Abbreviations & Definitions
- SO – Superseded (updated or replaced by the appropriate position or body) or Obsolete (declared no longer relevant by the appropriate position or body). Specific conditions of SO for each series are maintained by your area’s Designated Records Officer.
- OPR – Office of Primary Responsibility. Contact your area’s Designated Records Officer for details on OPRs listed as “Various.”

End of Year
- Unless otherwise noted, the default “year” is the fiscal year which commences on May 1 and ends on April 30. Retention timeframes will commence in the year following completion/date of last action that activates the retention period.
- All records are subject to archival appraisal once their stated retention period has been met.
- Contact your area’s Designated Records Officer before initiating disposition.

Managing Other Copies
- In instances in which more than one copy of a record exists, the Designated Records Officer for the responsible unit will identify one as the official record. All other copies of that record are to be destroyed as soon as the purpose for which the copy was created has been fulfilled. No other copy may be retained for a period exceeding the official record retention period. All copies (official and other copies) are subject to requests under The Local Authority Freedom of Information and Protection of Privacy Act and therefore put the University at risk if not managed appropriately.
