

GRADUATE SEMINAR

Michael Opatotun

Simplicial Enrichment

MSc Student supervised by Martin Frankland

October 22, 2020

3 pm

University of Regina

Zoom Meeting ID: 930 8730 3609

Abstract:

Given a category enriched in chain complexes, we can get a simplicially enriched category by a change of enrichment.

In the talk, I will present this construction along with the background material on enriched categories.
