**Disclosure to Statistics Canada**

Statistics Canada is the national statistical agency. As such, Statistics Canada carries out hundreds of surveys each year on a wide range of matters, including education.

It is essential to be able to follow students across time and institutions to understand, for example, the factors affecting enrolment demand...
at post-secondary institutions. The increased emphasis on accountability for public investment means that it is also important to understand 'outcomes'. In order to conduct such studies, Statistics Canada asks all colleges and universities to provide data on students and graduates. Institutions collect and provide to Statistics Canada student identification information (student's name, student ID number, Social Insurance Number), student contact information (address and telephone number), student demographic characteristics, and enrolment information.

The federal Statistics Act provides the legal authority for Statistics Canada to obtain access to personal information held by educational institutions. The information may be used for statistical purposes only, and the confidentiality provisions of the Statistics Act prevent the information from being released in any way that would identify a student.

Students may contact Statistics Canada via e-mail if they have any questions: statcan.PSIS-SIEP.statcan@canada.ca.

Supporting Documents

Applicants to an undergraduate faculty will be required to submit supporting documentation for their application depending on educational background attained, and the approved faculty-specific admission requirements.

Official Transcripts

Official transcripts at either the secondary or post-secondary level may be requested. A secondary transcript is considered official when the original, official document issued by the Ministry of Education (or government authority that oversees Education) has been submitted to the Enrolment Services office. A post-secondary transcript is considered official when it is received at the University of Regina directly from the issuing institution or is submitted in a sealed institution-issued envelope which bears the official university stamp across the seal. Transcripts in languages other than English or French must include a certified English translation. Official transcripts should be submitted to the appropriate undergraduate Enrolment Services office.

Ownership of Documents

All documents that are supplied in support of applications for admission, re-admission, or transfer become the property of the University of Regina.

Applicants with non-Canadian credentials who are issued a single irrereplaceable copy may supply a copy of the original document at the time of application and then present the original, official document for verification at the appropriate undergraduate Enrolment Services office upon arrival.

Unavailable Documents

Applicants who are unable to obtain all or some of their academic documents for reasons beyond their control may apply for special consideration from the appropriate undergraduate Enrolment Services office by submitting a letter outlining their qualifications, what steps they have taken to obtain their official documents, and the reason why missing documents cannot be submitted.

Copies of Documents

Requests for copies of documents that are part of the official student record will be provided in accordance with The Local Authority Freedom of Information and Protection of Privacy Act, Part II. Requests are to be made in writing to the Registrar’s Office and must be accompanied by a $20 administrative fee. Students can expect that it may take up to 30 days for requests to be fulfilled.

Copies of documents will only be provided to the student for pick up or via regular mail. Copies will not be mailed or forwarded to a third party. Documents pertaining to a student’s achievement at another institution, which may have been received by the University, will not be notarized or certified.

General Educational Development (GED)

The University of Regina does not accept the GED for admission to any faculty.

Early Conditional Admission for Current High School Students

High school students who expect to graduate in June can apply during their Grade 12 year until June 15 for early conditional admission to the next fall term, by submitting the following to the appropriate undergraduate Enrolment Services office:

1. The appropriate application form(s).
2. The application fee.
3. An official transcript or a school-certified transcript (with school seal or signature of guidance counselor) of results to date.
4. A schedule or list of the courses they are taking in Grade 12 (these may be listed on the application form).

The same procedure may be followed by students who are applying for Winter term (semester) admission and who will graduate from high school following an accelerated Fall term (semester) that finishes in December. Students who will complete their final Grade 12 semester in January should apply for regular admission for the spring/summer term (semester) or the following fall term.

Applicants who are refused early conditional admission will be reconsidered for regular admission if they supply an official transcript, by August 15, which shows their final high school grades and graduation.
Basis of Evaluation for Early Conditional Admission

To be considered for early conditional admission, applicants must be registered in the Grade 12 courses required by the faculty to which they are applying. The minimum early conditional admission average will be calculated as follows (using the Saskatchewan curriculum-other curricula may be considered if deemed to be equivalent):

Early Conditional Admission to the Faculty of Education (For current High School Students)

Applicants to degree programs in the Faculty of Education are required to complete the online Teacher Education Profile or Baccalauréat en education Application in place of the general Application for Undergraduate Admission.

Adult 12 Early Conditional Admission

Adult 12 students are eligible for early conditional admission if:

1. they have attained Adult 12 standing prior to the start of term;
2. they have final grades in a minimum of half the required final admissions subjects to the faculty; and
3. the average of all final grades (in admission subjects only) available at the time of admission meets the admission average of the faculty.

Transcripts for Final Admission

Early conditional applicants must arrange for one official transcript of their final high school grades to be sent to the appropriate undergraduate Enrolment Services office by August 1. Photocopies and faxes of transcripts are not accepted as official documents for review of the final admission requirements. Saskatchewan students are encouraged to have grades submitted electronically by the Saskatchewan Ministry of Education.

An exception to the deadline for receipt of transcripts will be made for applicants applying for fall admission who are writing departmental examinations in August or completing summer school, and for applicants to the winter term (semester) who will complete their final high school semester in December. It is the applicant’s responsibility to contact the appropriate undergraduate Enrolment Services office with this information before the transcript deadline and to arrange for the final official transcript to be sent as soon as results are available.

Any applicant who does not provide an official transcript by the deadline will have their conditional admission revoked and registration in courses cancelled.

Final Admission Decisions

Once the official transcript showing graduation is received, students are re-evaluated for final admission based on the faculty-specific requirements (see the section “Undergraduate Programs Admission Requirements from Canadian Schools” or “Admission from a Non-Canadian High School”) and are notified in writing of the final decision.

Gap Year Program

The Gap Year Program is offered to current, direct-entry high school students (excluding Nursing; Education requires special permission) applying to the fall intake. It allows these students, once accepted, to defer their admission and any University of Regina funded automatic entrance scholarships (excluding the Circle of Scholars Scholarship) for one year.

Additional Information about Competitive Programs

Averages needed for admission to faculties and programs with limited enrolment may be higher than the minimums stated. Enrolment in any faculty or program may be limited at any time without notice to the number of students who can be accommodated. Quotas are set annually for admission to the following listed programs.

Faculty of Education

Applicants to the Education programs must complete the Teacher Education Application. Applicants to the Baccalauréat en éducation programs must complete the application for Baccalauréat en éducation.

The School advises all applicants, in writing, of the outcome of their application.

Saskatchewan Collaborative Bachelor of Science in Nursing (SCBScN)

The SCBScN is offered jointly with Saskatchewan Polytechnic and has a first-year enrolment limit of 345 students divided among admission categories including high school, post-secondary, upper year, bilingual, and after degree. Admission is a competitive process based on academic proficiency. There is one intake each year for the fall term, and a winter intake will occur for returning students only; however, the Dean may permit admissions during other terms to manage enrolments. Students are able to qualify for admission consideration based on either high school or post-secondary criteria. Meeting the minimum requirement does not guarantee admission. Applicants to the four-year program apply directly to Saskatchewan Polytechnic. Applicants to the after degree and upper year categories apply directly to the University of Regina. Information and applications can be found at: www.sasknursingdegree.ca.

In addition, applicants must meet the French language proficiency requirements as identified by La Cité universitaire francophone: http://lacite.uregina.ca/en/evaluations-linguistiques/tef. ## Admission from Non-Canadian High Schools

Applicants who have graduated from a non-Canadian high school are required to have achieved secondary level standing and must meet the admission average, and any other requirements of their chosen faculty. Faculty-specific averages listed below are the Canadian minimum averages required. Applicants to conjoint programs must meet the requirements of both faculties.

Applicants from curriculums with alternate grading scales will be converted accordingly. Admission is typically based on up to 6 secondary courses at the grade 12 level, will vary by credential, and must include the specific courses required by their chosen faculty as follows:

**Superscript Key**

¹ Applicants from educational systems in which the language of instruction is not English may present a final year secondary (Grade 12 equivalent) literature course in the language of instruction in lieu of the required English literature courses, in combination with ESL 050 or test results demonstrating English language proficiency.
Admission from Universities and Colleges Including Transfers from Other University of Regina Faculties

Applicants who have attended another recognized university or college must disclose this information to the university on their application form and provide an official transcript. To be considered for admission on the basis of post-secondary studies, applicants must have completed the minimum credit hours in an academic based program required by the faculty from a recognized post-secondary institution. The admission grade point average (AGPA) will be calculated using all academic courses attempted as identified in the below. Re-admission or faculty transfers for previous or current University of Regina students will be assessed on either the AGPA or the UGPA (the weighted average of all combined U of R undergraduate courses) as identified in the section below.

Students who have completed less than the required number of credits at the post-secondary level will be admitted based on high school admission criteria and must provide an official high school transcript, unless they are over 21 years of age and qualify for Mature Admission.

Applicants in unsatisfactory standing at their last institution may have to petition for admission.

Application Procedures for Re-admission and Faculty/College Transfers

Students applying for re-admission or those applying to a new faculty or college must submit a completed Application for Re-admission/Faculty Transfer to the appropriate Enrolment Services office by the posted deadline along with required documents. There is no application fee for re-admission or faculty/college transfer. Students who have attended another recognized post-secondary institution since they were last at the University of Regina must have one official transcript sent directly to the appropriate Enrolment Services office from the institution(s) they attended.

Applicants who are currently enrolled in high school or as home-based learners (minimum age 16) may be admitted to the University to take a maximum of two courses per term (semester). Applicants must submit a completed Application for Admission and Registration for Accelerated Students with the application fee to Student and Instructor Services (Credit), Centre for Continuing Education. Students who wish to receive special project credit on their high school transcript for successful completion of a University of Regina credit course must complete a special project application form available from their high school. All applicants must meet English Language Proficiency requirements via one of the following:
- Successful completion of Grades 9 and 10 English, or Grades 10 and 11 English, taken in sequence, as part of two full academic years in a high school using a provincially- or state-accredited Canadian or U.S. curriculum, or equivalent international qualification.
• A grade of 80% or better in a Grade 12 provincially-examined English course, as part of one full term of study, or equivalent international qualification.
• An approved test of proficiency in English.

Audit Only Students

Applicants who want only to audit courses (that is, to listen to lectures without receiving degree credit) do not have to be formally admitted to the University but must be formally registered for courses they are attending. Students who are on university-level forced withdrawal (MW) are not permitted to audit courses.

Casual Students

The Casual Student Program is designed to allow members of the general public to take courses for general interest. The following restrictions apply to this program:

• Applicants must be aged at least 18 (if under 18, they must have already graduated from high school).
• Students who are currently ineligible to register due to a Faculty requirement to discontinue (RTD) or University-level forced withdrawal (MW) at the University of Regina, or another post-secondary institution are not eligible to participate.
• Students can register in open registration.
• The maximum registration for any term is 6 credit hours.
• The maximum length of time students are allowed to stay in either the Casual Student Program and/or the General Studies Program before applying to transfer to a Faculty is 24 credit hours.

Regular evaluation of academic performance applies to Casual Students. Academic performance is evaluated following each term. If Casual Students already have full or part of a U of R degree and come in with more than 24 credit hours, those credit hours count towards evaluation of academic performance and application of academic policies.

Casual students apply and are registered through Student and Instructor Services (Credit), Centre for Continuing Education, using an Application for Undergraduate Admission and Registration. Casual students who have not previously attended the University of Regina are required to pay the application fee. Students must meet University of Regina English Language Proficiency requirements prior to admission. High school and post-secondary transcripts are not required unless a desired course has prerequisites. These transcripts can be unoffical and are accepted directly from the applicant.

Academic advising is not required but is available from the Career and Professional Development Division on request. Contact Student and Instructor Services (Credit) at 306-585-5807 to book an appointment. Casual students who may wish to transfer into a faculty at some time in the future are strongly encouraged to seek preliminary advising from the faculty. Casual Students may apply to transfer to a faculty or another program at any time and must meet the admission/transfer regulations then in effect, including provision of official transcripts. The form to be completed is the Application for Undergraduate Program Admission. The new faculty will evaluate all courses completed in the Casual Student Program and determine their applicability to the new program. Applicants who have completed courses through the University of Regina’s Centre for Continuing Education or Casual Student Program must achieve a UGPA of at least 60% on all University of Regina courses taken. Those who do not meet this criterion may submit a petition to the appropriate Enrolment Services office for review by the faculty. The decision of the faculty with respect to admission and conditions for continuation is final.

General Studies Students

General Studies is designed for students who are not currently admissible to a Faculty at the University of Regina, including students who are unable to provide admission documents by stated deadlines, those who apply after the published deadlines, or who do not currently meet stated Faculty admission requirements (including early conditional students who do not meet final admission requirements). This program is intended for first-time University of Regina students. Students must meet the University of Regina English Language Proficiency requirements prior to admission.

The University of Regina Enrolment Services will refer potential general studies students to the Student and Instructor Services (Credit), Centre for Continuing Education after reviewing their admission applications and determining eligibility for General Studies.

General studies students are guided by the following criteria:

• Students are admitted to General Studies for two terms only, during which they must work to provide admission documents and/or meet stated Faculty admission requirements.
• Students who are ineligible to register due to a Faculty requirement to discontinue (RTD) or University-level forced withdrawal (MW) at the University of Regina or another post-secondary institution are not eligible to participate.
• Deadline for admission to General Studies is the first day of classes.
• Mandatory advising is required before registering for courses.
• Students are permitted to register in a maximum of 12 credit hours and four courses (which may include AMTH courses, ACAD 100 or 0 credit hours) per term. Early conditional students who do not meet final admission requirements but who are already registered in courses will have their courses adjusted.
• The maximum length of time students are allowed to stay in either the Casual Student Program and/or the General Studies Program before applying to transfer to a Faculty is 24 credit hours.
• General studies students will register during open registration.
• All regular academic performance regulations apply.
• Transfer credit will be reviewed if necessary.
• As this program is designed for first-time University of Regina students, General studies students are not eligible for the Fresh Start program.
Visiting Students

The Visiting Student Program allows domestic or international students of another accredited institution to take courses at the University of Regina towards their program at the home institution.

Visiting students who are Permanent Residents and Canadian citizens are admitted and registered by the Registrar’s Office. Applicants must submit a completed Application for Admission and Registration for Visiting Students, with the application fee, and a letter of permission from their home institution that lists the courses that they have permission to take. The letter of permission will be accepted either directly from the home institution or from the applicant. Information regarding the admission and registration process can be found at: www.uregina.ca/admissions/apply

Visiting students who are non-residents of Canada are admitted and registered by the UR International Study Abroad and Global Mobility Office. Applicants must submit a completed Application for Admission and Registration for Visiting Students form, with the application fee, and a letter of permission from their home institution that lists the courses that they have permission to take. The letter of permission will be accepted either directly from the home institution or from the applicant. Information regarding the admission and registration process can be found at: https://www.uregina.ca/international/study-abroad/visiting-students1/index.html.

Visiting Undergraduate Research Program

This program allows the university to welcome and host undergraduate students who are not registered in courses. Students with this status will have access to the basic student services such as the University’s library and recreational facilities. Students participating in this program must ensure that they have purchased appropriate International Health insurance coverage for the duration of their stay at the University of Regina. Students under this program will pay all appropriate admission fees. Information regarding the admission process and all eligibility criteria can be found at: https://www.uregina.ca/international/study-abroad/Visiting%20Research%20Student/How%20to%20Apply.html.

Common Visiting Students

The Common Visiting Students (CVS) Program allow students living in rural communities within Saskatchewan who are admitted, attending, and in good standing at the University of Regina, Saskatchewan Polytechnic, or the University of Saskatchewan, to take courses for transfer credit towards their program at their home institution. Students must first be admitted to the CVS program through their home institution.

Exchange Students

Exchange programs are based on formal agreements between the University of Regina and another university or college (the home institution) for a defined period of study of one or two terms.

The application for inbound exchange students and associated written procedures are available at the student’s home institution. Applicants are admitted to the University of Regina faculty which offers the courses in which they are interested. Applicants must submit their list of desired courses to the Study Abroad and Global Mobility Office. Applicants should note that admission to courses in some subjects is restricted to University of Regina degree program students and should be prepared to make alternative selections.

Extension of an exchange visit from one to two terms is possible only if the agreement allows for a two-term exchange and the home and host institution approves the extension.

Special (Post-Graduate) Students

Individuals that have graduated from the University of Regina, or from another approved post-secondary institution in a discipline offered by the University of Regina, may apply for special admission (Post-Graduate). Students in the Special (Post-Graduate) category can take courses for personal interest or continuing professional development. Applicants are admitted to the faculty offering the discipline in which they graduated. The terms of their registration are determined by the faculty.

Applicants who have not previously attended the University of Regina must arrange for an official transcript to be sent to the appropriate Enrolment Services office from the post-secondary institution from which they graduated. No other transcripts are required. Proof of proficiency in English is required of applicants who graduated from a university where the language of instruction was not English.

Non-Degree Professional Students

An applicant who requires Business Administration courses for completion of a professional designation (CPA, CIM, etc.) may apply for admission to the Faculty of Business Administration as a Non-Degree Professional student. A one-time letter of permission from the professional organization is required. Applicants must also demonstrate proof of English language proficiency.

Students in the Non-Degree Professional category cannot obtain a University of Regina certificate, diploma, or degree, or complete pre-Business requirements.

Transfers from Non-Degree Status

Former degree program students of the University of Regina who have since pursued a non-degree program, follow standard transfer procedures to return to a degree program. Students who are first admitted with non-degree status and who later wish to transfer to an undergraduate program, follow the procedures for first-time applicants, but do not pay the undergraduate application fee, if paid previously.

Adding a Second Program

Students interested in completing the academic requirements of two different programs at the same time, must discuss this option with an academic advisor in their current (Primary) program. Referring to the table below, adding an “Internal Secondary” program indicates both programs are within the same faculty and do not require a formal application. Adding an “External Secondary” program indicates both programs are not in the same faculty and will require a formal application using an Application for Undergraduate Concurrent Curricula Program form. Admission to a Secondary program is dependent on approval of
both the student’s Primary and the potential Secondary program. Faculties that allow Secondary programs may have restrictions on the programs available. For additional information refer to the section on Awarding of Additional and Concurrent Degrees, Diplomas, and Certificates.

Applicants in Unsatisfactory Standing Petition Requirements

The provisions in this section are for students who have been required to discontinue studies at the University of Regina or another recognized post-secondary institution for unsatisfactory academic standing or misconduct. Even when students have been required to discontinue for a set period of time, admission is not automatic. Students may only be admitted to the University if accepted by a faculty or college. When a student has been admitted, and the University later receives a transcript showing an undeclared involuntary withdrawal from a previous institution, the student’s admission will be revoked, and registration will be cancelled.

Petitioning to Return after Being Required to Discontinue (RTD) or Forced to Withdraw (MW) on Academic Grounds

Application Procedures for Students

Applicants follow normal application procedures for admission, re-admission, or faculty/college transfer, but must submit a petition letter, by the petition deadline (or faculty document deadline; whichever is earlier), to the appropriate Enrolment Services office. The petition letter should show cause as to why the student should be admitted or re-admitted and should include academic goals and information on what the student has been doing while away from the University of Regina or other post-secondary institution.

The letter, with other required documents, is forwarded by Enrolment Services to the requested faculty or college, which decides whether or not the applicant is to be admitted or re-admitted and any conditions for registration or continuance. The decision of the faculty or college is final. The faculty or college communicates its decision directly to the applicant. Applicants who are refused by one faculty or college may petition another for the next available term.

Once students have successfully petitioned a faculty or college, they must complete 9 credit hours in that faculty or college with a minimum grade of 60% in each course before transferring to another faculty or college or they will have to petition to transfer. Students wishing to return to a faculty or college from which they have been required to discontinue must petition that original faculty or college in order to be re-admitted or transferred even if the student has successfully completed academic work in another faculty or college since being required to discontinue.

Students who have been discontinued by other post-secondary institutions on academic grounds do not have to petition for admission if they have subsequently been admitted to an approved post-secondary institution and established satisfactory standing by successfully completing a minimum of 9 credit hours, provided that they meet the admission standards of the faculty to which they are applying.

Petitioning to Return after Being Required to Discontinue on Disciplinary Grounds

Application Procedures for Students

Students who have been expelled for misconduct from the University of Regina may submit an application for re-admission and letter of petition to the University Secretary, Room 509 Administration-Humanities, 306-585-4956, for consideration by the Council Discipline Committee. If their petition is approved by the Committee, students must still meet the academic requirements for admission, re-admission, or transfer to their chosen faculty.

Students who have been suspended for misconduct and who have sat out their allotted time are not required to petition. They must reapply and follow normal deadlines and procedures for admission, re-admission, or faculty/college transfer.

At the discretion of the Director of Enrolment Services, an applicant who has been dismissed for disciplinary reasons from another post-secondary institution may be required to petition to the Council Discipline Committee and receive permission to apply for admission before being considered on academic grounds. If the applicant is admitted, the previous dismissal may be considered in any future proceedings for misconduct.

Application Deadlines for Petitioning Students

Applicants must meet the following deadlines, or the program-specific deadlines listed in the General Deadlines for Applications to Undergraduate Programs section, whichever are earlier:

<table>
<thead>
<tr>

<th>Application Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall</td>
<td>July 1</td>
</tr>
<tr>
<td>Winter</td>

<tr>

</tr>
</tbody>
</table>
Note: General extensions of deadlines do not apply to applicants in this category; however, the Dean of the Faculty or Registrar of the Federated College may specifically extend the petitioning deadline. Returning Nursing applicants who were required to discontinue from the University of Regina Faculty Of Nursing may petition for re-admission in the fall, winter or spring/summer terms according to the regular petition deadlines. New Nursing applicants who were required to discontinue from another institution may petition for admission for the fall term according to the regular Nursing admission deadline.

University of Regina Restrictions on Applications

Forced to Withdraw from the University (MW)

Applicants who have been forced to withdraw (MW) from the University of Regina will not be considered for admission, re-admission, or transfer to any faculty until the period of their discontinuance has expired.

Requirement to Discontinue from a Faculty (RTD)

Applicants who have been required to discontinue from a faculty may petition for faculty/college transfer to another faculty, observing the normal deadlines and process for petitions, or may sit out the period of their discontinuance and petition for re-admission to the original faculty.

Requirement to Discontinue from a Program

Students who have been required to discontinue from a program and who wish to change programs within the same faculty must consult their faculty on application procedures. Applicants for first-time admission and applicants for transfer to a new faculty must follow the petition procedures and may apply for the next available term.

Recognition of Prior Learning

Recognition of Credits between Programs of the University of Regina

All undergraduate credit courses offered by faculties at the University of Regina are accepted for credit by the remaining faculties, to the extent allowed by program requirements. A student who enters a new program or faculty may have courses that are extra to the degree program. Graduate courses may not be credited towards undergraduate programs.

Transfer of Credits from Other Post-Secondary Institutions

Transfer credit refers to the recognition of the successful completion of post-secondary credits taken at other recognized post-secondary institutions. Transfer credit may be awarded on the basis of the evaluation of a course (course by course), a series of courses (two or more courses equivalent to one course), or a block of courses (a group of courses equivalent to a specified number of credit hours).

The University of Regina will recognize course work completed at the undergraduate level for transfer credit for courses that are deemed to be at the university level from all eligible institutions. Transfer credit awards will only be applied to a student’s chosen program if they meet the minimum transfer grade point average (GPA) and grade requirements of the Faculty or Academic Unit and only to the maximum credit hours allowable under the published regulations for admission and/or degree completion. Students must complete the residency requirements of their chosen program.

Courses taken at the undergraduate level will not be recognized for graduate level transfer credit and courses taken at the graduate level will not be recognized for transfer credit at the undergraduate level.

More information on the regulations and processes associated with transfer credit at the University of Regina can be found at: www.uregina.ca/student/registrar/transfer-credit/.

Transfer of Credits from IB and AP Programs

Advanced Placement (AP) courses with a grade of 4 or better and higher-level International Baccalaureate (IB) courses with a grade of 5 or better may be granted transfer credit. A list of currently transferable courses can be found at www.uregina.ca/student/registrar/transfer-credit.

An official IB or AP transcript is required in addition to the provincial high school transcript and must be sent directly from the AP or IB main office to the appropriate Enrolment Services office.

Transfer of Credits for Courses Taken after Admission (Letter of Permission)

With the permission of their faculty/college, admitted and current students may take courses at another recognized institution for transfer to their program. To be eligible for a Letter of Permission students must:

• be in good academic standing with their faculty/college by meeting the minimum academic standards of their program and without having any current academic actions (probation, RTD, MW, etc.); and
• be in good financial standing with the University.

The University of Regina retains the right to refuse the award of transfer credit for students who take courses at another institution and do not obtain a Letter of Permission in advance of taking those courses.

Credit by Challenge

Challenge examinations allow a student to obtain credit by demonstrating mastery of the course material in a comprehensive examination. The following restrictions apply:

• students who have attended another university before the University of Regina may not apply for credit by challenge until the evaluation of transfer credits from their previous university program has been completed;
• except in special circumstances and with the permission of the Dean of their faculty, students may not apply for credit by challenge if they have completed more than 15 credit hours at the University of Regina;
• courses audited or taken for credit (whether passed or failed) at the University of Regina or any other university may not be challenged;
• no course may be challenged more than once;
• students may not challenge a prerequisite course after successfully completing the advanced course except by permission of the department head.

Each faculty and department may decide which courses may be challenged. No business administration, education, or activity-based courses are eligible for challenge. Each faculty and department also determine the method of conducting the challenge examination, which must be in a form that can be reassessed. Grading of a challenge examination is the same as that of the course challenged (that is, either numerical or pass/fail). A student may apply to have the grade assigned to a challenge examination reassessed.

Applications to challenge credit are made through the Registrar’s Office, using an Application for Credit by Challenge. The fee for the examination is the same as tuition and fees for the regular course.

Prior Learning Assessment and Recognition (PLAR)

PLAR is facilitated through the Centre for Continuing Education. Some faculties and academic units on campus have formal policies on Prior Learning Assessment and Recognition: Other forms of PLAR in limited use at the University of Regina include:
• Block (transfer) or direct credit, or advanced standing, for work experience in selected programs that require this type of experience;
• Evaluation based on portfolio.

Specific information on PLAR regulations can be found in the faculty, federated college, or academic unit section.
