Our Mission Statement

"The social work program of education, research and community service is designed to prepare students for **critical generalist social work practice with diverse peoples**. Informed by the principles of **indigenization, sustainability and social justice**, the social work program encourages students to identify the **needs of the disadvantaged, marginalized and oppressed**. It supports students in developing the commitment, knowledge, values, attitudes, and skills required to **confront structural inequalities**, and to **empower individuals, families, and communities** to realize their full potential."

About our Social Work Programs

Generalist Nature:

- Oriented particularly to Saskatchewan context;
- Focused on strengths, utilizes a range of approaches including assessment, intervention & connection to resources;
- Students do not ‘specialize’ in particular areas, instead learn a broad range of skills and knowledge.

Professional Program:

- Competitive entry process; must be offered a spot in the BSW
- Students must adhere to a code of ethics;
- Students are subject to Professional Suitability requirements;
- Graduates can apply for professional designation “RSW”.

Professional Suitability

Students in the Faculty of Social Work are expected to conduct themselves in a professional and ethical manner in accordance to the standards set by Canadian Association of Social Workers (CASW) Code of Ethics and Guidelines for Ethical Practice (CASW, 2005.)

Within these standards, respectful interactions and integrity in one's actions is demanded. Students of the Faculty of Social Work should uphold these values through **respectful communication** (e.g. with their peers, staff and faculty). Students should also be mindful about integrity in their actions and interactions outside of the University community.

As a Pre-SW student, you are embarking on an exciting start to your social work career. These professional and ethical expectations will help you on your path to becoming a social worker. More importantly, **this is your opportunity to present your best professional self** and demonstrate your suitability to the Bachelor of Social Work Program!

As a social distancing effort in response to COVID-19, academic advising appointments will be available by phone or online only. We will not be offering in-person advising until further notice.

Advising services are still listed under 'Regina' and 'Saskatoon' in the booking system, but within the individual booking, students will be asked to identify their appointment format: phone or online.

Note, for new Pre-SW student group advising as part of the UR Beginning events, please register on the [UR Beginning](#) page. You may also wish to view our [events calendar](#), for upcoming advising & practicum related events.
