

# COMMON TYPES OF PLAGIARISM

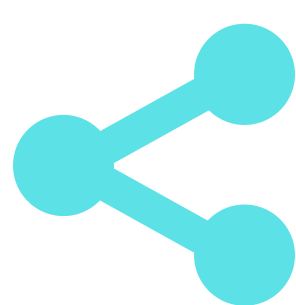

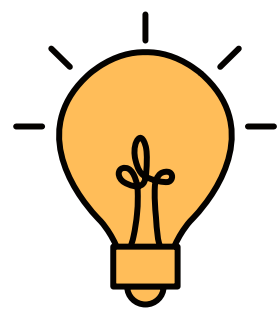

## **COPY & PASTE**

Copying sources word-for-word and pasting these together without citing your sources or putting the copied parts in quotation marks.

## **FIND AND REPLACE**

Changing a few words in a source to try to pass it off as your own work.

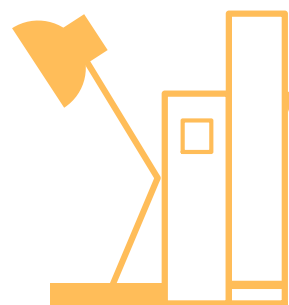

## **SHARING WORK**

Sharing your work with your friends or using the work your friends are doing as yours. This also includes buying work or paying someone to do your work for you.

## **IMPROPER CITATION**

Failing to include in-text citations or a proper reference list, not citing your sources, or not giving credit to the proper author of a source.

## **BUYING OR PAYING FOR WORK**

Buying work online or paying someone to do your work for you.

## **GHOST CITATIONS**

Citing a source that doesn't exist or making up something an author said.
