Head, Department of Geology  
Faculty of Science  
University of Regina

Re: 15-18 month AUR Follow-up with CCAM

Dear Dr. Velez,

Thank you for meeting with CCAM on March 4th to discuss the Department's progress on the implementation of the recommendations. We recognize the work to date as a result of the Academic Unit Review process and encourage the Department to continue on this course while maintaining your core subject area as well as exploring interdisciplinary collaboration. We also acknowledge your commitment to rebranding of the Department and thoughtful considerations of how to move the unit forward.

In three years, it is anticipated that the Department will submit a final update to CCAM demonstrating the achievements of the program as a result of the Academic Unit Review process.

Sincerely,

Christina Winter, Chair  
Council Committee on Academic Mission
