Descriptive and Inferential Statistics of Distracted Driving in Saskatchewan

MSc Student supervised by Dr. Andrei Volodin

Date: Monday, July 13, 2020

Time: 10:00am - 11:00am

Location: Zoom

Abstract: Distracted Driving is one of the major causes of road accidents in most jurisdictions in Canada. Saskatchewan Government Insurance (SGI) has put some measures in place to tackle distracted driving in the province. In this lecture I will discuss the past trends of distracted driving and predict the future and expected trends using some statistical tools.
