University of Regina Co-operative Education programs meet the accreditation standards for commitment and quality set by Co-operative Education and Work Integrated Learning.

Admission to Co-operative Education

Application forms are available in Advising and Career Education, RC 163 and online. Students must meet the entrance requirements for acceptance into the relevant Co-op program and apply before they have exceeded the maximum credit hours shown in the Co-operative Education Program Entrance Requirements chart.

Application Deadlines for Co-operative Education Program

The deadline for application is in the first week of classes each term prior to commencing a work term. Please visit Advising and Career Education in RC 163 for details.

Sequencing of Work and Academic Terms

Work terms last for a minimum of four to a maximum of eight months. Scheduling patterns vary by faculty but commonly alternate work and academic terms. Students must be registered as a fulltime student the term prior to going on a work term:

- Business Administration Students need to be in a minimum of 12 credit hours in their academic terms (only nine credit hours are required in the Spring/Summer term)
- All other faculties need to be registered in a minimum of nine credit hours

Fees

Co-op students are required to pay a fee for each work term (refer to the Tuition and Fees section of this Calendar). The Co-op fee, which is not a job-finding fee, allows students to maintain their full-time status while on work terms. The Co-op fee is payable once Co-op employment is obtained. There is an additional fee for work terms in Chemistry because academic credit is obtained.

Work Placements

Private and public sector employers from across Canada and internationally participate in the program. With approximately 40% of the placements outside of Regina, students should be mobile if they wish to fully participate in a Co-op program. Admission to a Co-operative Education program does not guarantee the availability of a work term placement. Many students find career-related work through Advising and Career Education, but students are also encouraged to conduct their own job search.

Registration for Work Terms

As soon as students obtain a work placement, they register for work terms through their faculty (with the exception of Engineering and Arts students who are automatically registered by their faculty). Students must register on-line for Co-op work terms. Once registered for a work term, students are not permitted to drop except for compassionate or medical reasons.
Grading of Work Terms
Students must complete a work term report for every work term. The student’s employer also submits a work term performance evaluation. On the basis of those two evaluations, work terms are graded pass/fail.

Regulations
Policies, procedures and deadlines for Co-operative Education programs must be adhered to. Details are contained in the Co-op Student Handbook at: www.uregina.ca/careercentre/coop/current-students/handbook.html

Withdrawal and Termination
Once registered, students may withdraw from a Co-op work term only for reasons beyond their control. Voluntary withdrawal at any point may result in a failing grade. For engineering students, see the Faculty of Engineering Co-operative Education Programs section.

Students may be terminated from a Co-op program in a variety of circumstances, including failing a work term, allowing PGPA to fall below the minimum required, or committing acts of Non-Academic Misconduct (see the Academic Regulations section in this Calendar and the Student Code of Conduct and Right to Appeal section).

Transcript Record
Students who successfully complete the number of work terms required by their faculty will graduate with a Co-operative Education designation that is noted on their official transcript and parchment.

Actuarial Science Internship
For students between years three and four (72–108 credit hours) of the Actuarial Science undergraduate degree program.

Students participate in an assisted job search process to secure a paid internship placement of 12 to 16 months in duration, with each four-month period of employment worth one credit hour (three or four credit hours in total). See the Admission to Co-op chart above.

Engineering Internship
Engineering Internship is a single 12- or 16-month placement immediately preceding the two final academic terms of an Engineering Systems program.

Students who successfully complete the requirements of the program will receive "Internship" designation on their transcript and parchment (diploma). Students who participate in Co-operative Education will not be eligible for internship.

For more details, please refer to the Faculty of Engineering and Applied Science Co-operative Education Internship Program.
Co-operative Education Program Entrance Requirements

During the placement cycle, the Co-op Office uses a computerized Match process to place students with employers. The process lets employers select candidates for interviews from all students eligible for Co-op employment. After the Match process, a Direct Offer system is used. Employers submit job descriptions, which are posted continually. Interested students apply, and the Co-op Office sends resumes to employers and sets up the interview.

Study Abroad and Mobility

There are five major exchange programs under which students can study abroad. The U of R has access to a network of more than 450 Universities and Colleges in over 80 countries worldwide. Students can choose to stay for one term, a summer program, or up to a full academic year. Depending on the program, tuition is paid at the U of R or at the host institution. Courses studied abroad are transferred to the U of R as credit toward a student’s overall degree program, as per faculty discretion and approval. Students must consult with their faculty advisor about course selection in order to choose the courses acceptable for their program abroad. It is at the discretion of the student’s faculty as to whether the host institution courses are transferred for credit toward their degree. Eligibility requirements include:

- Completed 30 credit hours;
- 70% cumulative average;
- A student with a 67-69.99% average may still be eligible to go on exchange; however, the student will need a letter of approval from the Dean of their faculty, which is provided at faculty discretion;
- Can prove financial responsibility and stability;
- Must return to complete their degree at the U of R;
- Must be in good academic standing at the time of applying and departure; and
- Pay a $250 CAD application fee (non-refundable) for SEP, CONAHEC, NSE, and North2North programs; Pay a $475 USD combined application and placement fee (non-refundable), for the ISEP program.

There are a variety of mobility scholarships including the Global Education Scholarship ($1000.00CAD) to assist students planning to study abroad. Students are also eligible to apply for any scholarships they would regularly apply for (on- or off-campus), and may utilize RESPs, Indigenous Band Funding, Saskatchewan (or other provincial) Student Loans, etc. to finance their exchange program (funding conditions may apply).

Faculty Led International Study Tours

International Study Tours give students an opportunity to study and travel abroad without being away from home for an extended period of time. Study Tours are led by professors from the U of R who have a particular interest in an international field. UR International assists Study Tours participants with visa information, application for the Global Education Scholarship, and pre-departure information sessions.

International Internship, Practicum, or Fieldwork

Global internships give students the professional and personal skills for success in their future endeavors, anywhere in the world! Students will gain global experience during their program of study at the U of R. Students should meet with the internship, practicum, or fieldwork placement coordinator within their faculty prior to meeting with UR International staff to discuss their possibilities. Transfer credits for an international internship, practicum, or fieldwork placement is at the discretion of the student’s faculty. It is the student’s responsibility to discuss the course credit with their respective placement coordinator within their faculty.

It is the student’s responsibility to ensure they have procured the correct immigration documents prior to their departure for their placement abroad. The University of Regina is not responsible, and will not be liable, for any decision to grant or deny entry at the border or port of entry of the host country.

**Campus For All: Inclusive Post-Secondary Education**

Campus For All is a four-year Inclusive Post-Secondary Education (IPSE) experience for adults experiencing intellectual disability who are committed to life-long inclusion. Students supported by Campus For All are non-degree seeking. Students audit one class per term, complete modified assignments and class work, establish social connections, and gain valuable employment experience.

More information about Campus For All, the application process, and eligibility criteria is available online at: www.uregina.ca/student/accessibility/campus-for-all.

**Housing**

Living on campus is a great way to become immersed in campus life. All University of Regina Housing options are located on campus and walking distance to class. Students that live on campus may be eligible for Housing Awards, employment opportunities and customized programming and events. Currently, there are six housing buildings at the University of Regina containing more than 1,800 beds available to accommodate students wanting to live on-campus. Students can choose from a variety of living arrangements, ranging from dorm-style rooms, apartments and a variety of one to seven-bedroom apartment suites. Each building offers a variety of amenities and private washrooms (no group washrooms).

Students choosing to live on-campus will also have the opportunity to apply for a Living-Learning Community (LLC) or choose Special Interest accommodations (Grad and Mature Housing, Colourful Campus House, Quiet Housing, etc.). LLC’s and Special Interest Accommodations are designated spaces for shared interests, values or academic programs.
