

Use this form to request permission to add a course. You are encouraged to request permission in advance of your registration day and time OR at any time during your period of registration. Permission, if granted, can be viewed in UR Self-Service. Permission is given by Term. You will need one form for each term of registration.

Courses may require more than one override. This form must be processed by your Faculty of College office. Failure to add/drop classes prior to the deadlines may result in financial and academic penalties (such as grades of W or NP). Failure to comply with degree program and University regulations may result in the academic penalty of NOT receiving a credit for a course or NOT being able to make progress towards the completion of a degree program.

## Instructions

Restrictions pertaining to classes and a student's ability to register may require permission and the processing of a registration permit override. It is a student's responsibility to consult the appropriate academic regulation, class, program, or degree section of the Academic Calendar to determine if permission is needed and how to obtain that permission. Permission is not automatic and will be given only when the regulations are met.
