

1) If you do not remember your password or are unable to sign in after you have registered, click on the text icon [Can't sign in?](#) located below the [Sign in](#) button on the sign page.

The screenshot shows a sign-in form with the following elements: a title "Sign in", an "Email" input field with a red error message "Please enter an email address", a "Password" input field with an eye icon, a dark blue "Sign in" button, and a blue link "Can't sign in?" below the button. A yellow arrow points from the "Can't sign in?" link to the left.

2) Enter your email address. Click Submit.

This will send you **either** an activation email or an email to reset your password, depending on which is required for you to access your account.

The screenshot shows a "Can't log in?" page with the following elements: a title "Can't log in?", a paragraph "Please enter your email below and follow the instructions in the email you receive", an "Email" input field with an envelope icon, a reCAPTCHA "I'm not a robot" checkbox, a "SUBMIT" button, and a blue link "Having trouble using Google reCAPTCHA? Click here for an alternative." A yellow arrow points from the "Can't log in?" text to the left, and another yellow arrow points from the "SUBMIT" button to the right.
