Participants needed for research on:

Personal Experiences of Environmental Change

Are you 30 years of age or older, living in Alberta, Saskatchewan, or Manitoba?

Participants are invited to share their personal experiences, perspectives, and reflections of environmental change in their everyday lives. All perspectives welcome.

As a participant in this study, you will be asked to: Complete a pre-interview computer-based demographics survey as well as one individual interview approximately 60-90 minutes in length [in-person, by telephone, or via Zoom].

*There are inherent security issues when using email as a communication tool. By default, emails are not encrypted and are vulnerable to interception by outside sources, or someone may see that you are involved in this research if you leave your browser open. We will use the phrase "Environmental Experiences" in the subject line of all correspondence so you will know the email is from us. We recommend you send any emails to us using the same phrase.
