ITEM(S) FOR APPROVAL:

1. FACULTY OF ARTS
   1.1 Department of Psychology

Graduate Record Examination – Suspension

MOTION: That the requirement of scores from the Graduate Record Examination (GRE) for applicants applying to the Clinical Psychology and Experimental & Applied Psychology Masters and PhD programs be suspended for the 202330 intake.

Rationale:

The Grad Chairs in Psychology decided that the GRE requirement should be waived again for this year’s applications to the Clinical and EAP programs. As the pandemic continues, so do the challenges associated with writing this exam. This decision is consistent with most other psychology graduate programs in Canada.

(end of Motion)

2. FACULTY OF ENGINEERING AND APPLIED SCIENCE
   2.1 Master’s Certificate in Carbon Capture, Utilization and Storage (CCUS) – New Program

MOTION: To create a Master’s Certificate in Carbon Capture, Utilization and Storage (CCUS) effective 202230.

<td>6.0</td>
</tr>
<tr>

<td>9.0</td>
</tr>
</tbody>
</table>

*Additional electives may be permitted with approval of program chair. Only one course may be at the undergraduate level.

Rationale:

The research program on Carbon Capture, Utilization and Storage (CCUS) is a signature program of our University. At the same time, all countries around the world are exploring on how to reach the goal of net zero energy future by 2050 to 2060. This is to be operated within the Graduate Program of Process Systems Engineering.

2.2 Master’s Certificate in Advanced Manufacturing – New Program

*Additional electives may be permitted with approval of program chair. Only one course may be at the undergraduate level.

Rationale:

To submit to the Engineering Graduate Studies Committee for meeting the call for microcredentials to apply for the one time provincial funding for creating additional, sustainable revenue streams for the University of Regina. The 3 course Master’s Certificate utilizes current courses filed with FGSR at the graduate level and poses no new policy changes with regards to entry, scheduling, or related teaching and evaluation policies or procedures. Monitoring for candidate entry and supervision is the responsibility of the ISE manufacturing stream who currently include Drs. Khondoker, Dai, Mehrandezh and Stilling. The format follows Master’s Certificates currently being offered in other faculties. This is to be operated within the Graduate Program of Industrial Systems Engineering.

(end of Motion)

3. LA CITÉ UNIVERSITAIRE FRANCOPHONE

3.1 Change in Admission Requirements

MOTION: Que l’exigence d’admission suivante soit ajoutée aux programmes d’études supérieures de La Cité universitaire francophone :

Le candidat doit normalement avoir complété un diplôme universitaire en français, ou avoir obtenu le niveau B2 au DELF (ou l’équivalent tel qu’approuvé par le Comité des études supérieures de La Cité). Ce changement n’affecte pas le programme du Certificat de maîtrise.

That the following admission requirement be added to La Cité universitaire francophone’s Graduate Programs:

Applicants must normally have completed a university degree in French or have obtained level B2 at the DELF (or equivalent as approved by the Graduate Studies Committee of La Cité), this change does not affect the Master’s certificate program, effective 2023.

<td>“The MA program in French and Francophone Intercultural Studies is open to students who have an Honours B.A. degree in French from this university or equivalent qualifications approved by the Department of French and the Faculty of Graduate Studies and Research. The Honours B.A. in French at the University of Regina requires that the student spend at least one semester in a French-speaking region. Consequently, a considerable degree of fluency in French is expected. Students not holding the University of Regina Honours B.A. and not possessing adequate fluency may be accepted conditionally and required to spend some time in a French-speaking region.”</td>

</table>

**Justification / Rationale:**

Ce critère d’admission vise à nous assurer que les candidat.es provenant de milieux non francophones et n’ayant pas d’expérience en milieu francophone sont bien préparé.es à relever les défis d’ordre linguistique liés à leur programme d’étude.

*Note: L’approbation du Comité des études supérieures de La Cité vise à permettre aux étudiant.es fort.es en français mais ayant étudié en anglais d’accéder au programme sans test, suite à une entrevue ou sur foi de cours déjà suivis.*

This admission criteria change ensures that applicants from non-Francophone backgrounds who do not have experience in a Francophone environment are prepared to meet the linguistic challenges associated with their program of study.

*Note: The approval of La Cité’s Graduate Studies Committee allows students who are fluent in French but who have studied in English to access the program without further testing based on an interview or courses already taken.*

Total Credit Hours: 33

Total Credit Hours: 30

The Faculty of Arts Core Curriculum proposed above was developed around three basic principles:

1. Breadth – students graduating from the Faculty of Arts will have received learning in the Humanities, Social Sciences, Indigenous Studies, Fine Arts, Sciences, and an additional language.
2. Competencies – in addition to their major field(s) of study, students graduating from the Faculty of Arts will have acquired skills and competencies in critical reading and writing, numeracy, critical thinking and Indigenous Knowledge.
3. Foundational – by restricting Core courses to only those at the 100- or 200-level, we are ensuring that students who are taking courses outside of their majors are receiving foundational learning in
other disciplines and have the prerequisite to upper-year courses needed to complete their degree.

Implementation Notes:

- To encourage breadth:
  - A course code can only be listed in one category
  - Individual courses (i.e. those with a number) are not permitted, with the exception of ARTS 099, ENGL 100, INDG 100, PHIL 150, courses included in Additional Languages, and course from GES.
- Changes to the Core are delegated to the Academic Program Development Committee and presented to Faculty Council for final approval.

Rationale:

The Academic Program Development Committee (APDC) began its work by addressing the outstanding concerns with the existing Core that were previously identified in the report of the previous Core Curriculum Review Committee.

In developing a proposal for a new Core, the Academic Program Development Committee focused on providing our students with a breadth of learning across the liberal arts as well as foundational education in critical reading and writing, critical thinking, and Indigenous knowledge. APDC believes that the clarity of this proposal would serve our students well.

Rationale:

The approval of the new Arts Core Requirements at the November 17, 2021 Faculty Council meeting requires an updated program template for the Liberal Arts Certificate. Updating the requirements of the Liberal Arts Certificate now aligns with the new Faculty of Arts Core requirement.

**Rationale:**

The approval of the new Arts Core Requirements at the November 17, 2021, Faculty Council meeting requires and updated program template of the Bachelor of Arts in Resource and Environmental Studies. Given the decreased credit hours of the new Arts Core, this program would have a total of only 117.0 credit hours. Adding 3.0 credit hours to the Environmental Core Major requirement brings the total back up to 120.0 credit hours.

Adding 200-level GES and INDG 342 to the current course offerings in the Environmental Core Major requirement provides more options for students in the program.

**Note 1:** Assumption that September 30 (National Day for Truth and Reconciliation) and November 11 (Remembrance Day) are recognized on Fridays instead of Mondays when they fall on the weekend (to be finalized). This will help balance the academic schedule in the distribution of days to ensure that classes schedule on Mondays are not disadvantaged in their contract hour distribution in the academic schedule.

**Note 2:** On a 2 year pilot bases, the fall reading week will be moved to align with the Thanksgiving holiday as a result of feedback received on the timing of the break. A survey will be done on the conclusion of the Fall 2023 reading week to solicit feedback on preference for timing.
ITEM(S) FOR APPROVAL:

1. Honorary Degree Candidates for Addition to the Approved Roster

CONFIDENTIAL – to be distributed at the meeting

MOTION: That the list of honorary degree candidates recommended by the Joint Committee of Senate and Council on Ceremonies be added to the Approved Roster.

Due to the confidential nature of this information, the candidates’ names and biographies are detailed in the report distributed at the meeting.

Categories of Nominations

The Ceremonies Committee took the following considerations into account when selecting candidates for nomination to Executive of Council and Senate:

1. A Saskatchewan or prairie figure, well known and respected regionally for distinguished work which has earned him or her a reputation in public service
2. A distinguished person from a professional field or the creative arts field who is recognized as having achieved a reputation for excellence
3. A scientist, humanitarian, public servant or public figure who is recognized nationally or internationally for distinguished work and reputation
4. On occasion, special efforts may be made to mark the time or circumstance by placing special emphasis on some particular field of endeavor

Exclusion List:

The following persons are not eligible for consideration for an honorary degree:

- Current members of the Board of Governors or Senate (excluding Chancellors Emeriti)
- Current or recent members of the faculty or staff of the University
- Current students
- Holders of elected office at any level (such as municipal, provincial, or federal)
