technology in Daily Life and Reading Korean Culture through Korean Dance etc. These courses will cover an introduction to K-Pop Drama & its Multi-Cultural Aspects, Introduction to the Korean Business and Economy, Understanding Korean Business and Economy, and Introduction to Korean Business and Economy. The courses are subject to change without prior notice.

Classes with less than 15 students may be cancelled.

Participants will stay in single residential halls which are conveniently located within walking distance. Each residential hall is fully equipped with all facilities including computer rooms, laundry facilities, shared kitchen, gym etc. There are also many restaurants and supermarkets located nearby.

All participants are provided with an opportunity to join interesting field trips such as Visit to Ganghwa Island and Nanta Show Performance etc. Students from England, Australia, and USA will have an opportunity to visit Inha University and take part in the program. Students from other countries will also have an opportunity to visit Inha University.
