

Pay Stations

Frequently Asked Questions (FAQ's)

1. What is pay by plate parking?

Pay by plate parking enable customers to purchase parking time by using their license plate number. The pay stations print a receipt that generally displays the location, parking zone, start time, expiration time, amount paid, and license plate.

2. Is pay by plate different than pay and display parking?

Yes, "pay by plate" is different than "pay and display" parking because it doesn't require placing a parking receipt on the window of your car.

3. How much does it cost per hour?

It costs \$2.00 /hour up to maximum 9 hours. After 5:00 pm, free evening parking comes in effect and the pay stations will not let parkers to buy or extend parking time.

4. What information is required to enter at the Pay Station?

You only require your plate number to enter in the Pay Station.

5. What are the available payment options at pay stations?

Following are the flexible payment options available.

Credit Cards with Tap

Coins (Exact amount) at selected locations.

Note: Debit, Virtual, and Prepaid Cards are not accepted

6. Do pay stations give change in return?

No, pay stations do not give change in return. You need to put the exact amount of coins. Do I need to use the same Pay Station to extend my parking session or I could use any pay station?

Yes, you may use any Pay Station to extend your parking session.
