Statistics

Carmen Underhill  
**What we Actuarially  
do**

Date: December 1, 2014,  
Time: 1:30 - 2:30 PM,  
Room: CW 307.20 (Math Lounge)

**Abstract:** I will briefly discuss the path I took in pursuing the actuarial profession and some of the challenges faced along the way. I will then speak about my experiences and daily work as an actuarial assistant in both Enterprise Risk Management and Corporate Actuarial, touching on some of the mathematics and statistics used.
