# H.N. Gupta Memorial Lecture

## Deirdre Haskell

McMaster University and  
The Fields Institute

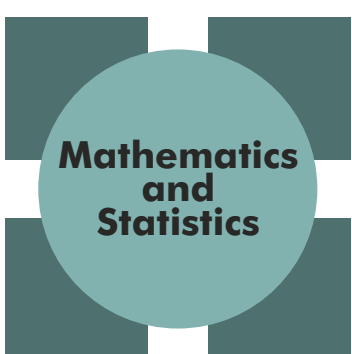

Thursday, March 17, 2022  
2:30 - 3:30 p.m.  
Classroom Building 127  
(CL 127)

## What is model-theoretic algebra?

My area of research is the model theory of valued fields. In this talk, I will try to give you an idea of what the mathematics looks like - what are the objects we look at, the point of view we take, and how that point of view can be useful.

**Reception to follow in the  
RIC Atrium**
