ulty offices.

Non-Numeric Grades
Grades for which there is no numeric value. See the Academic Regula-

Not Passed (NP)
NP is a failing grade that may be assigned in three cases:
1. When a student does not successfully complete an element of a

the final examination, a laboratory component, or a term paper
are examples of elements that could be so identified.
2. When a student has abandoned a course without formally with-
drawing.
3. When a course is dropped after the last day to receive a W. For the purposes of the calculation of a GPA, the NP is interpreted as a grade of 40 for undergraduate students and 55 for graduate students to reflect the difference in the passing grade. When a letter grade is not assigned, the actual numerical grade earned should be entered. 40 should not be substituted for the actual earned grade.

Not Reported (NR)
An interim grade used when a student’s completion of a course is delayed for reasons intrinsic to the course (e.g. unavailability of a lab, delay in obtaining ethics approval of a project, difficulty in setting up an examining committee), or when an investigation or appeal of academic misconduct in the course is in progress.
