Members: 206 present

Guests: 39 present

Attendance records are appended to the official file.

Call to order: 12:30 p.m.

1. **Introductions and Comments from the Chair**

   President Timmons welcomed and thanked everyone for attending and asked that the proceedings be conducted in a respectful, considerate manner, given that there is no guarantee of confidentiality in a meeting for such an assembly.

   President Timmons thanked the Council representatives on the Agenda Committee of Council: John Conway as chair, George Lolos, Marcel Decoste and Annette Revet who have put a lot of time and thought into how best to conduct this meeting.

   Observers and guests are here as guests of Council and are not able to participate in the meeting.

   The Agenda Committee included all the motions submitted as well as items for information submitted in creating the Agenda.

   Section 78 of the University of Regina Act provides for the “Duties of Council” and states that:
   - The council shall make rules for governing its meetings and proceedings including the determining of the number of members that shall constitute a quorum for the transaction of business, and establish committees as required; and
   - The council may review the academic and physical plans for the university and make recommendations thereon to the president.

   The meeting will be guided by Robert’s Rules of Order, as are the meetings of Executive of Council.

   President Timmons outlined the procedures for the meeting regarding the time allotted for each motion, the process for presenting the motions and then subsequently voting procedures.

2. **Approval of the Agenda**

   J. Conway – G. Lolos
   **moved that** the agenda be approved as circulated.

4. Business Arising from the Minutes

4.1 President’s Report

President Timmons asked the indulgence of Council to step out of the Chair’s position in order to respond to the motions from the Council meeting held March 6, 2013. During her report, John Conway, the Chair of the Agenda Committee would assume the Chair for this portion of the meeting, if Council members agree.

G. Lolos – Z. Papandreou
Moved that John Conway act as Chair of Council during the President’s Report be approved.

The question was called on the motion. CARRIED

President Timmons provided a response to each motion from the March 6, 2013 Council meeting.

Motion 1: University Council recommends immediately freezing all out-of-scope administrative hiring and non-contractual salary increases and bonuses pending an independent and thorough external review of all finances, including spending and revenue by account code, from 2000-2012, and full public disclosure of this review.

President’s Response:
- Financial services looked at the costs of implementing this recommendation and it exceeded what is justifiable. It would require hiring an external accounting firm to do the review and that cost would be prohibitive.
- The President also assessed the impact of freezing all out-of-scope administrative hiring. It is simply not possible to do this without putting essential operations at risk. There are a number of situations where this would apply: payroll, pension and benefits, safety, computing and database systems, to name a few. For example if two people in administrative support positions in Payroll left, and they were not replaced, we would not be able to complete payroll.
- We will continue with managing carefully the administrative replacements. Each Vice-President must show the essential nature of the position before it is posted, whether term or permanent. Out-of-scope remuneration is the purview of the Board of Governors. The President has communicated the recommendation to the Board.

Motion 2: Council recommends developing a 3-year plan for reducing the cost of university management, including the institution of a hiring committee (one half of which is comprised of in-scope faculty) to approve new positions.

President’s Response:
- The policy on hiring senior administrators lies with the Board. The recommendation has been shared with the Board. The performance measurement framework includes the goal of reducing administrative spending.
Motion 3: Council recommends developing a 3-year plan for restoring the University’s academic mission to its proper place as the first priority of its budgets.

President’s Response:
- There are a number of committees recommended by Council to undertake a variety of tasks with a number of tasks overlapping. This motion and the motions of committees can be dealt with and coordinated by a committee tasked to undertake this. It is the second motion on the agenda for today’s meeting.

Motion 4: Council recommends returning to the long-standing practice of publishing an annual budget book, complete with all budget allocations, including every university employee’s salary and overall costs, and their justifications.

President’s Response:
- The President will be looking at how to provide more detailed budget information to the Academy, including budget presentations to each faculty. In the meantime all salaries above $50,000 will be published in the library and the President’s contract will be posted on-line.

Motion 5: Council recommends creating the Budget Committee of Council, to provide recommendations from faculty to the President on annual budget allocations; and in particular, on budget allocations as they pertain to the academic mission of the University; that the Budget Committee of Council shall report to Council and shall consult with Council, deans and the senior administration and students; and that based on these consultations and on timely access to budget information, the Budget Committee of Council shall make recommendations to the President regarding budget allocations.

President’s Response:
- There is already a committee of Council that has this responsibility, the Advisory Group on Planning, Evaluation and Allocation (AGPEA). If the second motion of Council passes today, the President is asking that this Committee, look at AGPEA and this recommendation with all the other committee requests and recommend an appropriate approach going forward.

Motion 6: Council recommends halting implementation of any and all structural changes pertaining to the Faculties and/or Departments of the university unless and until these matters have been fully reviewed and decided by the University Council on the basis of transparent and accountable collegial governance of the University of Regina.

President’s Response:
- This motion is being forwarded to the Special Committee of Council, if passed, to have a path for Council to provide advice on this.

Motion 7: Council recommends holding a “think tank” comprising at least 50% in-sc pe faculty members and be instructed to collect and generate ideas from which to devise strategies for effective fiscal management within this framework.

President’s Response:
- This “think tank” has an overlapping mandate with the proposed Budget Committee and AGPEA. To ensure coordination we need a group of strategic thinkers to manage all these requests to ensure we do not assign overlapping mandates to a variety of committees. Therefore, as with the previous recommendations, the
President would refer this to the Special Committee of Council that is tasked with this responsibility.

Discussion followed. Discussion topics included, openness and transparency, the recent change in the Vice-President (Research) position, budget books, budget details, audits, the new residence building on campus and posting salaries.

J. Conway reminded speakers that the time limit had been reached.

S. Johnston – P. Campbell moved to extend the discussion on this report by ten minutes.

The question was called on the motion. CARRIED

P. Campbell submitted budget documents to the University Secretariat for Council’s records. P. Campbell requested to minimize the cost of the financial review, that Motion 1 be adjusted to 2006-2012.

J. Conway suggested this request be placed under ‘Other Business’ of the Agenda.
